## Syllabus

Sr. No	Topic
1	<b>Introduction to MS Excel Interface:</b> Complete overview of working area, ribbon, tap button, quick access toolbar, formula bar, function bar, command bar, inserting chart, special elements, page settings, print layout, freezing and unfreezing options, conditional formatting.
2	<b>Use for Excel for Surveying and Data Management:</b> Introduction to Surveying principles, contour maps, interpolation of contour, levelling, profile levelling. Use of Excel for solving survey related problems.
3	<b>Use of Excel for Geotechnical Engineering problems:</b> Introduction to geotechnical engineering concepts, problem area like soil classification, design of raft foundation, design of pile cap and pile foundation, and stability analysis of slope. Use of Excel for making grain size distribution curve from given data for soil classification.
4	<b>Use of Excel for Concrete Mix Design:</b> Introduction to concrete mix design procedure as prescribed in IS 10262:2019, Factors on which Concrete Mix Design Depends, Types of concrete mixes etc. Use of Excel for designing the template of concrete mix with final output as exact qty. of raw materials required.
5	<b>Use of Excel for Building Estimation Work:</b> Introduction to various activities to be considered under building estimation work like approximate estimate, detailed estimate, rate analysis, valuation, quantity estimate for foundations etc. Use of Excel for quantity determination of pile footing layout for the problem statement provided.
6	<b>Use of Excel for Transportation Engineering:</b> Introduction to problems in transportation engineering like traffic survey data presentation, design of pavement, introduction to design procedure of flexible pavement as per IRC 37:2012. Use of Excel for design the template for flexible pavement design.

53 responses

The practical and knowledge displayed

It was interesting and got to know more about what Arduino exactly is

The workshop was too helpful and it gave us a lot of insight about LCD seven segment display

Great explanation, clearing doubts

Arduino

Led, 7 seg display, infrared sensor

Doubts were cleared properly

Precise explanation about working of Arduino

Any suggestions/opinions

53 responses

No

No.

Nothing

Would love to attend more workshop in future

Na

No suggestions as everything was conducted smoothly

NO

Very good teaching

Which of the following is not a valid data type in Arduino sketches?

53 responses

- int
- float
- double
- long long

### What is the use of the analogRead() function in Arduino?

 Copy

53 responses

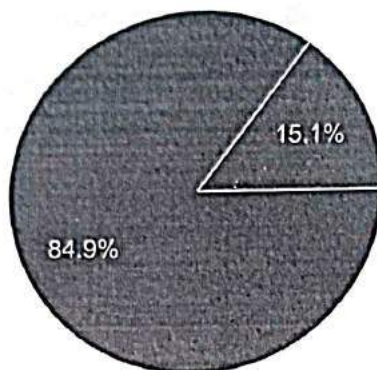

- To read the value of an analog pin
- To read the value of a digital pin
- To write a value to an analog pin
- None of the above

### What is the use of the delay() function in Arduino?

What is the use of the LDR sensor in Arduino?

53 responses

- To measure the temperature
- To measure the humidity
- To measure the light intensity
- To measure the distance

What is the full form of NTC?

53 responses

- Negative Temperature Coefficient
- Neutral Temperature Coefficient
- Normal Temperature Coefficient
- None of the above

Which of the following is not a type of Bluetooth module?

53 responses

- HC-05
- HC-06
- HC-07
- HC-08

### What is the use of the LiquidCrystal library in Arduino?

 Copy

53 responses

- To Interface with a 7-segment display
- To Interface with an LCD display
- To Interface with a temperature sensor
- None of the above
