

Vidyavardhini's College of Engineering & Technology

Founder President Late Padmashri H. G. Vartak

Approved by AICTE, DTE Maharashtra and Affiliated to University of Mumbai
NAAC accredited, 4 Programmes Accredited by NBA

Criteria Number: 1

Criteria Name: Curricular Aspects

Sub criteria Number: 1.4.1

Sub-criteria Name: Feedback Systems

1.4.1: Institution obtains feedback on the academic performance and ambience of the institution from various stakeholders, such as Students, Teachers, Employers, Alumni etc. and action taken report on the feedback is made available on institutional website.

This document contains action taken report on feedback analysis. The documentary evidence can be accessed by clicking on the link given.

Action taken report on feedback analysis.	Link

Sr. No.	Name of stakeholder	Comments/suggestions	Actions plan	Action Taken
1	Teacher	1. Need to Focus on current trends 2. Practical could be implement on elective courses like IP, IoT	1. Expert lecture will be conducted on recent technological advancements 2. Practical session/ workshop will be conducted on IP /IoT	1. Webinar on "Introduction to Computational Neuroscience" 2. Webinar on "Digital Forensics Challenges and Future"
2	Student	1. Needs to know about the functioning of industry. 2. Need information about current trends in industry.	1. Seminar by Alumni will be conducted. 2. Students will be encouraged for internship 3. Expert lecture by industry personel will be conducted. 4. Peer-learning groups/Student clubs related to different domains would be formed 5. Industrial visits	3. Two-day workshop on "Web Development" 4. Two-day workshop on "Parallel Programming using Open MP and CUDA" 5. Guest Lecture on "Blockchain: The Future"
3	Alumni	Conduct industry oriented courses	1. Student development program, intra-institute internship on current industry trends will be conducted	6. Seminar on "Software Development Management Tools"
4	Parents	Need guidance and preparation for higher studies	Guidance session on higher studies preparation(GATE, GRE, IELTS, TOEFL, etc.) and opportunities for abroad studies will be conducted	7. Seminar on "Cyber Security"
5	Employer	Allow students for longer duration internship	For a good profile internship, consideration will be given. Also same will be conveyed to BOS.	8. Seminar on "Career Guidance" 9. Seminar on "Business Intelligence Tools" 10. Seminar on

Action Taken Report (22-23)

Sr. No.	Name of stakeholder	Comments/suggestions	Action Plan	Action Taken
1	Teacher	Qualitative remarks by the stakeholders: 1. Increase value added courses and activity beyond syllabus.	1. Site Visit to Mumbai Coastal Road Project. 2. Site visit to Sewage Treatment Plant. 3. Site visit to Water Treatment Plant.	1. Started with ISSE Student chapter for skill and personality development. 2. Expert lecture on "Possible causes of Foundation Failures"
2	Student	Qualitative remarks by the stakeholders: 1. Include current practices, financial and accounting related subjects to students	4. Workshop on Hands-on Training for Total Station. 5. Expert Lecture on Foundation Design and Analysis. 6. Expert Session on Smart City Infrastructure.	3. Signed MoU with Waterfield Technologies Pvt. Ltd. for Research and Technical exchange. 4. Seminar on Rainwater Harvesting.
3	Alumni	Qualitative remarks by the stakeholders: 1. Increase the weightage of Industrial Visit, Site Visit and Internships as well as industry-oriented projects	7. Industrial visit to Dholera Smart City. 8. Workshop on Personality development and communication skills.	5. Seminar on Fire Safety. 6. Site Visit to IFAT Trade Fair. 7. Site Visit to World Concrete Exhibition.
4	Parents	Qualitative remarks by the stakeholders: 1. Emphasis on the importance of government exams and overall personality development.	9. Mentoring session to students. 10. Industrial support projects to students.	8. Site Visit to Underground Tunnel Mumbai Metro Line 7A. Proposed: 1. Workshop on Hands on Training on Total Station.
5	Employer	Findings from Quantitative Analysis: ● Employers are not satisfied with the syllabus effectiveness for developing financial and leadership skills. Qualitative remarks by the stakeholders: 1. Increase students internships and soft skill related activities		2. Workshop on Application of Bentley Software Bundles. 3. Expert Lecture on importance Accounts and Finance in Civil Engineering. 4. Site Visit to Sewage Treatment Plant. 5. Site Visit to CWPRS.

Action Taken Report (21-22)

Sr. No.	Name of stakeholder	Comments/suggestions	Action Plan	Action Taken
1	Teacher	Qualitative remarks by the stakeholders: 1. Increase MoU's and increase Industry institute interaction	1. Student Development Program on "Advancements in Structural Engineering. 2. Short-Term Training Program on "Application of E-TABs' in Civil Engineering".	1. Session on Global scenario of Civil Engineering Studies 2. Expert Lecture on Role of Civil Engineer in Project Management
2	Student	Qualitative remarks by the stakeholders: 1. Need of Workshops/ Seminars/ Hands-on training related to latest industry software's and standards.	3. One Day workshop on "Structural Audit and Testing". 4. Expert session on Design of Bridge Substructures and Superstructures.	3. Expert Lecture on Scope of Civil Engineering in Government Sector 4. Expert lecture on Plastic Waste Management 5. Engineering Geology Visit to Gargoti museum.
3	Alumni	Qualitative remarks by the stakeholders: 1. Industry oriented/ sponsored projects must be given to students for solving real world problems	5. Session on "Global scenario of Civil Engineering Studies". 6. Session on "Scope of Civil Engineering in Government Sector".	6. STTP on Developments in Structural Engineering 7. Panel Discussion on "Bridging the Gap between Industry and Institute"
4	Parents	Qualitative remarks by the stakeholders: 1. Emphasis on the importance of Higher Studies and preparation of government exams must be given.	7. Panel Discussion on Carrer Opportunities in Civil Engineering. 8. Expert Lecture on "Green Building Movement in India". 9. Expert Lecture on Importance of Research and Lab Teaching.	8. One Day workshop on " Structural Audit and Testing" 9. Expert session on Design of Bridge Substructures and Super Structures and its Application
5	Employer	Findings from Quantitative Analysis: <ul style="list-style-type: none"> Employers are not satisfied with the syllabus effectiveness for developing entrepreneurship. Qualitative remarks by the stakeholders:		10. Expert Lecture on "Green Building Movement in India" 11. Expert Lecture on Case Study on "Operational Excellence in Managing Green Campus" 12. Action Taken Report (21-22)

Sr. No.	Name of Stakeholder	Feedback/Suggestion	Action Plan	Action Taken
1	Students	1. Syllabus is not sufficient for practical knowledge of coding in the latest technology.	1. Code-o-Fiesta organized.	1. Coding Competition event was conducted on 23 rd September 2022 from 10 am to 4 pm for SE and TE students. The event consists of Two jury round including the industry experts as jury where two-problem statement were given to students.
2	Teachers	1. Industry exposure needed. 2. Need to improve Communication skills. 3. Need to improve soft skills	1. Arranged Industry visit. 2. Hands on session planned on "Internet of Things." 3. Students and Teachers will submit papers to International Conferences.	1. Spring Automation Industry on 17 th September 2022 [Janyu Technologies Pvt. Ltd. & Industry Visit to Accurate Helical Springs Pvt. Ltd.] 2. Hands on Training for IoT technologies was conducted by the Department for Students. The training was coordinated by Dr. Ashish Vanmali and Mr. Yogesh Pingle on 12 th August 2022 3. The paper titled "Vision based Real-time Hand Gesture Identification Mouse" published in Proceedings- 10 th International conference on Computing for sustainable Global Development (15 th to 17 th March 2023) by department faculty member Mr. Yogesh Pingle with students Sairaj Varavdekar, Shravani Vartak and Sakshi Dagur.

Action Plan

Sr. No.	Name of stakeholder	Observation/suggestions	Action Plan	Action Taken
1	Teacher	More content relevant to present advancements should be included.--- Mugdha Salvi (Asst.Prof) •	Faculties should encourage students to take NPTEL courses to update themselves to the latest advancements	Students actively enroll for NPTEL course. 01 student successfully certified the course
2	Student	Make Industrial Visit and Internships compulsory to all - Isfaran AHM (T.E) Since the syllabus is good enough but it would be more interesting if the syllabus contains latest technology topics.-Riya Belel (T.E)	Workshop on latest technology would be conducted. Industrial visit would be conducted	Industrial Visit in Process Precision Instruments, Vasai and Galaxy Coating Industries,
3	Alumni	Give more emphasis on what industry needs- Vikesh Shetty (B.E) Try to add more Content about PLC,SCADA AND HMI both in theory as well as Practical- Chinmay Paranjpe (B.E)	Workshop on latest technology would be conducted.	Workshop on PLC and Embedded would be conducted. Automation on PLC would be certified by siemens
4	Parents	Expert session from industry	Seminar on different topics will be organized	Seminar on "Being Techno Commercial", by Mr. Shivang Desai, Business Development

Faculty Feedback Minutes of meeting

Meeting to discuss second feedback with the faculty whose feedback was below 70% as per principal's instructions. Following faculty had such feedback.

1. Dr. Dinesh Patil

Points discussed are,

- i. Appreciated verbally for the improvement as compared to the first feedback even though it is below 70%
- ii. Issues faced by the faculties while delivering.
- iii. Any special requirement for teaching the subject.
- iv. Asked to discuss with students what difficulties they are finding in understanding the subject.
- v. Ask students if they want change in teaching methodology.

1. Dr. Dinesh Patil

Faculty Feedback
Minutes of Meeting

Meeting to discuss first feedback with the faculties whose feedback was below 65% as per principal's instructions. The following two faculties had such feedback.

1. Mr. Sumeet Shingi
2. Ms. Bhavika Gharat

Points discussed are,

- i. Issues faced by the faculty while delivering the content of the subject.
- ii. Any special requirement for teaching the subject.
- iii. Asked to discuss with students what difficulties they are finding in understanding the subject.
- iv. Ask students if they want a change in teaching methodology.

1. Mr. Sumeet Shingi

Department of Artificial Intelligence & Data Science
VCET, Vasai.

This is in reference to the student's feedback obtained for the subject **Statistics for Artificial Intelligence & Data Science** taught by you in **TE/Sem-V** of the academic year 2022-2023. The average student's feedback is below 65 % approval ranking which is the minimum to be maintained by every teacher.

As a teacher, how well the students understand the content that is taught in the class is of paramount importance. I urge you to critically review the feedback figures and take effective steps to work on those areas where the students were not satisfied.

Looking forward to your significantly improved performance in the next semester.

Mr. Anil Hingmire
Assistant Professor,
Computer Engineering
VCET, Vasai Road.

I write with reference to the Students Feedback results on the course of SPCC you offered in the semester-VI of academic year 2021-22.

The Feedback is even below / just around the 65% approval ranking which is the minimum to be maintained by every teacher.

The Feedback is as if a mirror held to your performance as a teacher. Agreed, the mirror may be slightly warped but is still a mirror, which shows how the students receive your teaching.

Since as teachers, how well the students absorb that which we teach should be of paramount importance to us all, I urge you to give these Feedback figures a critical look and to take effective steps to work on those areas the students were not satisfied with while consolidating those areas, which the students liked.

I am looking forward to your significantly improved performance in the next even semester.

Yours truly,

For Vidyavardhini's College of Engg. & Tech.

Dr. Megha Trivedi
HOD, Comp. Engg.

Appreciation Letter

Date:16-12-2021

Mr. Ganesh Tilve,
Assistant Professor,
Department of First Year Engineering,
VCET, Vasai

I would like to express sincere admiration for the efforts put by you into the subject **Engineering Mathematics-III** of **SE/Sem-III** of the academic year 2021-2022, as you have received excellent student feedback. The students have greatly appreciated your teaching skills. I am aware of the hard work and dedication you have put in for this work and congratulate you on your success.

Once again congratulations and looking forward to your continuous excellent performance in the future.

Faculty Feedback
Minutes of Meeting

Meeting to discuss first feedback with the faculties whose feedback was below 65% as per principal's instructions. The following faculty had such feedback.

1. Mr. Amit Tiwari

Points discussed are,

- i. Issues faced by the faculty while delivering the content of the subject.
- ii. Any special requirement for teaching the subject.
- iii. Asked to discuss with students what difficulties they are finding in understanding the subject.
- iv. Ask students if they want a change in teaching methodology.

1. Mr. Amit Tiwari

Ms. Krunali Vartak

Correction Letter

Date: 16/12/2021

Ms. Amit Tiwari

Assistant Professor

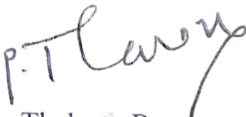

Department of Computer Science Engineering (Data Science)

VCET, Vasai.

This is in reference to the student's feedback obtained for the subject **Data Structure** taught by you in **SE/Sem-III** of the academic year 2021-2022. The average student's feedback is below 65 % approval ranking which is the minimum to be maintained by every teacher.

As a teacher, how well the students understand the content that is taught in the class is of paramount importance. I urge you to critically review the feedback figures and take effective steps to work on those areas where the students were not satisfied.

Looking forward to your significantly improved performance in the next semester.

VCET, Vasai.

Subject: Appreciation letter for excellent student feedback

Respected Sir,

I would like to express sincere admiration for the efforts put by you into the subject **Advanced Concrete Technology of TE/Sem V** of the academic year 2020-2021, as you have received excellent student feedback. The students have greatly appreciated your teaching skills. I am aware of the hard work and dedication you have put in for this work and congratulate you on your success.

Once again congratulations and looking forward to your continuous excellent performance in the future.

Department of Civil Engineering

Improvement Letter

Date: 22/12/2020

Mr. Prakash Panda
Assistant Professor
Department of Civil Engineering
VCET, Vasai.

Subject: Letter for improvement per the student's Feedback

This is about the student's feedback obtained for the Engineering Geology taught by you in SE/Sem. III of the academic year 2020-21. The average student's feedback is below 65 % approval ranking which is the minimum to be maintained by every teacher. Students have given poor feedback for the attribute "Style of presentation and communication skills, innovative teaching methods".

I urge you to consider this feedback and incorporate necessary improvements in your teaching skills.

Thank you

Department of Mechanical Engineering

Ms. Soumya Pandey
Assistant Professor
Department of Applied Science and Humanities
VCET, Vasai Road

I write with reference to the student's feedback results on the course you offered in the even semester of academic year 2019-2020.

The feedback for subject (**Engineering Physics – II, Sem II, FE G Div, Mech. Engg.**) is 64.21% which is poor and to be improved.

The feedback is as if a mirror held to your performance as a teacher. Agreed the mirror may be slightly warped but still mirror, which shows how the students receive your teaching.

Since as teachers, how well the students absorb that which we teach should be of paramount importance to us all, I urge you to give these feedback figures a critical look and to take effective steps to work on these areas the students were not satisfied with while consolidating those areas, which the students liked.

I am looking forward to your significantly improved performance in the next odd semester.

Yours truly,

For Vidyavardhini's college of Engg. & Tech.

Asokh

Ms. Kavita Churi
Assistant Professor
ASH Department
VCET, Vasai.

This is in reference to the student's feedback obtained for the subject Engineering Physics-I taught by you in FE/Sem. I of the academic year 2019-2020. The average student's feedback is below 65 % approval ranking which is the minimum to be maintained by every teacher.

As a teacher, how well the students understand the content that is taught in the class is of paramount importance. I urge you to critically review the feedback figures and take effective steps to work on those areas where the students were not satisfied.

Looking forward to your significantly improved performance in the next semester.

Department of Civil Engineering

Improvement Letter

Date: 02/05/2020

Mr. Jignesh Mistry

Assistant Professor

Department of Civil Engineering

VCET, Vasai.

Subject: Letter for improvement per the student's Feedback

Respected Sir,

This is about the student's feedback obtained for the subject **Fluid Mechanics II** taught by you in SE/Sem. IV of the academic year 2021-22. The average student's feedback is below 65 % approval ranking which is the minimum to be maintained by every teacher. From the feedback received from the students, it was observed that the students have given poor feedback for the "Ability to invoke participation, cultivation of learning habits"

I encourage you to thoroughly evaluate the feedback information and act swiftly to resolve the issues raised by the students. I'm hoping a substantially improved performance from you in the following semester.

Dr. Uday Aswalekar

Department of Mechanical Engineering

Mr. Pralhad Pawar

Assistant Professor

Department of Mechanical Engineering

VCET, Vasai Road

I write with reference to the student's feedback results on the course you offered in the even semester of academic year 2018-2019.

The feedback is even below the 65% approval ranking which is the minimum to be maintained.

The feedback is as if a mirror held to your performance as a teacher. Agreed the mirror may be slightly warped but still mirror, which shows how the students receive your teaching.

Since as teachers, how well the students absorb that which we teach should be of paramount importance to us all, I urge you to give these feedback figures a critical look and to take effective steps to work on these areas the students were not satisfied with while consolidating those areas, which the students liked.

I am looking forward to your significantly improved performance in the next odd semester.

Yours truly,

For VidyaVardhini's college of Engg. & Tech.

Academic Year 2018-19

Date: 15/02/2019

Meeting regarding observations from course feedback

Subject: SPCC, Sem VI
Name of Faculty: Mr. Anil Hingmire

Observation:

Sr. No.	Attribute	Rating
4	Style of presentation and communication skill, innovative teaching methods.	2.638298
5	Ability to hold student's attention and command of class.	2.659574
	PERCENTAGE	55.23404

Suggested action:

1. Prepare interactive PPTs and add some more innovative techniques to clarify the concept
2. Increase the frequency of asking questions in class and taking feedback from students during the lecture

Department of Information Technology

Correction Letter

Date: 05/11/2018

Mrs. Shobhana Shirsath
Assistant Professor
ASH Department
VCET, Vasai.

This is in reference to the student's feedback obtained for the subject Business Communication and Ethics taught by you in TE/Sem.V of the academic year 2018-2019. The average student's feedback is below 65 % approval ranking which is the minimum to be maintained by every teacher.

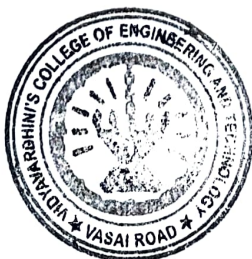

As a teacher, how well the students understand the content that is taught in the class is of paramount importance. I urge you to critically review the feedback figures and take effective steps to work on those areas where the students were not satisfied.

Looking forward to your significantly improved performance in the next semester.

Mr. Dipak Choudhari
Assistant Professor
Department of Civil Engineering
VCET, Vasai.

Subject: Appreciation letter for excellent student feedback

Respected Sir,

I would like to express sincere admiration for the efforts put by you into the subject **Strength of Materials of SE/Sem III** of the academic year 2018-2019, as you have received excellent student feedback. The students have greatly appreciated your teaching skills. I am aware of the hard work and dedication you have put in for this work and congratulate you on your success.

Once again congratulations and looking forward to your continuous excellent performance in the future.

Mr. Dipak Choudhari

Correction Letter

Date: 02/11/2018

Mr. Prateck Pagare
Assistant Professor
Department of Civil Engineering
VCET, Vasai.

This is about the student's feedback obtained for the subject Environmental Engineering - I taught by you in TE/Sem. VI of the academic year 2018-2019. The average student's feedback is below 65 % approval ranking which is the minimum to be maintained by every teacher.

As a teacher, how well the students understand the content that is taught in the class is of paramount importance. I urge you to critically review the feedback figures and take effective steps to work on those areas where the students were not satisfied.

Looking forward to your significantly improved performance in the next semester.
