* A candidate is considered qualified if the marks secured are greater than or equal to the qualifying marks mentioned for the category for which valid category certificate, if applicable, is produced along with this score card.

General Information

The GATE 2023 score is calculated using the formula

$$\text{GATE Score} = S_q + (S_t - S_q) \frac{(M - M_q)}{(M_t - M_q)}$$

where,

M is the marks obtained by the candidate in the paper, mentioned on this GATE 2023 scorecard

M_q is the qualifying marks for general category candidate in the paperM_t is the mean of marks of top 0.1% or top 10 (whichever is larger) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)S_q = 350, is the score assigned to M_qS_t = 900, is the score assigned to M_t

In the GATE 2023 score formula, M_q is 25 marks (out of 100) or $\mu + \sigma$, whichever is greater. Here μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper.

Qualifying in GATE 2023 does not guarantee either an admission to a post-graduate program or a scholarship/assistantship. Admitting institutes may conduct further tests and interviews for final selection.

Graduate Aptitude Test in Engineering (GATE) 2023 was organized by Indian Institute of Technology Kanpur on behalf of the National Coordination Board (NCB) - GATE for the Department of Higher Education, Ministry of Education (MoE), Government of India.

SUBJECT
Conclusion of your application at the University of Twente

Dear Soham,

Thank you for your application to the Master of Science programme in 'Master Computer Science'. The Admission Committee of this programme has carefully assessed your application. The decision is: you are admissible to the MSc programme in 'Master Computer Science' starting 1 September 2023, provided that you obtain your bachelor's degree before 1 September 2023. We believe that your background will enable you to successfully complete the programme. It is our pleasure to congratulate you on this admission.

To continue enrolment to the programme you need to login to your Osiris account and respond to our Offer of Admission. As soon as you accept our offer, the formal registration and enrolment procedure will start. Your enrolment to the programme will be arranged after you have met all the formal and financial requirements.

Should you have any questions, please do not hesitate to contact us. We look forward to meeting you at the start of our introduction period.

With kind regards,
On behalf of the Admission Committee

Mrs. S.D.E. Oolhorst
Head Student Affairs & Services

If you disagree with the decision of the Admission Committee you may submit a written appeal to the University of Twente within 6 weeks. The appeal can be sent to the following address: Complaints Desk Student Services (Vrijhof 239B), P.O. Box 217, 7500 AE Enschede, the Netherlands. Please note that the decision of the Admission Committee will not be revised unless there are grounds for appeal (additional proof of admissibility).

Retaking a GRE Test

You can take the GRE® General Test once every 21 days, up to five times within any continuous rolling 12-month period (365 days). This applies even if you canceled your scores on a test taken previously. You can take the paper-delivered GRE General Test and GRE® Subject Tests as often as they are offered.

Note: This policy will be enforced even if a violation is not immediately identified (e.g., inconsistent registration information) and test scores have been reported. In such cases, the invalid scores will be canceled and score recipients will be notified of the cancellation. Test fees will be forfeited.

For More Information

For information about interpreting your scores, see *Interpreting Your GRE Scores* at www.ets.org/gretest-takers/general-test/scores/understand-scores.

For detailed information about your performance on the Verbal Reasoning and Quantitative Reasoning sections of the computer-delivered GRE General Test, access the free GRE Diagnostic Service from your ETS account. This service includes a description of the types of questions you answered right and wrong, the difficulty level of each question, and the time spent on each question. This service is available approximately 15 days after your test administration and for six months following your test administration.

If you have any questions concerning your score report, email GRE Services at gre-info@ets.org or call 1-509-771-7570 or 1-866-473-4373 (toll free for test takers in the U.S., U.S. Territories and Canada) between 8 a.m. and 7:45 p.m. (New York Time).

Retaking a GRE Test

You can take the GRE® General Test *once every 21 days*, up to *five times* within any continuous rolling 12-month period (365 days). This applies even if you canceled your scores on a test taken previously. You can take the paper-delivered GRE General Test and GRE® Subject Tests as often as they are offered.

Note: This policy will be enforced even if a violation is not immediately identified (e.g., inconsistent registration information) and test scores have been reported. In such cases, the invalid scores will be canceled and score recipients will be notified of the cancellation. Test fees will be forfeited.

For More Information

For information about interpreting your scores, see *Interpreting Your GRE Scores* at www.ets.org/gre/understand.

For detailed information about your performance on the Verbal Reasoning and Quantitative Reasoning sections of the computer-delivered GRE General Test, access the free GRE Diagnostic Service from your ETS account. This service includes a description of the types of questions you answered right and wrong, the difficulty level of each question, and the time spent on each question. This service is available approximately 15 days after your test administration and for six months following your test administration.

If you have any questions concerning your score report, email GRE Services at gre-info@ets.org or call 1-609-771-7670 or 1-866-473-4373 (toll free for test takers in the U.S., U.S. Territories and Canada) between 8 a.m. and 7:45 p.m. (New York Time).

* A candidate is considered qualified if the marks secured are greater than or equal to the qualifying marks mentioned for the category for which valid category certificate, if applicable, is produced along with this score card.

General Information

The GATE 2023 score is calculated using the formula

$$\text{GATE Score} = S_g + (S_t - S_g) \frac{(M - M_q)}{(M_t - M_q)}$$

where,

M is the marks obtained by the candidate in the paper, mentioned on this GATE 2023 scorecard

M_q is the qualifying marks for general category candidate in the paper

M_t is the mean of marks of top 0.1% or top 10 (whichever is larger) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)

$S_g = 350$, is the score assigned to M_q

$S_t = 900$, is the score assigned to M_t

In the GATE 2023 score formula, M_q is 25 marks (out of 100) or $\mu + \sigma$, whichever is greater. Here μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper.

Qualifying in GATE 2023 does not guarantee either an admission to a post-graduate program or a scholarship/assistantship. Admitting institutes may conduct further tests and interviews for final selection.

Graduate Aptitude Test in Engineering (GATE) 2023 was organized by Indian Institute of Technology Kanpur on behalf of the National Coordination Board (NCB) - GATE for the Department of Higher Education, Ministry of Education (MoE), Government of India.

Dear Vaibhav Rai,

SUID Number 632275961

We have received your formal acceptance of Syracuse University's offer of admission to the Master of Science program in Information Systems for Fall 2023. You may consider this message to be confirmation of receipt.

As you approach the start of your graduate studies, we encourage you to use your academic program office as the first point of contact when questions arise. You can find their contact information on this list of all graduate programs. You also may refer to our web page for newly admitted Admitted Graduate Students - Syracuse.edu.

By the end of your first semester of study, you must submit an official transcript from your undergraduate institution which must bear the appropriate signatures and seal of the institution that issued it and must be received by Syracuse University in a sealed envelope directly from that institution. Unsealed documents which may have been in the hands of students are not considered official. After completion of the first semester of graduate study, the Graduate School may prohibit further registration for any student who has not met this requirement. The hold on registration will only be released when this requirement has been met. If you are a domestic student, in accordance with federal Title IV regulations, financial aid will be disbursed to the student account when all financial aid and admission requirements are met, including receipt of official degree bearing transcripts. Please refer to the newly admitted graduate student Checklist page for additional information.

Best wishes as you complete your plans to attend Syracuse University.

Sincerely,

Syracuse University

About Your GRE® Score Report

Score Reporting Policies

With the *ScoreSelect*® option, you can decide which test scores to send to the institutions you designate. There are three options to choose from:

- Most Recent option – Send your scores from your most recent test administration
- All option – Send your scores from all administrations in the last five years
- Any option – Send your scores from one OR as many test administrations in the last five years (this option is not available on test day when you select up to four FREE score reports)

Scores for a test administration must be reported in their entirety. Institutions will receive score reports that show only the scores that you selected to send to them. There will be no special indication if you have taken additional GRE tests. See the *GRE® Information Bulletin* for details. The policies and procedures explained in the Bulletin for the current testing year supersede previous policies and procedures in previous bulletins.

Scores will be sent to designated score recipients approximately 10-15 days after a computer-delivered test and 5 weeks after a paper-delivered test. If your scores are not available for any reason, you will see "Not Available" in Your Test Score History.

GRE test scores are reportable according to the following policies:

- For tests taken prior to July 1, 2016, scores are reportable for five (5) years following the testing year in which you tested (July 1 – June 30). For example, scores for a test taken on May 15, 2015, are reportable through June 30, 2020. GRE scores earned prior to August 2011 are no longer reportable.
- For tests taken on or after July 1, 2016, scores are reportable for five (5) years following your test date. For example, scores for a test taken on July 3, 2016, are reportable through July 2, 2021.

Note: Score recipients will only receive scores from test administrations that you have selected to send to them.

Percentile Rank (% Below)

A percentile rank for a test score indicates the percentage of test takers who took that test and received a lower score. Regardless of when the reported scores were earned, the percentile ranks for General Test and Subject Test scores are based on the scores of all test takers who tested within the most recent three-year period.

**Meet Thakkar**

Date of Birth: July 16, 1999

Most Recent Test Date: September 3, 2022Registration Number: 1136691
Expiration Date: September 14, 2022**Retaking a GRE Test**

You can take the GRE® General Test *once every 21 days*, up to four times within a rolling 12-month period (365 days). This applies even if you canceled your scores on a test taken previously. You can take the paper-based GRE General Test and GRE® Subject Tests as often as they are offered.

Note: This policy will be enforced even if a violation is not immediately identified (e.g., inconsistent registration information) and test scores have been reported. In such cases, the invalid scores will be canceled and score recipients will be notified of the cancellation. Test fees will be forfeited.

For More Information

For information about interpreting your scores, see *Interpreting Your GRE Scores* at www.ets.org/gre/understand.

For detailed information about your performance on the Verbal Reasoning and Quantitative Reasoning sections of the computer-delivered GRE General Test, access the free GRE Diagnostic Service from your ETS account. This service includes a description of the types of questions you answered right and wrong, the difficulty level of each question, and the time spent on each question. This service is available approximately 15 days after your test administration and for six months following your test administration.

If you have any questions concerning your score report, email GRE Services at gre-info@ets.org or call 1-609-771-7670 or 1-866-473-4373 (toll free for test takers in the U.S., U.S. Territories and Canada) between 8 a.m. and 7:45 p.m. (New York Time).

March 21, 2023

Dear Kalindi Vijesh,

On behalf of San José State University, it is my pleasure to congratulate you on your admission for the Fall 2023 term.

As an SJSU graduate student, you are joining a vibrant campus and community located in the heart of Silicon Valley, a global hub of technology, innovation, and creativity. Working with faculty engaged in cutting-edge research, you will gain hands-on experience and knowledge that will prepare you for the most pressing challenges of the 21st century.

Our community of Spartans embodies an array of cultures that will enrich your educational experience far beyond the classroom. Should you choose to attend California's first public institution of higher education, you will become part of a long legacy of individuals bound together by their shared creativity, passion and resilience.

Enclosed you will find instructions for accepting our offer of admission and completing the enrollment process. In addition, any department-specific instructions related to your admission are included on the back of this letter. Please read these documents carefully and contact us with any questions or concerns at admissions@sjsu.edu.

Details of your admission are below:

Academic Plan: Computer Science, MS, (CIP Code: 11.0701)
Standing: Clear Admit, Classified Student Status
Residency: International (F1)
SJSU ID: 017413864

We hope you choose San José State and wish you a rewarding and enjoyable graduate experience.

Sincerely,

Tricia R. Ryan, Director
Graduate Admissions & Program Evaluations

Instructions:

- Only those candidates who have taken the Common Admission Test (CAT 2022) are entitled to receive the score card. Keep a print-out of this score card for your information pertaining to CAT 2022. You will not receive the score card by email or by post.
- The Overall Scaled Score is the sum of the scaled scores of the candidate in the three sections.
- Percentile refers to the percentage of candidates who receive a scaled score less than or equal to the scaled score obtained by the candidate.
- IIMs and Non-IIM member institutions independently decide how to use CAT 2022 scores in line with their own selection process. The scores are to be used only for selecting the candidates to their respective Post Graduate/Doctoral (Fellow) Programme(s) in Management.
- Detection of instances of incorrect information and process violation by a candidate at any stage will lead to disqualification of the candidate. CAT scores of such candidates who are disqualified will become null and void. Such disqualified candidates will not be allowed to appear for CAT in future. If such instances go undetected during the current selection process but are detected in subsequent years, such disqualification and the associated penalties will take place with retrospective effect.
- All queries regarding post-CAT 2022 selection process must be directed to the respective IIMs. CAT Centre will not answer post-CAT queries.
- CAT 2022 score is valid only until 31st December 2023 and is subject to the candidate meeting the minimum eligibility marks in the qualifying examination. The score card will be available on www.iimcat.ac.in till 31st December 2023 to download.
- Webmail support cat2022@iimb.ac.in & cathelpdesk@iimcat.co.in will be available till 31st March 2023.

About Your GRE® Score Report

Score Reporting Policies

With the *ScoreSelect*® option, you can decide which test scores to send to the institutions you designate. There are three options to choose from:

- Most Recent option – Send your scores from your most recent test administration
- All option – Send your scores from all administrations in the last five years
- Any option – Send your scores from one OR as many test administrations in the last five years (this option is not available on test day when you select up to four FREE score reports)

Scores for a test administration must be reported in their entirety. Institutions will receive score reports that show only the scores that you selected to send to them. There will be no special indication if you have taken additional GRE tests. See the *GRE® Information Bulletin* for details. The policies and procedures explained in the Bulletin for the current testing year supersede previous policies and procedures in previous bulletins.

Scores will be sent to designated score recipients approximately 10-15 days after a computer-delivered test and 5 weeks after a paper-delivered test. If your scores are not available for any reason, you will see "Not Available" in Your Test Score History.

GRE test scores are reportable according to the following policies:

- For tests taken prior to July 1, 2016, scores are reportable for five (5) years following the testing year in which you tested (July 1 – June 30). For example, scores for a test taken on May 15, 2015, are reportable through June 30, 2020. GRE scores earned prior to August 2011 are no longer reportable.
- For tests taken on or after July 1, 2016, scores are reportable for five (5) years following your test date. For example, scores for a test taken on July 3, 2016, are reportable through July 2, 2021.

Note: Score recipients will only receive scores from test administrations that you have selected to send to them.

Percentile Rank (% Below)

A percentile rank for a test score indicates the percentage of test takers who took that test and received a lower score. Regardless of when the reported scores were earned, the percentile ranks for General Test and Subject Test scores are based on the scores of all test takers who tested within the most recent three-year period.

General Information

The GATE 2023 score is calculated using the formula

$$\text{GATE Score} = S_q + (S_t - S_q) \frac{(M - M_q)}{(M_t - M_q)}$$

where,

M is the marks obtained by the candidate in the paper, mentioned on this GATE 2023 scorecard

M_q is the qualifying marks for general category candidate in the paperM_t is the mean of marks of top 0.1% or top 10 (whichever is larger) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)S_q = 350, is the score assigned to M_qS_t = 900, is the score assigned to M_tIn the GATE 2023 score formula, M_q is 25 marks (out of 100) or $\mu + \sigma$, whichever is greater. Here μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper.

Qualifying in GATE 2023 does not guarantee either an admission to a post-graduate program or a scholarship/assistantship. Admitting institutes may conduct further tests and interviews for final selection.

In the GATE 2023 score formula, M_q is 25 marks (out of 100) or $\mu + \sigma$, whichever is greater. Here μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper.

Qualifying in GATE 2023 does not guarantee either an admission to a post-graduate program or a scholarship/assistantship. Admitting institutes may conduct further tests and interviews for final selection.

Graduate Aptitude Test in Engineering (GATE) 2023 was organized by Indian Institute of Technology Kanpur on behalf of the National Coordination Board (NCB) – GATE for the Department of Higher Education, Ministry of Education (MoE), Government of India.

About Your GRE® Score Report

Score Reporting Policies

With the *ScoreSelect*® option, you can decide which test scores to send to the institutions you designate. There are three options to choose from:

- Most Recent option – Send your scores from your most recent test administration
- All option – Send your scores from all administrations in the last five years
- Any option – Send your scores from one OR as many test administrations in the last five years (this option is not available on test day when you select up to four FREE score reports)

Scores for a test administration must be reported in their entirety. Institutions will receive score reports that show only the scores that you selected to send to them. There will be no special indication if you have taken additional GRE tests. See the *GRE® Information Bulletin* for details. The policies and procedures explained in the Bulletin for the current testing year supersede previous policies and procedures in previous bulletins.

Scores will be sent to designated score recipients approximately 10-15 days after a computer-delivered test and 5 weeks after a paper-delivered test. If your scores are not available for any reason, you will see “Not Available” in Your Test Score History.

GRE test scores are reportable according to the following policies:

- For tests taken prior to July 1, 2016, scores are reportable for five (5) years following the testing year in which you tested (July 1 – June 30). For example, scores for a test taken on May 15, 2015, are reportable through June 30, 2020. GRE scores earned prior to August 2011 are no longer reportable.
- For tests taken on or after July 1, 2016, scores are reportable for five (5) years following your test date. For example, scores for a test taken on July 3, 2016, are reportable through July 2, 2021.

Note: Score recipients will only receive scores from test administrations that you have selected to send to them.

Percentile Rank (% Below)

A percentile rank for a test score indicates the percentage of test takers who took that test and received a lower score. Regardless of when the reported scores were earned, the percentile ranks for General Test and Subject Test scores are based on the scores of all test takers who tested within the most recent three-year period.

Retaking a GRE Test

You can take the *GRE*® General Test *once every 21 days*, up to *five times* within any continuous rolling 12-month period (365 days). This applies even if you canceled your scores on a test taken previously. You can take the paper-delivered GRE General Test and *GRE*® Subject Tests as often as they are offered.

Note: This policy will be enforced even if a violation is not immediately identified (e.g., inconsistent registration information) and test scores have been reported. In such cases, the invalid scores will be canceled and score recipients will be notified of the cancellation. Test fees will be forfeited.

For More Information

For information about interpreting your scores, see *Interpreting Your GRE Scores* at www.ets.org/gre/test-takers/general-test/scores/understand-scores.

For detailed information about your performance on the Verbal Reasoning and Quantitative Reasoning sections of the computer-delivered GRE General Test, access the free GRE Diagnostic Service from your ETS account. This service includes a description of the types of questions you answered right and wrong, the difficulty level of each question, and the time spent on each question. This service is available approximately 15 days after your test administration and for six months following your test administration.

If you have any questions concerning your score report, email GRE Services at gre-info@ets.org or call 1-609-771-7670 or 1-866-473-4373 (toll free for test takers in the U.S., U.S. Territories and Canada) between 8 a.m. and 7:45 p.m. (New York Time).

* A candidate is considered qualified if the marks secured are greater than or equal to the qualifying marks mentioned for the category for which valid category certificate, if applicable, is produced along with this score card.

Organising Institute: Indian Institute of Technology Kharagpur

General Information

The GATE 2022 score is calculated using the formula

$$\text{GATE Score} = S_q + (S_t - S_q) \frac{(M - M_q)}{(M_t - M_q)}$$

where,
 M is the marks obtained by the candidate in the paper, mentioned on this GATE 2022 scorecard
 M_q is the qualifying marks for general category candidate in the paper
 M_t is the mean of marks of top 0.1% or top 10 (whichever is larger) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)
 $S_q = 350$, is the score assigned to M_q
 $S_t = 900$, is the score assigned to M_t

In the GATE 2022 score formula, M_q is 25 marks (out of 100) or $\mu + \sigma$, whichever is greater. Here μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper.

Qualifying in GATE 2022 does not guarantee either an admission to a post-graduate program or a scholarship/assistantship. Admitting institutes may conduct further tests and interviews for final selection.

Graduate Aptitude Test in Engineering (GATE) 2022 was organized by Indian Institute of Technology Kharagpur on behalf of the National Coordination Board (NCB) – GATE for the Department of Higher Education, Ministry of Education (MoE), Government of India.

About Your GRE® Score Report
Score Reporting Policies

With the *ScoreSelect*® option, you can decide which test scores to send to the institutions you designate. There are three options to choose from:

- Most Recent option – Send your scores from your most recent test administration
- All option – Send your scores from all administrations in the last five years
- Any option – Send your scores from one OR as many test administrations in the last five years (this option is not available on test day when you select up to four FREE score reports)

Scores for a test administration must be reported in their entirety. Institutions will receive score reports that show only the scores that you selected to send to them. There will be no special indication if you have taken additional GRE tests. See the *GRE® Information Bulletin* for details. The policies and procedures explained in the Bulletin for the current testing year supersede previous policies and procedures in previous bulletins.

Scores will be sent to designated score recipients approximately 10-15 days after a computer-delivered test and 5 weeks after a paper-delivered test. If your scores are not available for any reason, you will see “Not Available” in Your Test Score History.

GRE test scores are reportable according to the following policies:

- For tests taken prior to July 1, 2016, scores are reportable for five (5) years following the testing year in which you tested (July 1 – June 30). For example, scores for a test taken on May 15, 2015, are reportable through June 30, 2020. GRE scores earned prior to August 2011 are no longer reportable.
- For tests taken on or after July 1, 2016, scores are reportable for five (5) years following your test date. For example, scores for a test taken on July 3, 2016, are reportable through July 2, 2021.

Note: Score recipients will only receive scores from test administrations that you have selected to send to them.

Percentile Rank (% Below)

A percentile rank for a test score indicates the percentage of test takers who took that test and received a lower score. Regardless of when the reported scores were earned, the percentile ranks for General Test and Subject Test scores are based on the scores of all test takers who tested within the most recent three-year period.

Yash N. Kumthekar**Most Recent Test Date: September 1, 2021****Date of Birth:** February 4, 1998Registration Number: 9672641
Print Date: September 14, 2021**Retaking a GRE Test**

You can take the GRE® General Test *once every 21 days*, up to *five times* within any continuous rolling 12-month period (365 days). This applies even if you canceled your scores on a test taken previously. You can take the paper-delivered GRE General Test and GRE® Subject Tests as often as they are offered.

Note: This policy will be enforced even if a violation is not immediately identified (e.g., inconsistent registration information) and test scores have been reported. In such cases, the invalid scores will be canceled and score recipients will be notified of the cancellation. Test fees will be forfeited.

For More Information

For information about interpreting your scores, see *Interpreting Your GRE Scores* at www.ets.org/gre/understand.

For detailed information about your performance on the Verbal Reasoning and Quantitative Reasoning sections of the computer-delivered GRE General Test, access the free GRE Diagnostic Service from your ETS account. This service includes a description of the types of questions you answered right and wrong, the difficulty level of each question, and the time spent on each question. This service is available approximately 15 days after your test administration and for six months following your test administration.

If you have any questions concerning your score report, email GRE Services at gre-info@ets.org or call 1-609-771-7670 or 1-866-473-4373 (toll free for test takers in the U.S., U.S. Territories and Canada) between 8 a.m. and 7:45 p.m. (New York Time).

Overall Band Score

| Test | Score | Your result explained | |
|-----------|-------|---|---|
| Overall | 7.5 | Good User | The test taker has operational command of the language, though with occasional inaccuracies, inappropriate usage and misunderstandings in some situations. They generally handle complex language well and understand detailed reasoning. |
| Listening | 8.0 | Test takers at Band 8 can typically follow extended speech involving complex and detailed argumentation. They can identify and process language and grammar automatically, and so are able to concentrate on the development of the overall meaning of what is said by a speaker or speakers. They can understand a wide range of vocabulary, including idiomatic language and fixed phrases or unusual collocations, as well as technical and academic language. | Advice to improve your score Listen to discussion programmes, especially those on abstract topics you're less familiar with, without pausing or repeating the recording. Try to predict how the conversation might develop, then see if you're correct. Make it a point to notice how the speakers express and qualify their opinions, noting ways they say things that make their arguments particularly effective. Where speakers have different points of view, notice how they respond to one another's comments. Use strategies to infer ideas and meanings that are not directly stated. Afterwards, try to reconstruct the discussion to yourself, to check how much you have understood. |
| Reading | 7.0 | Test takers at Band 7 can typically deal with a variety of factual and opinion-based texts that may be complex and dense with information. They are very good at using their wide vocabulary knowledge to create meaning, both within and across sentences, on a range of general and specialised topics. They can follow an argument and distinguish between main ideas and supporting details, and are good at understanding attitude, opinion and implication. They are able to do this by using reading strategies such as skimming and scanning, and by synthesizing information and drawing inferences. | At this level, it is important to broaden the range of texts you read further. Continue to develop your awareness of how to read different types of texts differently. What features does that particular type of text typically have? How is information structured and arranged in such texts? Will it require making inferences? Will there be a summary somewhere? Use your knowledge of these and approach the reading task in an appropriate way. Where you want to know the overall argument or specific arguments, try to do this as efficiently as possible. As an exercise, try to find several opinion-based texts on the internet, and then determine the similarities and differences in their opinions and views. |
| Speaking | 7.5 | Test takers at this band can typically speak with ease, clearly and at length, although with some repetition, self-correction, or hesitation to search for words or grammar. Speaking is generally well-organised, and ideas are generally clear and well linked. They use a range of vocabulary to discuss a variety of topics, and can use some less common or idiomatic vocabulary, although not always accurately. They can paraphrase well if needed. They can use a range of grammar structures. Sentences are frequently accurate, although there are some errors. Pronunciation is generally natural and clear, but with occasional problems. They are usually easy to understand, and their accent does not have much effect on understanding. | Talk to other people about abstract and difficult current issues. Focus on delivering your ideas well in presentations and discussions, minimising hesitation as much as possible. Ask yourself: Am I arranging and conveying my thoughts in the best possible way? Am I using the best possible words and phrases that I know to express my ideas? How can I vary my delivery so that my ideas are understood better? Then work on those things you're not completely happy with yet. Continue reading and listening to natural English language materials and TV to note precise words and particularly effective ways of saying things. Think about how you might use these yourself. |

| | | | |
|---------|-----|---|--|
| Writing | 7.0 | <p>Test takers at this band can typically produce a clear overview of the graph or a clear viewpoint throughout the response. All parts of the task are covered. (GT) The letter has a clear purpose and a consistent, suitable tone. Test takers can support their main ideas with details and examples, although these might be too general and lack focus. The writing is well-organised and leads logically to its conclusion. They can use a variety of linking words, with some over- or under-used. In Task 2 every paragraph has one main topic. They can flexibly use a range of vocabulary and some less common words with some style, despite occasionally choosing the wrong word or making mistakes in spelling or in the form of a word. They are able to use a variety of complex sentences, and many of their sentences are correct. However they still make a few mistakes with grammar and punctuation.</p> | <p>Practice producing different types of writing. When writing informational and argumentative pieces, take care to develop your points thoroughly, providing as many relevant supporting ideas and details as necessary. Don't develop your points separately. Instead, ask yourself: how might I develop my idea so that it logically leads me to my next idea? Then, also ask yourself: does my use of paragraphing help to highlight the flow of my ideas? Have I also used other means besides paragraphing to do this? Use a good variety of structures, choosing appropriate ones to help the overall effect of your writing. Also try to use a wide range of vocabulary when you write, always using the best possible word. For words and phrases that are newer to you, look them up online to see how other writers use them and what other words they often appear together with. Finally, check your writing, paying special attention to those words and grammar structures you're not as confident about.</p> |

Dear Mr. Ghelani,

Congratulations! On behalf of the faculty of the Seidenberg School of Computer Science and Information Systems, I am pleased to inform you that you have been accepted to the MS in Cyber Security program for the Fall 2022 semester.

At Pace University, we are particularly proud of the emphasis our faculty places on teaching excellence, our small class sizes, and the extensive support services available for our students. We are confident that you will find your Pace experience rewarding.

Newly admitted students are required to submit a deposit of \$200 in order to reserve a place in the class. Submit your non-refundable deposit online by August 1, 2022 for the Fall 2022 semester. This deposit will be applied toward your Fall 2022 tuition. To ensure a seamless onboarding, we also encourage you to review your Next Steps tab for additional instructions as you prepare to join the Pace community.

Please check your Application Dashboard page to confirm that Pace University has received all required official credentials. You will not be permitted to register beyond your initial semester of enrollment unless we receive the missing documents.

Please note that you must meet with an academic advisor before registration. You may contact the Seidenberg School of Computer Science and Information Systems at seidenberginquiry@pace.edu or (212) 346-1687 where you will be advised of degree requirements, prerequisites, and your course schedule.

On behalf of the Admission Committee, I extend our best wishes for success and look forward to welcoming you to Pace University and the Seidenberg School of Computer Science and Information Systems.

Sincerely,

Susan F. Ford

Dear Sahil Deepak Chowkekar:

We are pleased to offer you admission to the MS program in Computer Science at the University of California, Riverside (UCR) for Fall 2022.

We wish to extend your much-deserved congratulations and encourage you to ask any questions you wish about the department, the program, and our university. The academic community in the Computer Science department is a thriving one that we hope you will choose to help diversify it further with your recognized talents. In addition to the program resources, Graduate Division strives to offer programming to support your intellectual growth and provide the tools necessary to meet your professional and educational goals. We hope you will choose to pursue your graduate studies here at UCR!

For us to reserve your space at UCR and generate registration materials, please visit https://gradsis.ucr.edu/gradsis/GSIS_LOGIN.Login_student and indicate your decision no later than May 20, 2022. The accompanying Verification of Support Requirements form will provide you with details regarding the required proof of sponsorship needed to prepare an I-20 form for you to obtain your student visa.

If you have any questions about your offer letter, any forms you receive from UCR, or general graduate student concerns, please contact the Computer Science or the Graduate Admissions Office. We are here to answer any questions you may have as we understand that this is an important decision that impacts your future.

Congratulations again on your success in being admitted. We look forward to hearing from you soon and welcoming you to the UCR.

Sincerely,

Your score explained

Test takers at this band can typically speak at length, although they are sometimes less clear or fluent because of repetition, self-correction, or hesitation to search for words or grammar. Speaking is generally well-organised, and ideas are generally well linked, but with some errors. They have enough vocabulary to discuss topics clearly and at length, although there are often errors, and they can usually paraphrase well. They can use simple and complex grammar structures but with limited range. There may be frequent grammar errors, particularly in more complex structures, but language is usually easy to understand. Pronunciation can be clear and effective, but there may be problems. They are usually easy to understand, although words may be unclear at times.

Advice to improve your score

Talk to other English speakers about more abstract topics or more difficult current topics. Keep the discussion going for as long as possible. At the same time, try to express your ideas as accurately as you can, using the best words you know. Many of your ideas will also require the use of complex grammatical structures. If you're using several simple sentences, try to join them up in a way that makes your point clearer.

Listen (and read) in English more to help you pick up natural and idiomatic phrases. When listening, note the rhythm and also the words that the speaker stresses. Is your rhythm similar? Are you putting the stress on the right words?

The GATE 2021 score is calculated using the formula

$$GATE\ Score = S_q + (S_t - S_q) \frac{(M - M_q)}{(\bar{M}_t - M_q)}$$

where,

M is the marks obtained by the candidate in the paper, mentioned on this GATE 2021 scorecard

M_q is the qualifying marks for general category candidate in the paper

\bar{M}_t is the mean of marks of top 0.1% or top 10 (whichever is larger) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)

$S_q = 350$, is the score assigned to M_q

$S_t = 900$, is the score assigned to \bar{M}_t

In the GATE 2021 score formula, M_q is 25 marks (out of 100) or $\mu + \sigma$, whichever is greater. Here μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper.

Qualifying in GATE 2021 does not guarantee either an admission to a post-graduate program or a scholarship/assistantship. Admitting institutes may conduct further tests and interviews for final selection.

Codes for XE and XL Paper Sections (compulsory section and any other two sections)

XE: Engineering Sciences

- A – Engineering Mathematics (compulsory)
- B – Fluid Mechanics

About Your GRE® Score Report

Score Reporting Policies

With the *ScoreSelect*® option, you can decide which test scores to send to the institutions you designate. There are three options to choose from:

- Most Recent option – Send your scores from your most recent test administration
- All option – Send your scores from all administrations in the last five years
- Any option – Send your scores from one OR as many test administrations in the last five years (this option is not available on test day when you select up to four FREE score reports)

Scores for a test administration must be reported in their entirety. Institutions will receive score reports that show only the scores that you selected to send to them. There will be no special indication if you have taken additional GRE tests. See the *GRE® Information Bulletin* for details. The policies and procedures explained in the Bulletin for the current testing year supersede previous policies and procedures in previous bulletins.

Scores will be sent to designated score recipients approximately 10-15 days after a computer-delivered test and 5 weeks after a paper-delivered test. If your scores are not available for any reason, you will see “Not Available” in Your Test Score History.

GRE test scores are reportable according to the following policies:

- For tests taken prior to July 1, 2016, scores are reportable for five (5) years following the testing year in which you tested (July 1 – June 30). For example, scores for a test taken on May 15, 2015, are reportable through June 30, 2020. GRE scores earned prior to August 2011 are no longer reportable.
- For tests taken on or after July 1, 2016, scores are reportable for five (5) years following your test date. For example, scores for a test taken on July 3, 2016, are reportable through July 2, 2021.

Note: Score recipients will only receive scores from test administrations that you have selected to send to them.

Percentile Rank (% Below)

A percentile rank for a test score indicates the percentage of test takers who took that test and received a lower score. Regardless of when the reported scores were earned, the percentile ranks for General Test and Subject Test scores are based on the scores of all test takers who tested within the most recent three-year period.

Retaking a GRE Test

You can take the *GRE*® General Test *once every 21 days*, up to *five times* within any continuous rolling 12-month period (365 days). This applies even if you canceled your scores on a test taken previously. You can take the paper-delivered GRE General Test and *GRE*® Subject Tests as often as they are offered.

Note: This policy will be enforced even if a violation is not immediately identified (e.g., inconsistent registration information) and test scores have been reported. In such cases, the invalid scores will be canceled and score recipients will be notified of the cancellation. Test fees will be forfeited.

For More Information

For information about interpreting your scores, see *Interpreting Your GRE Scores* at www.ets.org/gre/understand.

For detailed information about your performance on the Verbal Reasoning and Quantitative Reasoning sections of the computer-delivered GRE General Test, access the free GRE Diagnostic Service from your ETS account. This service includes a description of the types of questions you answered right and wrong, the difficulty level of each question, and the time spent on each question. This service is available approximately 15 days after your test administration and for six months following your test administration.

If you have any questions concerning your score report, email GRE Services at gre-info@ets.org or call 1-609-771-7670 or 1-866-473-4373 (toll free for test takers in the U.S., U.S. Territories and Canada) between 8 a.m. and 7:45 p.m. (New York Time).

About Your GRE® Score Report

Score Reporting Policies

With the *ScoreSelect*® option, you can decide which test scores to send to the institutions you designate. There are three options to choose from:

- Most Recent option – Send your scores from your most recent test administration
- All option – Send your scores from all administrations in the last five years
- Any option – Send your scores from one OR as many test administrations in the last five years (this option is not available on test day when you select up to four FREE score reports)

Scores for a test administration must be reported in their entirety. Institutions will receive score reports that show only the scores that you selected to send to them. There will be no special indication if you have taken additional GRE tests. See the *GRE® Information Bulletin* for details. The policies and procedures explained in the Bulletin for the current testing year supersede previous policies and procedures in previous bulletins.

Scores will be sent to designated score recipients approximately 10-15 days after a computer-delivered test and 5 weeks after a paper-delivered test. If your scores are not available for any reason, you will see "Not Available" in Your Test Score History.

GRE test scores are reportable according to the following policies:

- For tests taken prior to July 1, 2016, scores are reportable for five (5) years following the testing year in which you tested (July 1 – June 30). For example, scores for a test taken on May 15, 2015, are reportable through June 30, 2020. GRE scores earned prior to August 2011 are no longer reportable.
- For tests taken on or after July 1, 2016, scores are reportable for five (5) years following your test date. For example, scores for a test taken on July 3, 2016, are reportable through July 2, 2021.

Note: Score recipients will only receive scores from test administrations that you have selected to send to them.

Percentile Rank (% Below)

A percentile rank for a test score indicates the percentage of test takers who took that test and received a lower score. Regardless of when the reported scores were earned, the percentile ranks for General Test and Subject Test scores are based on the scores of all test takers who tested within the most recent three-year period.

Note: This report is not valid for transmission of scores to an institution

Date of Birth: June 29, 1999

Most Recent Test Date: August 30, 2021Registration Number: 9545725
Print Date: October 6, 2021**Retaking a GRE Test**

You can take the GRE® General Test *once every 21 days*, up to *five times* within any continuous rolling 12-month period (365 days). This applies even if you canceled your scores on a test taken previously. You can take the paper-delivered GRE General Test and GRE® Subject Tests as often as they are offered.

Note: This policy will be enforced even if a violation is not immediately identified (e.g., inconsistent registration information) and test scores have been reported. In such cases, the invalid scores will be canceled and score recipients will be notified of the cancellation. Test fees will be forfeited.

For More Information

For information about interpreting your scores, see *Interpreting Your GRE Scores* at www.ets.org/gre/understand.

For detailed information about your performance on the Verbal Reasoning and Quantitative Reasoning sections of the computer-delivered GRE General Test, access the free GRE Diagnostic Service from your ETS account. This service includes a description of the types of questions you answered right and wrong, the difficulty level of each question, and the time spent on each question. This service is available approximately 15 days after your test administration and for six months following your test administration.

If you have any questions concerning your score report, email GRE Services at gre-info@ets.org or call 1-809-771-7670 or 1-866-473-4373 (toll free for test takers in the U.S., U.S. Territories and Canada) between 8 a.m. and 7:45 p.m. (New York Time).

Appointment Letter

Dear Sir,

With reference to our meetings, we are pleased to appoint you as **Software Engineer** in our organization with effect from today, 1st July 2021. We welcome you to the Igmite family and wish you great success!

The terms and conditions of your employment are mentioned below:

1. Your total emoluments will be Rs. 12,000/= per month. Management reserves the right to change the structure of components, at its own discretion, any time in the future.
2. Your current posting is at our development center in Thane (W). You may be required to work at client location within or around Mumbai. It will be intimated as per the needs. In case you are posted to overseas locations, the terms applicable will be intimated to you at relevant point of time.
3. You will be on probation for a period of six months from the date of joining. At end of the probation period, you will be confirmed on the basis of your work performance.
4. Your services are terminable with one month's notice on either side. The company may at its discretion choose to terminate your services with one month's pay, in lieu of notice period.
5. The company shall have the right to terminate your service without notice, if the information given by you during the selection process, is found to be incorrect or in case of any serious misconduct at work.
6. You will undertake herewith not to divulge or utilize any information concerning company's trade secrets or affairs, intellectual property of Igmite or its customers known during the course of work.
7. You will not, without prior written permission of the company, carry any business or engage yourself in services or employment of any other Company/Firm/Person.
8. You will be governed by the service conditions applicable to the employees of the company as amended from time to time.

You are requested to sign duplicate copy of this letter as a token of your acceptance and return to us for company records.

Yours faithfully,

For Igmite Solutions Pvt Ltd.

Retaking a GRE Test

You can take the GRE® General Test *once every 21 days, up to five times* within any continuous rolling 12-month period (365 days). This applies even if you canceled your scores on a test taken previously. You can take the paper-delivered GRE General Test and GRE® Subject Tests as often as they are offered.

Note: This policy will be enforced even if a violation is not immediately identified (e.g., inconsistent registration information) and test scores have been reported. In such cases, the invalid scores will be canceled and score recipients will be notified of the cancellation. Test fees will be forfeited.

For More Information

For information about interpreting your scores, see *Interpreting Your GRE Scores* at www.ets.org/gre/understand.

For detailed information about your performance on the Verbal Reasoning and Quantitative Reasoning sections of the computer-delivered GRE General Test, access the free GRE Diagnostic Service from your ETS account. This service includes a description of the types of questions you answered right and wrong, the difficulty level of each question, and the time spent on each question. This service is available approximately 15 days after your test administration and for six months following your test administration.

If you have any questions concerning your score report, email GRE Services at gre-info@ets.org or call 1-609-771-7670 or 1-866-473-4373 (toll free for test takers in the U.S., U.S. Territories and Canada) between 8 a.m. and 7:45 p.m. (New York Time).

SUBJECT
Decision of the Admission Committee of the University of Twente

Dear Nilay,

Thank you for your application to the Master of Science programme in 'Master Business Information Technology'. The Admission Committee of this programme has carefully assessed your application. The decision is: you are admissible to the MSc programme in 'Master Business Information Technology' starting 1 September 2021, provided that you obtain your Bachelor's degree before 1 September 2021. We believe that your background will enable you to successfully complete the programme. It is our pleasure to congratulate you on this admission.

To continue enrolment to the programme you need to login to your Osiris account and respond to our Offer of Admission. As soon as you accept our offer, the formal registration and enrolment procedure will start. Your enrolment to the programme will be arranged after you have met all the formal and financial requirements.

Should you have any questions, please do not hesitate to contact us. We look forward to meeting you at the start of our introduction period.

With kind regards,
On behalf of the Admission Committee

Mrs. S.D.E. Oolhorst
Head Student Administration Office

If you disagree with the decision of the Admission Committee you may submit a written appeal to the University of Twente within 6 weeks. The appeal can be sent to the following address: Complaints Desk Student Services (Vrijhof 239B), P.O. Box 217, 7500 AE Enschede, the Netherlands. Please note that the decision of the Admission Committee will not be revised unless there are grounds for appeal (additional proof of admissibility).

 Senior Director, NTA

1. The NTA Score of a candidate indicates the percentage of candidates who have scored EQUAL TO OR BELOW (same or lower raw marks) that candidate in that session.

2. The NTA scores of a Candidate have been calculated as follows:

$$\frac{100 \times \text{Number of candidates appeared in the 'Session' with raw score EQUAL TO OR LESS than the candidate}}{\text{Total number of the candidates appeared in the 'Session'}}$$

NTA score is not the same as percentage of marks obtained.

3. A National Merit Ranking (All India Rank) has been arrived based on the NTA Score.

4. In case scores are same for more than one candidate, the ranking has been done on the basis of sectional scores, considered in the order of Quantitative Techniques & Data Interpretation, Logical

Reasoning, Language Comprehension, General Awareness.

5. Candidates having same Score are listed in a chronological (ascending) order as per their date of birth.
6. Candidates having same score have been given the same Merit, and the next Merit rank has been increased by the same number i.e. if there are two candidates at Merit 2, Merit 3 would not be awarded to the next candidate but Merit 4 would be given.
7. The admission authorities are advised to use NTA score awarded to the students for allotment of seat in the AICTE approved programmes along with the other criteria that may exist, as applicable.
8. Candidate's particulars including Category and Person with Disability (PwD) have been indicated as mentioned by the candidate in the online Application Form.
9. Instances of incorrect information provided by the candidates, if detected at any stage, would make the candidate liable for disqualification.
10. The responsibility of verifying the category of the candidate for ascertaining eligibility of admission and award of scholarship if any lies with the admitting institute.
11. **Qualifying in CMAT 2021 does not guarantee any automatic entitlement for admission to P.G. programme nor AICTE assistance under P.G. programmes.**
12. **Any dispute concerning CMAT 2021 would be subject to jurisdiction of the competent courts within the territorial jurisdiction of New Delhi only.**

About Your GRE® Score Report

Score Reporting Policies

With the **ScoreSelect®** option, you can decide which test scores to send to the institutions you designate. There are three options to choose from:

- **Most Recent option** – Send your scores from your most recent test administration
- **All option** – Send your scores from all administrations in the last five years
- **Any option** – Send your scores from one OR as many test administrations in the last five years (this option is not available on test day when you select up to four FREE score reports)

Scores for a test administration must be reported in their entirety. Institutions will receive score reports that show only the scores that you selected to send to them. There will be no special indication if you have taken additional GRE tests. See the *GRE® Information Bulletin* for details. The policies and procedures explained in the Bulletin for the current testing year supersede previous policies and procedures in previous bulletins.

Scores will be sent to designated score recipients approximately 10-15 days after a computer-delivered test and 5 weeks after a paper-delivered test. If your scores are not available for any reason, you will see "Not Available" in Your Test Score History.

GRE test scores are reportable according to the following policies:

- For tests taken prior to July 1, 2016, scores are reportable for five (5) years following the testing year in which you tested (July 1 – June 30). For example, scores for a test taken on May 15, 2015, are reportable through June 30, 2020. GRE scores earned prior to August 2011 are no longer reportable.
- For tests taken on or after July 1, 2016, scores are reportable for five (5) years following your test date. For example, scores for a test taken on July 3, 2016, are reportable through July 2, 2021.

Note: Score recipients will only receive scores from test administrations that you have selected to send to them.

Percentile Rank (% Below)

A percentile rank for a test score indicates the percentage of test takers who took that test and received a lower score. Regardless of when the reported scores were earned, the percentile ranks for General Test and Subject Test scores are based on the scores of all test takers who tested within the most recent three-year period.

Test Report Form

ACADEMIC

NOTE Admission to undergraduate and post graduate courses should be based on the ACAD/EMIC Reading and Writing Modules
GENERAL TRAINING Reading and Writing Modules are **not** designed to test the full range of language skills required for academic purposes
It is recommended that the candidate's language ability as indicated in this Test Report Form be reassessed **after two years** from the date of the test

The GATE 2021 score is calculated using the formula

$$GATE\ Score = S_q + (S_t - S_q) \frac{(M - M_q)}{(\bar{M}_t - M_q)}$$

where,

M is the marks obtained by the candidate in the paper, mentioned on this GATE 2021 scorecard

M_q is the qualifying marks for general category candidate in the paper

\bar{M}_t is the mean of marks of top 0.1% or top 10 (whichever is larger) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)

$S_q = 350$, is the score assigned to M_q

$S_t = 900$, is the score assigned to \bar{M}_t

In the GATE 2021 score formula, M_q is 25 marks (out of 100) or $\mu + \sigma$, whichever is greater. Here μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper.

Qualifying in GATE 2021 does not guarantee either an admission to a post-graduate program or a scholarship/assistantship. Admitting institutes may conduct further tests and interviews for final selection.

Prof. B. R. Chahar

Organizing Chairman, GATE 2020
(on behalf of NCB - GATE, for MHRD)

26b0b7f731288ba972949cf094d441ea

Qualifying in GATE 2020 does not guarantee either an admission to a post-graduate programme or a scholarship/assistantship. Admitting institutes may conduct further tests or interviews for final selection.

In the GATE 2020, the qualifying marks for a general category candidate in each paper is $\mu + \sigma$ or 25 marks (out of 100), whichever is greater, where μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper. The qualifying marks for OBC(NCL) and SC/ST/PwD candidates are 90% and two-third of a general category candidate in the paper respectively.

The GATE 2020 score was calculated using the formula

$$\text{GATE Score} = S_q + (S_t - S_q) \frac{(M - M_q)}{(\bar{M}_t - M_q)}$$

where

M is marks (out of 100) obtained by the candidate in the paper

M_q is the qualifying marks for general category candidate in the paper

\bar{M}_t is the mean of marks of top 0.1% or top 10 (whichever is greater) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)

$S_q = 350$, is the score assigned to M_q

$S_t = 900$, is the score assigned to \bar{M}_t

In multi-session (Civil Engineering and Mechanical Engineering) papers, the normalized mark of j^{th} candidate in the i^{th} session \bar{M}_{ij} was computed using the formula

$$\bar{M}_{ij} = \frac{\bar{M}_t^a - M_q^a}{\bar{M}_{ti} - M_{iq}} (M_{ij} - M_{iq}) + M_q^a$$

where

M_{ij} is the actual marks obtained by the j^{th} candidate in i^{th} session

\bar{M}_t^a is the average marks of the top 0.1% of the candidates considering all sessions

M_q^a is the sum of mean and standard deviation marks of the candidates in the paper considering all sessions

\bar{M}_{ti} is the average marks of the top 0.1% of the candidates in the i^{th} session

M_{iq} is the sum of the mean marks and standard deviation of the i^{th} session

Graduate Aptitude Test in Engineering (GATE) 2020 was organised by Indian Institute of Technology Delhi on behalf of the National Coordination Board (NCB) - GATE for the Department of Higher Education, Ministry of Human Resources Development (MHRD), Government of India.

Qualifying in GATE 2020 does not guarantee either an admission to a post-graduate programme or a scholarship/assistantship. Admitting institutes may conduct further tests or interviews for final selection.

In the GATE 2020, the qualifying marks for a general category candidate in each paper is $\mu + \sigma$ or 25 marks (out of 100), whichever is greater, where μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper. The qualifying marks for OBC(NCL) and SC/ST/PwD candidates are 90% and two-third of a general category candidate in the paper respectively.

The GATE 2020 score was calculated using the formula

$$GATE\ Score = S_q + (S_t - S_q) \frac{(M - M_q)}{(M_t - M_q)}$$

where

M is marks (out of 100) obtained by the candidate in the paper

M_q is the qualifying marks for general category candidate in the paper

M_t is the mean of marks of top 0.1% or top 10 (whichever is greater) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)

$S_q = 350$, is the score assigned to M_q

$S_t = 900$, is the score assigned to M_t

In multi-session (Civil Engineering and Mechanical Engineering) papers, the normalized mark of j^{th} candidate in the t^{th} session M_{ij} was computed using the formula

$$M_{ij} = \frac{M_{it}^a - M_q^a}{M_{it}^a - M_{iq}^a} (M_{ij} - M_{iq}^a) + M_q^a$$

where

M_{ij} is the actual marks obtained by the j^{th} candidate in t^{th} session

M_{it}^a is the average marks of the top 0.1% of the candidates considering all sessions

M_q^a is the sum of mean and standard deviation marks of the candidates in the paper considering all sessions

M_{it} is the average marks of the top 0.1% of the candidates in the t^{th} session

About Your GRE® Score Report
Score Reporting Policies

With the *ScoreSelect*® option, you can decide which test scores to send to the institutions you designate. There are three options to choose from:

- Most Recent option – Send your scores from your most recent test administration
- All option – Send your scores from all administrations in the last five years
- Any option – Send your scores from one OR as many test administrations in the last five years (this option is not available on test day when you select up to four FREE score reports)

Scores for a test administration must be reported in their entirety. Institutions will receive score reports that show only the scores that you selected to send to them. There will be no special indication if you have taken additional GRE tests. See the *GRE® Information Bulletin* for details. The policies and procedures explained in the Bulletin for the current testing year supersede previous policies and procedures in previous bulletins.

Scores will be sent to designated score recipients approximately 10-15 days after a computer-delivered test and 5 weeks after a paper-delivered test. If your scores are not available for any reason, you will see “Not Available” in Your Test Score History.

GRE test scores are reportable according to the following policies:

- For tests taken prior to July 1, 2016, scores are reportable for five (5) years following the testing year in which you tested (July 1 – June 30). For example, scores for a test taken on May 15, 2015, are reportable through June 30, 2020. GRE scores earned prior to August 2011 are no longer reportable.
- For tests taken on or after July 1, 2016, scores are reportable for five (5) years following your test date. For example, scores for a test taken on July 3, 2016, are reportable through July 2, 2021.

Note: Score recipients will only receive scores from test administrations that you have selected to send to them.

Percentile Rank (% Below)

A percentile rank for a test score indicates the percentage of test takers who took that test and received a lower score. Regardless of when the reported scores were earned, the percentile ranks for General Test and Subject Test scores are based on the scores of all test takers who tested within the most recent three-year period.

Retaking a GRE Test

You can take the GRE® General Test *once every 21 days*, up to *five times* within any continuous rolling 12-month period (365 days). This applies even if you canceled your scores on a test taken previously. You can take the paper-delivered GRE General Test and GRE® Subject Tests as often as they are offered.

Note: This policy will be enforced even if a violation is not immediately identified (e.g., inconsistent registration information) and test scores have been reported. In such cases, the invalid scores will be canceled and score recipients will be notified of the cancellation. Test fees will be forfeited.

For More Information

For information about interpreting your scores, see *Interpreting Your GRE Scores* at www.ets.org/gre/understand.

For detailed information about your performance on the Verbal Reasoning and Quantitative Reasoning sections of the computer-delivered GRE General Test, access the free GRE Diagnostic Service from your ETS account. This service includes a description of the types of questions you answered right and wrong, the difficulty level of each question, and the time spent on each question. This service is available approximately 15 days after your test administration and for six months following your test administration.

If you have any questions concerning your score report, email GRE Services at gre-info@ets.org or call 1-609-771-7670 or 1-866-473-4373 (toll free for test takers in the U.S., U.S. Territories and Canada) between 8 a.m. and 7:45 p.m. (New York Time).

Retaking a GRE Test

You can take the GRE® General Test *once every 21 days*, up to *five times* within any continuous rolling 12-month period (365 days). This applies even if you canceled your scores on a test taken previously. You can take the paper-delivered GRE General Test and GRE® Subject Tests as often as they are offered.

Note: This policy will be enforced even if a violation is not immediately identified (e.g., inconsistent registration information) and test scores have been reported. In such cases, the invalid scores will be canceled and score recipients will be notified of the cancellation. Test fees will be forfeited.

For More Information

For information about interpreting your scores, see *Interpreting Your GRE Scores* at www.ets.org/gre/understand.

For detailed information about your performance on the Verbal Reasoning and Quantitative Reasoning sections of the computer-delivered GRE General Test, access the free GRE Diagnostic Service from your ETS account. This service includes a description of the types of questions you answered right and wrong, the difficulty level of each question, and the time spent on each question. This service is available approximately 15 days after your test administration and for six months following your test administration.

If you have any questions concerning your score report, email GRE Services at gre-info@ets.org or call 1-609-771-7670 or 1-866-473-4373 (toll free for test takers in the U.S., U.S. Territories and Canada) between 8 a.m. and 7:45 p.m. (New York Time).

Qualifying in GATE 2020 does not guarantee either an admission to a post-graduate programme or a scholarship/assistantship. Admitting institutes may conduct further tests or interviews for final selection.

In the GATE 2020, the qualifying marks for a general category candidate in each paper is $\mu + \sigma$ or 25 marks (out of 100), whichever is greater, where μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper. The qualifying marks for OBC(NCL) and SC/ST/PwD candidates are 90% and two-third of a general category candidate in the paper respectively.

The GATE 2020 score was calculated using the formula

$$GATE\ Score = S_q + (S_t - S_q) \frac{(M - M_q)}{(\bar{M}_t - M_q)}$$

where

 M is marks (out of 100) obtained by the candidate in the paper M_q is the qualifying marks for general category candidate in the paper \bar{M}_t is the mean of marks of top 0.1% or top 10 (whichever is greater) of the candidates who appeared in the paper (in case of multi-session papers including all sessions) $S_q = 350$, is the score assigned to M_q $S_t = 900$, is the score assigned to \bar{M}_t

In multi-session (Civil Engineering and Mechanical Engineering) papers, the normalized mark of j^{th} candidate in the i^{th} session \hat{M}_{ij} was computed using the formula

$$\hat{M}_{ij} = \frac{\bar{M}_t^g - M_q^g}{\bar{M}_{ti} - M_{iq}} (M_{ij} - M_{iq}) + M_q^g$$

where

 M_{ij} is the actual marks obtained by the j^{th} candidate in i^{th} session \bar{M}_t^g is the average marks of the top 0.1% of the candidates considering all sessions M_q^g is the sum of mean and standard deviation marks of the candidates in the paper considering all sessions \bar{M}_{ti} is the average marks of the top 0.1% of the candidates in the i^{th} session M_{iq} is the sum of the mean marks and standard deviation of the i^{th} session

Qualifying in GATE 2020 does not guarantee either an admission to a post-graduate programme or a scholarship/assistantship. Admitting institutes may conduct further tests or interviews for final selection.

In the GATE 2020, the qualifying marks for a general category candidate in each paper is $\mu + \sigma$ or 25 marks (out of 100), whichever is greater, where μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper. The qualifying marks for OBC(NCL) and SC/ST/PwD candidates are 90% and two-third of a general category candidate in the paper respectively.

The GATE 2020 score was calculated using the formula

$$\text{GATE Score} = S_q + (S_t - S_q) \frac{(M - M_q)}{(\bar{M}_t - M_q)}$$

where

 M is marks (out of 100) obtained by the candidate in the paper M_q is the qualifying marks for general category candidate in the paper \bar{M}_t is the mean of marks of top 0.1% or top 10 (whichever is greater) of the candidates who appeared in the paper (in case of multi-session papers including all sessions) $S_q = 350$, is the score assigned to M_q $S_t = 900$, is the score assigned to \bar{M}_t

In multi-session (Civil Engineering and Mechanical Engineering) papers, the normalized mark of j^{th} candidate in the i^{th} session \bar{M}_{ij} was computed using the formula

$$\bar{M}_{ij} = \frac{\bar{M}_t^g - M_q^g}{\bar{M}_{ti} - M_{iq}} (M_{ij} - M_{iq}) + M_q^g$$

where

 M_{ij} is the actual marks obtained by the j^{th} candidate in i^{th} session \bar{M}_t^g is the average marks of the top 0.1% of the candidates considering all sessions M_q^g is the sum of mean and standard deviation marks of the candidates in the paper considering all sessions \bar{M}_{ti} is the average marks of the top 0.1% of the candidates in the i^{th} session M_{iq} is the sum of the mean marks and standard deviation of the i^{th} session

** A candidate is considered qualified if the marks secured are greater than or equal to the qualifying marks mentioned for the category for which valid category certificate, if applicable, is produced along with this scorecard.

The GATE 2021 score is calculated using the formula

$$GATE\ Score = S_q + (S_t - S_q) \frac{(M - M_q)}{(\bar{M}_t - M_q)}$$

where,

M is the marks obtained by the candidate in the paper, mentioned on this GATE 2021 scorecard

M_q is the qualifying marks for general category candidate in the paper

\bar{M}_t is the mean of marks of top 0.1% or top 10 (whichever is larger) of the candidates who appeared in the paper (in case of multi-session papers including all sessions)

$S_q = 350$, is the score assigned to M_q

$S_t = 900$, is the score assigned to \bar{M}_t

In the GATE 2021 score formula, M_q is 25 marks (out of 100) or $\mu + \sigma$, whichever is greater. Here μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper.

Qualifying in GATE 2021 does not guarantee either an admission to a post-graduate program or a scholarship/assistantship. Admitting institutes may conduct further tests and interviews for final selection.

Overall Band Score

| | | | | |
|-----------|-------|---|-----------|---|
| Overall | | 7.0 | Good User | The test taker has operational command of the language, though with occasional inaccuracies, inappropriate usage and misunderstandings in some situations. They generally handle complex language well and understand detailed reasoning. |
| Test | Score | Your result explained | | |
| | | Test takers at Band 7.5 can typically follow extended speech and understand detailed instructions to complete tasks, including some involving complex ideas. They can identify ideas, attitudes, opinions or purposes which are implied by the speaker but not directly stated. They can easily understand meaning, including references within and between sentences, without having to process individual words and structures. They can understand a wide range of vocabulary, including some idiomatic, technical, and academic language, even when the language and ideas are complex. | | |
| Listening | 7.5 | Test takers at Band 7.5 can typically deal with a variety of factual and opinion-based texts that may be complex and dense with information. They are very good at using their wide vocabulary knowledge to create meaning, both within and across sentences, on a range of general and specialised topics. They can follow an argument and distinguish between main ideas and supporting details, and are good at understanding attitude, opinion and implication. They are able to do this by using reading strategies such as skimming and scanning, and by synthesizing information and drawing inferences. | | |
| | | Advice to improve your score Listen to current affairs and documentary programmes, or online talks, without pausing or repeating the recording. Try to remember as much as you can, including new words, main ideas, specific points, and their relationship to each other. Afterward, reconstruct what you've heard. How much are you able to reconstruct? Listen more and try to increase the amount that you can reconstruct. When speakers don't directly say what they mean, we use strategies to guess their meaning. What are some of these strategies that you use in your own language? Use the same strategies to understand them in English. At this level, it is important to broaden the range of texts you read further. Continue to develop your awareness of how to read different types of texts differently. What features does that particular type of text typically have? How is information structured and arranged in such texts? Will it require making inferences? Will there be a summary somewhere? Use your knowledge of these and approach the reading task in an appropriate way. Where you want to know the overall argument or specific arguments, try to do this as efficiently as possible. As an exercise, try to find several opinion-based texts on the internet, and then determine the similarities and differences in their opinions and views. | | |
| Reading | 7.5 | | | |
| | | | | |

Speaking

6.5

Test takers at this band can typically speak at length, although they are sometimes less clear or fluent because of repetition, self-correction, or hesitation to search for words or grammar. Speaking is generally well-organised, and ideas are generally well linked, but with some errors. They have enough vocabulary to discuss topics clearly and at length, although there are often errors, and they can usually paraphrase well. They can use simple and complex grammar structures but with limited range. There may be frequent grammar errors, particularly in more complex structures, but language is usually easy to understand. Pronunciation can be clear and effective, but there may be problems. They are usually easy to understand, although words may be unclear at times.

Talk to other English speakers about more abstract topics or more difficult current topics. Keep the discussion going for as long as possible. At the same time, try to express your ideas as accurately as you can, using the best words you know. Many of your ideas will also require the use of complex grammatical structures. If you're using several simple sentences, try to join them up in a way that makes your point clearer. Listen (and read) in English more to help you pick up natural and idiomatic phrases. When listening, note the rhythm and also the words that the speaker stresses. Is your rhythm similar? Are you putting the stress on the right words?

Writing

7.0

Test takers at this band can typically produce a clear overview of the graph or a clear viewpoint throughout the response. All parts of the task are covered. (GT) The letter has a clear purpose and a consistent, suitable tone. Test takers can support their main ideas with details and examples, although these might be too general and lack focus. The writing is well-organised and leads logically to its conclusion. They can use a variety of linking words, with some over- or under-used. In Task 2 every paragraph has one main topic. They can flexibly use a range of vocabulary and some less common words with some style, despite occasionally choosing the wrong word or making mistakes in spelling or in the form of a word. They are able to use a variety of complex sentences, and many of their sentences are correct. However they still make a few mistakes with grammar and punctuation.

Practice producing different types of writing. When writing informational and argumentative pieces, take care to develop your points thoroughly, providing as many relevant supporting ideas and details as necessary. Don't develop your points separately. Instead, ask yourself: how might I develop my idea so that it logically leads me to my next idea? Then, also ask yourself: does my use of paragraphing help to highlight the flow of my ideas? Have I also used other means besides paragraphing to do this? Use a good variety of structures, choosing appropriate ones to help the overall effect of your writing. Also try to use a wide range of vocabulary when you write, always using the best possible word. For words and phrases that are newer to you, look them up online to see how other writers use them and what other words they often appear together with. Finally, check your writing, paying special attention to those words and grammar structures you're not as confident about.

Reading

Intermediate

Test takers who receive a score at the **INTERMEDIATE** level, as you did, typically understand academic texts in English that require a wide range of reading abilities, although their understanding of certain parts of the texts is limited.

Test takers who receive a score at the **INTERMEDIATE** level typically

- have a good command of common academic vocabulary but still have some difficulty with high-level vocabulary;
- have a very good understanding of grammatical structure;
- can understand and connect information, make appropriate inferences, and synthesize information in a range of texts but have more difficulty when the vocabulary is high level and the text is conceptually dense;
- can recognize the expository organization of a text and the role that specific information serves within a larger text but have some difficulty when these are not explicit or easy to infer from the text; and
- can abstract major ideas from a text but have more difficulty doing so when the text is conceptually dense.

Listening

High

Test takers who receive a score at the **HIGH** level, as you did, typically understand conversations and lectures in English that present a wide range of listening demands. These demands can include difficult vocabulary (uncommon terms, or colloquial or figurative language), complex grammatical structures, abstract or complex ideas, and/or making sense of unexpected or seemingly contradictory information.

When listening to lectures and conversations like these, test takers at the **HIGH** level typically can

- understand main ideas and important details, whether they are stated or implied;
- distinguish more important ideas from less important ones;
- understand how information is being used (for example, to provide evidence for a claim or describe a step in a complex process);
- recognize how pieces of information are connected (for example, in a cause-and-effect relationship);
- understand many different ways that speakers use language for purposes other than to give information (for example, to emphasize a point, express agreement or disagreement, or convey intentions indirectly); and
- synthesize information, even when it is not presented in sequence, and make correct inferences on the basis of that information.

Organizing Chairman, GATE 2019
(on behalf of NCB - GATE, for MHRD)

The GATE 2019 score is calculated using the formula

$$GATE\ Score = S_q + (S_t - S_q) \frac{(M - M_q)}{(\bar{M}_t - M_q)}$$

where,

 M is the marks obtained by the candidate in the paper, mentioned on this GATE 2019 scorecard M_q is the qualifying marks for general category candidate in the paper \bar{M}_t is the mean of marks of top 0.1% or top 10 (whichever is larger) of the candidates who appeared in the paper (in case of multi-session papers including all sessions) $S_q = 350$, is the score assigned to M_q $S_t = 900$, is the score assigned to \bar{M}_t In the GATE 2019 score formula, M_q is 25 marks (out of 100) or $\mu + \sigma$, whichever is greater. Here μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper.

Qualifying in GATE 2019 does not guarantee either an admission to a post-graduate program or a scholarship/assistantship. Admitting institutes may conduct further tests and interviews for final selection.

Reading Skills

Level

Your Performance

Reading

High

Test takers who receive a score at the **HIGH** level, as you did, typically understand academic texts in English that require a wide range of reading abilities regardless of the difficulty of the texts.

Test takers who score at the **HIGH** level, typically

- have a very good command of academic vocabulary and grammatical structure;
- can understand and connect information, make appropriate inferences, and synthesize ideas, even when the text is conceptually dense and the language is complex;
- can recognize the expository organization of a text and the role that specific information serves within the larger text, even when the text is conceptually dense; and
- can abstract major ideas from a text, even when the text is conceptually dense and contains complex language.

Listening Skills

Level

Your Performance

Listening

High

Test takers who receive a score at the **HIGH** level, as you did, typically understand conversations and lectures in English that present a wide range of listening demands. These demands can include difficult vocabulary (uncommon terms, or colloquial or figurative language), complex grammatical structures, abstract or complex ideas, and/or making sense of unexpected or seemingly contradictory information.

When listening to lectures and conversations like these, test takers at the **HIGH** level typically can

- understand main ideas and important details, whether they are stated or implied;
- distinguish more important ideas from less important ones;
- understand how information is being used (for example, to provide evidence for a claim or describe a step in a complex process);
- recognize how pieces of information are connected (for example, in a cause-and-effect relationship);
- understand many different ways that speakers use language for purposes other than to give information (for example, to emphasize a point, express agreement or disagreement, or convey intentions indirectly); and
- synthesize information, even when it is not presented in sequence, and make correct inferences on the basis of that information.

Reading Skills**Level****Your Performance****Reading****High**

Test takers who receive a score at the **HIGH** level, as you did, typically understand academic texts in English that require a wide range of reading abilities regardless of the difficulty of the texts.

Test takers who score at the **HIGH** level, typically

- have a very good command of academic vocabulary and grammatical structure;
- can understand and connect information, make appropriate inferences, and synthesize ideas, even when the text is conceptually dense and the language is complex;
- can recognize the expository organization of a text and the role that specific information serves within the larger text, even when the text is conceptually dense; and
- can abstract major ideas from a text, even when the text is conceptually dense and contains complex language.

Listening Skills**Level****Your Performance****Listening****High**

Test takers who receive a score at the **HIGH** level, as you did, typically understand conversations and lectures in English that present a wide range of listening demands. These demands can include difficult vocabulary (uncommon terms, or colloquial or figurative language), complex grammatical structures, abstract or complex ideas, and/or making sense of unexpected or seemingly contradictory information.

When listening to lectures and conversations like these, test takers at the **HIGH** level typically can

- understand main ideas and important details, whether they are stated or implied;
- distinguish more important ideas from less important ones;
- understand how information is being used (for example, to provide evidence for a claim or describe a step in a complex process);
- recognize how pieces of information are connected (for example, in a cause-and-effect relationship);
- understand many different ways that speakers use language for purposes other than to give information (for example, to emphasize a point, express agreement or disagreement, or convey intentions indirectly); and
- synthesize information, even when it is not presented in sequence, and make correct inferences on the basis of that information.

The GATE 2019 score is calculated using the formula

$$GATE\ Score = S_q + (S_t - S_q) \frac{(M - M_q)}{(\bar{M}_t - M_q)}$$

where,

 M is the marks obtained by the candidate in the paper, mentioned on this GATE 2019 scorecard M_q is the qualifying marks for general category candidate in the paper \bar{M}_t is the mean of marks of top 0.1% or top 10 (whichever is larger) of the candidates who appeared in the paper (in case of multi-session papers including all sessions) $S_q = 350$, is the score assigned to M_q $S_t = 900$, is the score assigned to \bar{M}_t In the GATE 2019 score formula, M_q is 25 marks (out of 100) or $\mu + \sigma$, whichever is greater. Here μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper.

Qualifying in GATE 2019 does not guarantee either an admission to a post-graduate program or a scholarship/assistantship. Admitting institutes may conduct further tests and interviews for final selection.

About Your GRE® Score Report

Score Reporting Policies

With the ScoreSelect® option, you can decide which test scores to send to the institutions you designate. There are three options to choose from:

- Most Recent option – Send your scores from your most recent test administration
- All option – Send your scores from all administrations in the last five years
- Any option – Send your scores from one OR as many test administrations in the last five years (this option is not available on test day when you select up to four FREE score reports)

Scores for a test administration must be reported in their entirety. Institutions will receive score reports that show only the scores that you selected to send to them. There will be no special indication if you have taken additional GRE tests. See the GRE® Information Bulletin for details. The policies and procedures explained in the Bulletin for the current testing year supersede previous policies and procedures in previous bulletins.

Scores will be sent to designated score recipients approximately 10-15 days after a computer-delivered test and 5 weeks after a paper-delivered test. If your scores are not available for any reason, you will see "Not Available" in Your Test Score History.

GRE test scores are reportable according to the following policies:

- For tests taken prior to July 1, 2016, scores are reportable for five (5) years following the testing year in which you tested (July 1 – June 30). For example, scores for a test taken on May 15, 2015, are reportable through June 30, 2020. GRE scores earned prior to August 2011 are no longer reportable.

ESHAANEE KRISHNAKUMAR SARAIYA

Most Recent Test Date: November 14, 2018

Date of Birth: March 11, 1997

Registration Number: 4657887

Print Date: November 29, 2018

- For tests taken on or after July 1, 2016, scores are reportable for five (5) years following your test date. For example, scores for a test taken on July 3, 2016, are reportable through July 2, 2021.

Note: Score recipients will only receive scores from test administrations that you have selected to send to them.

Percentile Rank (% Below)

A percentile rank for a test score indicates the percentage of test takers who took that test and received a lower score. Regardless of when the reported scores were earned, the percentile ranks for General Test and Subject Test scores are based on the scores of all test takers who tested within the most recent three-year period.

Retaking a GRE Test

You can take the GRE® General Test *once every 21 days*, up to *five times* within any continuous rolling 12-month period (365 days). This applies even if you canceled your scores on a test taken previously. You can take the paper-delivered GRE General Test and GRE® Subject Tests as often as they are offered.

Note: This policy will be enforced even if a violation is not immediately identified (e.g., inconsistent registration information) and test scores have been reported. In such cases, the invalid scores will be canceled and score recipients will be notified of the cancellation. Test fees will be forfeited.

For More Information

For information about interpreting your scores, see *Interpreting Your GRE Scores* at www.ets.org/gre/understand.

For detailed information about your performance on the Verbal Reasoning and Quantitative Reasoning sections of the computer-delivered GRE General Test, access the free GRE Diagnostic Service from your ETS account. This service includes a description of the types of questions you answered right and wrong, the difficulty level of each question, and the time spent on each question. This service is available approximately 15 days after your test administration and for six months following your test administration.

If you have any questions concerning your score report, email GRE Services at gre-info@ets.org or call 1-809-771-7670 or 1-866-473-4373 (toll free for test takers in the U.S., U.S. Territories and Canada) between 8 a.m. and 7:45 p.m. (New York Time).

Dear Eshaanee,

Congratulations! I am pleased to inform you that you have been accepted to the Master of Science in Computer Science program at New Jersey Institute of Technology for the Fall 2019 semester. Welcome to the NJIT family!

We are anxious to finalize your acceptance. As an international student, you will need an I-20 before you can proceed with applying for a student visa.

Here are your next steps for moving your acceptance forward:

1. Submit the Application for I-20/DS-2019 Form and Affidavit of Support.

This form can be accessed at www.njit.edu/i20 and contains important information about the I-20 process. Separate forms of affidavit cannot be substituted in lieu of this form.

2. Submit Financial Support Documentation

You must have available funding (sponsor(s) or yourself) to cover the cost of attendance for the first year of study. The expected amount is USD \$52,730 for graduate students. All financial documents must be dated after January 1, 2019.

You may submit scanned copies of these documents to requesti20@njit.edu. Be sure to include your NJIT ID # (found above), full name, and date-of-birth in the email and a copy of your passport.

We will review your documentation upon receipt. The I-20 form and formal acceptance letter will be issued and sent to you provided the financial support documentation meets the requirements set above.

We look forward to finalizing your admission to NJIT!

Sincerely,
NJIT Office of University Admissions

| Listening Skills | Level | Your Performance |
|------------------|-------|---|
| Listening | High | <p>Test takers who receive a score at the HIGH level, as you did, typically understand conversations and lectures in English that present a wide range of listening demands. These demands can include difficult vocabulary (uncommon terms, or colloquial or figurative language), complex grammatical structures, abstract or complex ideas, and/or making sense of unexpected or seemingly contradictory information.</p> <p>When listening to lectures and conversations like these, test takers at the HIGH level typically can</p> <ul style="list-style-type: none"> • understand main ideas and important details, whether they are stated or implied; • distinguish more important ideas from less important ones; • understand how information is being used (for example, to provide evidence for a claim or describe a step in a complex process); • recognize how pieces of information are connected (for example, in a cause-and-effect relationship); • understand many different ways that speakers use language for purposes other than to give information (for example, to emphasize a point, express agreement or disagreement, or convey intentions indirectly); and • synthesize information, even when it is not presented in sequence, and make correct inferences on the basis of that information. |

| Speaking Skills | | Level | Description |
|---|------|-------|--|
| Speaking about Familiar Topics | Good | | Your responses indicate an ability to communicate about personal experiences and opinions effectively in English. Overall, your speech is clear and fluent. Your use of vocabulary and grammar is effective with only minor errors. Your ideas are generally well developed and supported with details. |
| Speaking about Campus Situation | Good | | Your responses indicate an ability to speak effectively in English about reading material and conversations typically encountered by university students. Most of your responses are clear and coherent, with only occasional errors of pronunciation, grammar, or vocabulary. |
| Speaking about Academic Course Content | Fair | | Your responses demonstrate that you are able to speak in English about academic reading and lecture material, with only minor communication problems. For the most part, your speech is clear and easy to understand. However, some problems with pronunciation and grammar may occasionally cause difficulty for the listener. Your use of grammar and vocabulary is adequate to talk about the topics, but some ideas are not fully developed or are inaccurate. |
| Writing Skills | | Level | Description |
| Writing based on Reading and Listening | Good | | You responded well to the task, relating the known to the reading. Weaknesses, if you have any, might have to do with <ul style="list-style-type: none"> sight imprecision in your summary of some of the main points and/or use of English that is occasionally ungrammatical or unclear. |
| Writing based on Knowledge and Experience | Good | | You responded with a well-organized and developed essay. Weaknesses, if you have any, might have to do with <ul style="list-style-type: none"> use of English that is occasionally ungrammatical, unclear, or unidiomatic and/or elaboration of ideas or connection of ideas that could have been stronger. |

THIS IS A PDF SCORE REPORT, DOWNLOADED AND PRINTED BY THE TEST TAKER.

This score report provides four section scores and a total score. An analysis of your strengths and weaknesses in English is included. The level pertaining to each skill should not be generalized beyond the performance on this test. Skill levels and their associated descriptions are not intended for use by institutions as part of their admissions criteria and will not be shared unless you grant permission.

Information About Scores: The following scaled scores are reported for the TOEFL iBT test. A total score is not reported when one or more sections have not been administered. These scores have the following ranges:

| Sections | Scaled Scores |
|--------------------|---------------|
| Reading | 0-30 |
| Listening | 0-30 |
| Speaking | 0-30 |
| Writing | 0-30 |
| Total Score | 0-120 |

Institution Codes: The code numbers shown on page 1 of this report are the ones you selected before you took the test. If any institution code you selected is missing, it was incorrect and the TOEFL® Program was unable to send a score report to that institution.

| DEPT. | WHERE THE REPORT WAS SENT |

| 00 | Admissions office for undergraduate study or an institution or agency that is not a college or university |
| 01, 01-99 | Admissions office for graduate study in a field other than management (business) or law according to the codes selected when you registered |
| 02 | Admissions office of a graduate school of management (business) |
| 03 | Admissions office of a graduate school of law |

Additional information about TOEFL iBT scores can be found on the Test Takers section of the TOEFL website at www.ets.org/toefl.

* Skill levels for speaking and writing individual skills are estimates of performance at the item level. The total writing and speaking scaled scores and ranges are more accurate. Therefore it is not appropriate to combine the individual skill levels. Doing so may lead to apparent inconsistencies between the diagnostic feedback and reported writing and speaking scores.

Re: MSc in CyberSecurity
Student Name: NITIN SANKHE
Mode: Full-time
Tuition Fee: €14500
Course Duration: 1 year (3 semesters from January 2020 - January 2021)
ID: 19191481
Email: sankhe.nitin1@gmail.com

Dear NITIN

I am pleased to inform you that you have been offered a place on the MSc in CyberSecurity commencing 06/01/2020. Please note it is strongly recommended that you arrive at least one week prior to your start date.

Offer Status

You have been made an offer without conditions.

Please note that all courses are subject to minimum and maximum student numbers.

Scholarships

We have assessed your application and I am delighted to inform you that you have been awarded a merit based scholarship of €2,000.

This scholarship award is for academic tuition fees only and will be applied to your student account once you confirm your place. The award cannot be carried over to future intakes or alternative courses. It is important that you understand the full terms of our scholarships, which can be viewed on our website.

Confirmation of your place

Your acceptance of this offer is final only on completion of **full payment** of your relevant tuition fees, which is the tuition fee listed above less your scholarship offer.

Places are allocated on a first come first serve basis upon receipt of full payment. If your payment reaches NCI after we have filled all of our allocated places it will not be possible to accommodate you for this intake. Class sizes are limited, so you are strongly encouraged to make your full payment as soon as possible. Please see overleaf for payment options.

Yours sincerely,

Sarah Duignan

(on behalf of NCB - GATE, for MHRD)

The GATE 2019 score is calculated using the formula

$$GATE\ Score = S_q + (S_t - S_q) \frac{(M - M_q)}{(\bar{M}_t - M_q)}$$

where,

 M is the marks obtained by the candidate in the paper, mentioned on this GATE 2019 scorecard M_q is the qualifying marks for general category candidate in the paper \bar{M}_t is the mean of marks of top 0.1% or top 10 (whichever is larger) of the candidates who appeared in the paper (in case of multi-session papers including all sessions) $S_q = 350$, is the score assigned to M_q $S_t = 900$, is the score assigned to \bar{M}_t In the GATE 2019 score formula, M_q is 25 marks (out of 100) or $\mu + \sigma$, whichever is greater. Here μ is the mean and σ is the standard deviation of marks of all the candidates who appeared in the paper.

Qualifying in GATE 2019 does not guarantee either an admission to a post-graduate program or a scholarship/assistantship. Admitting institutes may conduct further tests and interviews for final selection.
