Box Cricket

Several versions of the game have been in existence since the late 1960s, and like conventional cricket, the indoor version. Ball going directly over the provided line of the box will be given out if it doesn't bounce inside the box even if it is a No ball.

Kabaddi

It is believed that kabaddi was played in India as far back as 4000 years. The word 'kabaddi' has come from a Tamil word, 'kai-pidi' which means 'holding hands'. Kabaddi first received international exposure when India demonstrated the sport during the Berlin Olympics in 1936.

Football

Approximately 250 million people play soccer around the world every year, and it has been an Olympic sport since 1900. It has also been a Paralympic sport since 1984.

Tug of war

Tug of war was included in the Olympic Games from 1900 to 1920. The Tug of War International Federation was founded in 1960. The rope used for tug of war should be at least 33.5-m or 110-ft long, with a circumference of 100 to 125 mm.
