Vidyavardhini's College of Engineering & Technology

First Year Engineering

INTRODUCTION

Vidyavardhini's College of Engineering and Technology organized a Three-week induction program for the fresh candidates to First Year Students in line with the AICTE requirements.

OBJECTIVE

The objective of the program is to make the students feel comfortable in their new environment, open them up, set a healthy daily routine, create bonding in the batch as well as between faculty and students, develop awareness, sensitivity and understanding of the self, people around them, society at large, and nature.

The time during the Induction Program is also used to rectify some critical lacunas and sensitize them towards exploring their academic interest and activities, reducing competition and making them work for excellence, build relations between teachers and students and overall personality development. The induction program contained interesting activities like motivational speech, team building activities, expert lectures, and campus orientation sessions etc. The rationale for induction was to ensure a smooth transition for the students into the university system.

The following major activities under the induction program in which the students would be fully engaged throughout the day for the entire duration of program, this includes:

1. Physical activity: This would involve a daily routine of physical activity with games and sports which will help them to develop team spirit.
2. Proficiency Modules: Lectures on Basic English, Basic Mathematics, and Basic Computer Operation were conducted, and tests were taken to refresh the knowledge of the students. These lectures and tests were useful to recall and recollect the knowledge of the students.
3. Universal human values: It gets the student to explore on self and allows one to experience the joy of learning, stand up to peer pressure, take decisions with courage etc.
4. Literary: Literary activities involved reading, writing, debating and enacting a play.
5. Lectures by Eminent People: This period can be utilized for lectures by eminent people to give the exposure to the students in various fields.

A total of 480 students participated in this program which was conducted from 04th November 2022 –25th April 2023 & then it was continued throughout the academic year. Faculty and student mentors from across programs worked extensively to ensure that the induction was well organized. The following report includes the schedule and brief notes on the various events conducted as part of the induction program.

12	27 - 30/3/2023	Session 12	4.00pm - 5.00pm	Lectures on Basic computer operation
13	03- 05/4/2023	Session 13	4.00pm - 5.00pm	Diagnostic test on Basic Mathematics
14	10 - 13/4/2023	Session 14	4.00pm - 5.00pm	Diagnostic test on Basic English
15	17 -20/4/2023	Session 15	4.00pm - 5.00pm	Diagnostic test on Basic computer operation
16	24- 27/04/2023	Session 16	4.00pm - 5.00pm	Literary Activity

Vidyavardhini's College of Engineering & Technology

First Year Engineering

DAY 1- FE Orientation Program 2022

An orientation programme was conducted for the newly inducted students of First year Engineering students on 4th Nov 2022 in the world of Engineering at Vidyavardhini College of Engineering and Technology, Vasai (W), District –Palghar, in the 3rd floor, Seminar Hall.

The purpose of the orientation programme was to get the students accustomed to the 1st Semester subjects like Engineering Mathematics, Engineering Mechanics, Fundamentals of Electrical Engineering and non-academic aspects of their Curriculum. Two sessions were conducted using interactive audio visuals.

The dignitaries for the programme were our Principal Dr.Harish Vankudre, Dean Academics, Dr. Vikas Gupta, Dr. Madhavi Waghmare, Dr.Prafulla Patil- Placement in-charge, FE Coordinator - Dr.Sunayanana Jadhav, Ms. Chandrakishori Sonarkar- Chemistry/Induction Programme in-charge and Psychologist/Counselor- Ms. Poonam Surange.

The Orientation Programme was started with a warm welcome note by Mrs. Kamini More, Assistant Professor, Professional Communication & Ethics with support of Dr.Suraj Vishwakarma, Assistant Professor, Physics. Then first dignitary Principal Dr. Harish Vankudre addressed students by welcoming them and briefing about the college history, NAAC Accreditation, Outcome Based Education, Unique Selling Points of VCET, E-Cell innovations, Industry trends and important other activities related to their four years curriculum in the college campus. Principal Sir concluded his address by advising students to be focused throughout their four years term with confidence, dedication and concentration.

Secondly Dean Academics Dr. Vikas Gupta informed about the Vision-Mission inculcation, achievements of faculties, students and various committees during the past years. Dr. Madhavi Waghmare, threw light on curricular and co-curricular activities carried out in the college. Dr. Prafulla Patil educated the students by briefing them about their academic performance in each term for getting placement opportunities provided by VCET through placement cell. Also he made

Vidyavardhini's College of Engineering & Technology

First Year Engineering

students aware of the free placement training facility provided by the College. Dr. Sunayana Jadhav coordinated with the students regarding the Exam structure, CBCGS aspects and Exam Evaluation process. Ms. Chandrakishori Sonarkar further added to the knowledge of students about the importance, need and execution of the Induction Programme. Ms. Poonam Surange shared her past year's students counselling knowledge to the fresher's and assured her assistance in their personal or any academic issues. The Orientation Programme concluded with vote of thanks by Ms. Dorill Carvalho, to all the dignitaries, teaching/non-teaching staff for their support and guidance to the FE students with a warm welcome to the VCET family.

DAY - 2 INTRODUCTION TO SPORTS FACILITIES

The first-year orientation programme is designed to provide all students with a basic understanding of the Sports Committee and its functions. The FE students were also introduced to all the committee members and a brief overview of the college sports teams and their operations. Furthermore, the students were acquainted with Avahan, the grand annual sports event organized by the VCET Sports Committee that lasts nearly 15 days and includes students from all departments participating in all sports events with great enthusiasm.

This year's FE orientation was conducted on 7th November 2022. All the students from various branches were overjoyed to be able to attend this event. This event took place in the college Seminar Hall. Prof. Neha Gharat, Sports In-charge along with FE faculty, supervised the event. The committee members' primary goal was to educate students about the Sports Committee's operations.

The event began with an overview of the committee's various subsystems. The main goal was to create an informal communication bridge between FE students and seniors. Following this, all students were informed about the Sports Committee's events, which included the FE induction programme, the FE orientation programme, and the biggest and most anticipated event of the year, Avahan. The committee members showed all the freshmen a video of the previous event, Avahan. It began with the grand inauguration ceremony and continued with all the sports played throughout the event, which included Athletics, Overarm Cricket, Box Cricket, Rink Football, Volleyball, Tug of War, and Indoor Events such as chess and carrom.

Each member present at the programme was inspired by the experiences shared by SE and TE participants of past Avahan events.

The students were gradually encouraged to participate in some on-the-spot minute games curated by committee members for the sole purpose of instilling a spirit of oneness and wilful participation. The session radiated with pure joy and enjoyment. Moving on with the informative session, they were also informed about the generous sponsors who contributed to the success of the past several years Avahan. The FE students were then informed about the various sports teams that represent

Vidyavardhini's College of Engineering & Technology

First Year Engineering

the college and compete on an intercollegiate level.

The freshmen were then addressed by the Sports Secretary Mr. Nitheesh Kulal along with the Treasurer Jay Wanjari to share their experience.

The Orientation was then switched to a Q&A session, where all FEs were free to ask any question about sports or academics. The Committee members did their best to answer as many questions as possible. After answering the questions, the event came to a close.

After carrying out all the above activities, this event was marked successful. The event's success was majorly credited to Second-year and Third- year members of the Sports Committee.

Glimpses of FE Orientation program:

Vidyavardhini's College of Engineering & Technology

First Year Engineering

Day – 3 Introduction to Placement activities and Orientation of Universal Human Values

An induction programme on Universal Human Values and Placement Activity was conducted for First year students on 09th Nov 2022 at Vidyavardhini College of Engineering and Technology, Vasai (W), District –Palghar, in the 3rd floor and ground floor, Seminar Hall.

The purpose of the Induction programme was to get the students aware of basic human values and Employability skills.

The Induction Programme was started with a welcome note and introduction of speakers by Ms.Dorill and Ms.Praiza. Then the session was taken over by the speaker Mr.Ankur Srivastava , Senior Manager at Campus Vertical-SHL Group.He spoke about various Assessment Technology like AMCAT, Automata, SVAR WriteX, which will be helpful for students for getting placed in various Companies.

He also spoke about mock AI and employability skills that students should gain in their three years of Engineering.

Secondly, the VCET Counselor , Ms.Poonam Surange enlightened the students with nine Universal Human Values:Trust, Respect, Affection, Care, Guidance, Gratitude, Reverence, Glory and Love with various relevant examples.

Next,Ms.Aradhana Aggarwal spoke about Basic Communication Skill.She explained about miscommunication and importance of communication, defined Verbal and non-verbal communication, elements of communication,7 C's of communication ,basic requirements and benefits of communication at workplace and improvement of communication skill.

The Induction Programme concluded with a vote of thanks to all the Speakers.

DAY -4 VCET STUDENTS' COUNCIL

The FE Orientation program is organized for all the recently enrolled first year students. The program is conducted to give a brief idea regarding the Students' Council. The Students' Council also helps them out by clearing all their doubts. The session was conducted in the Seminar Hall of VCET.

The session included information regarding the basic structure, objective, working and role of Students' Council. All the series of events conducted by Students' Council were also concisely explained to all the first years. Along with that an informal conversation was held by the seniors of Students' Council to make students familiar and comfortable with their seniors and get a proper idea about the college events and the working of college including the co-curricular and extra-curricular activities. The first-year students opened up to their seniors and asked their queries to them. By the end of the session After the Movie of Zeal was streamed on the screen which fascinated all the students about Zeal and to be a part of the Students' Council.

The Students' Council also conducted an Ice-breaking session for all the first-year students in which different fun games were conducted along with some beautiful performances and talents showcased by the students. All the students enthusiastically participated in the games and had a lot of fun.

DAY 5-FE Orientation Programme -Session I Music therapy

An induction program on Music Therapy Activity was conducted for First year students on 11th Nov 2022 at Vidyavardhini College of Engineering and Technology, Vasai (W), District –Palghar, in a 3rd floor digital classroom.

The purpose of the Induction program was to get the students aware of Music therapy for stress management.

The Induction Program was started with a welcome note and introduction of speakers by Mr.Mayur. Then the session was taken over by the speaker Prof. Yogesh Pingale ,Assistant professor IT,VCET; Harmonium visharad,Akhil Gandharva vidyalaya miraj. He briefs about Importance of music in life for stress management,how music can be combined with technology as a part of therapy.

He also spoke about music ragas ,notes, shruties which have various frequencies that can be used in machine learning ,deep learning ,robotics and IoT as a part of stress management in music therapy.

Next, Ms.Aradhana Aggarwal spoke about Basic Communication Skill. She explained about the importance of communication skills, elements of communication and , defined Verbal and non-verbal communication ,7 C's of communication ,basic requirements and benefits of communication at workplace and improvement of communication skill.

The Induction Program concluded with a vote of thanks to all the Speakers.

FE Orientation Programme -Session II Yoga Activity

A session on Yoga and physical fitness was held on November 11, 2022 as a part of an Induction program arranged for the students of first year engineering in Vidyavardhini's College of Engineering and Technology, Vasai road, Vasai. The session was conducted for students of division A and B from 9:00am to 11 am and from 11.30 to 1.00 pm for the students of division C and D. The inaugural speech was given by Mr . Ganesh Tilve. Later he introduced the chief guest of the event Mr. Akshay Vernekar , a certified fitness trainer and national kickboxing gold medalist. After formal introduction Mr. Tilve handed over the charge of the session to Mr. Akshay Vernekar .Beginning the session by telling about his experience

Vidyavardhini's College of Engineering & Technology

First Year Engineering

and past achievement , Mr. Vernekar said that he is an international champion and has also won many bronze and silver medals.His students are following his footprints and will be participating in Asian Games, 2023.

Mr. Akshay Vernekar interacted with students with zeal and enthusiasm. He emphasized the importance of physical exercises in daily life and quoted how physical fitness is as equally important as academics. He encouraged the students to spare a minimum of 20 minutes of their daily routine for the exercise. Along with the physical fitness he also suggested working on enhancing the inner strength. As a part of daily exercise he mentioned to do four types of exercises -pull ups, Squats, bicycle crunches and lunges which help to enhance the strength of all body parts. Some of the exercises were demonstrated by him .A group of students also performed different types of exercise Later he also threw some light on different methods of self defense. Demo acts of attack and self defense were done which students learned and also enjoyed thoroughly.The overall session was very interactive and helpful for students.

As the ending note ,Mr. Ganesh Tilve thanked Mr. Akshay Vernekar, all students and all teaching and non teaching staff members.

Some of the glimpse of the session are included.

Vidyavardhini's College of Engineering & Technology

First Year Engineering

FE Orientation Programme -Session III E-Cell activities

Vidyavardhini's College of Engineering & Technology

First Year Engineering

On Friday, 11th November 2022, a 'power' packed orientation program by the E-cell of Vidyavardhini's College of Engineering & Technology (VCET) for the First- year students was organized. The students were awe-struck by the event. It was enthralling, full of light-hearted dialogues, lively, and interactive. The hosts Manaswi Jadhav & Mittarv Shah maintained the interest meter of the FE students at the highest through their flawless hosting.

Every parent dream of a money-magnet Engineer in the family. The orientation program sparked enthusiasm in the hearts of the students when they found various means to fulfill their parents' dreams. The purpose of the E cell- an Entrepreneurship cell of the college seemed to be half done. The difference between a businessman and an entrepreneur encouraged students to choose their path of progress. The E cell aimed not only to develop the hidden talents of the students through its various teams but also to train them to turn their talents into money-earning sources.

In the orientation program, the FE students were given an insight into the objective, and importance of E-cell, its flagship events, E- summit, Bizmaster, and the Entrepreneur desk & start-up sessions. The students found the program more interesting when the video of the previous events was played. The multifarious teams of the E- cell were introduced and their work was explained.

With the arrival of Aditya Joshi, the students reached another level of excitement as he played with them Logo Gyan and many other brainstorming games in which they had to recognize the famous brand names through half-displayed logos, founders' names, etc. The students participated with zeal and enthusiasm. It was amazing to witness that the students correctly answered and won the hearts of the seniors.

The session had indeed done a remarkable job of encouraging students to get friendly with their seniors, join the teams of their interest, and proceed toward a bright future.

**DAY 6 : Orientation about Ethan , Solection , Quad Bike and Airnova
Orientation by SAE TEAM**

Vidyavardhini's College of Engineering & Technology

First Year Engineering

On 29th December 2022, an orientation program was conducted by the Society of Automotive Engineers (SAE) teams of Vidyavardhini's College of Engineering and Technology. The orientation was held in the ground floor seminar hall of the college, and it was aimed at giving students an insight into the different SAE teams of the college and their activities. The SAE teams that presented during the orientation were Team VCET Solection, Team Ethan Racing Electric, Team Centurions, Team Airnova, and Team Emechto. Each team presented their work and outlined what students could learn by joining their team

Team VCET Solection, which has been making Driverless Solar Electric cars since 2017, shared their vision and goals with the students. The team explained that they aim to create sustainable and environment-friendly mobility solutions through their innovative driverless solar electric cars. They also discussed the different technical and non-technical skills that students could learn by joining their team, including programming, electronics, and project management.

Team Centurions, on the other hand, builds off-road quad bikes and was founded in 2015. The team shared their experiences of participating in various national and international competitions and highlighted the importance of teamwork and perseverance in achieving their goals. They also discussed the different challenges that students could face while working on their quad bike projects, such as design, fabrication, and testing.

Team Emechto, which builds electric motorcycles and was founded in 2019, discussed their passion for creating sustainable and efficient mobility solutions. They shared their experiences of participating in various competitions and explained how students could learn different skills, such as motor design, battery management, and power electronics, by joining their team.

Team Airnova, which builds unmanned aerial vehicles and was founded in 2020, shared their vision of creating innovative and cost-effective UAV solutions for various applications. They discussed the different technical and non-technical skills that students could learn, such as aerodynamics, control systems, and project management.

Team Ethan Racing Electric, which designs and builds high-performance electric race cars, discussed their experiences of participating in various competitions and their vision of promoting sustainable and

Vidyavardhini's College of Engineering & Technology

First Year Engineering

environment-friendly mobility solutions. They highlighted the different technical and non-technical skills that students could learn by joining their team, including vehicle dynamics, power electronics, and aerodynamics.

In conclusion, the orientation program conducted by the SAE teams of Vidyavardhini's College of Engineering and Technology was an excellent opportunity for students to learn about the different SAE teams of the college and their activities. The presentations by each team were informative, inspiring, and provided students with valuable insights into the skills and experiences they could gain by joining these teams. The program was successful in promoting the importance of extracurricular activities and inspiring students to pursue their passion for innovation and sustainability in the field of automotive engineering.

Day 7 Literati Activity

Vidyavardhini's College of Engineering & Technology

First Year Engineering

Similar to every year, the FE Orientation Programme was organized by the Literati Club of Vidyavardhini's College of Engineering and Technology and it was a huge hit among first-year students. The committee members ensured that the students had a fun-filled experience throughout the orientation. The program has not only provided entertainment to the students but also helped in building camaraderie among the students from different branches. The program was scheduled on 18th November 2022 between 3 pm to 5 pm in Ground Floor Seminar Hall. It was taken in two batches since there were lots of students waiting outside of the seminar hall when the members commenced with the 1st batch. The program was started by introducing the Literati Club, events organized by us, followed by the description of annual college magazine 'VISTA'. The participating students were stunned by the outstanding work of our creative-minded VCETians which was highlighted In VISTA.

The event took an interesting turn when the organizing team announced that they have some fun games for the youngsters sitting in the crowd. The very first game was guessing the Riddles, all the participants participated actively in this game and came up with interesting answers. It was followed by another game, "Guess the author". In this, the students were shown images of some popular books and they had to guess the author for a particular one. "Guess the song" was the last game for the evening wherein pictures of some scenes of popular songs were displayed and the students had to guess the movie, and song and sing them. Then attendees did not just participate enthusiastically but we also witnessed several secret superstars of VCET. It was a great start to the new academic year for the first-year students of VCET. The students were really appreciating the orientation program as it was a kind of break from their daily hectic schedule. It was a colossal success as the motive of providing knowledge and entertainment to the first-year students was achieved in a dandy manner.

Session on Innovation, Startup and Entrepreneurship-New Era for Young Engineering Graduates.

Objective: To inculcate the importance of innovation which leads to start up and growing startup turned in to entrepreneurship.

About the Speaker: The guest speaker for the session

1. Mr. SandipSukhija
Director, S.Cranes Pvt.Ltd,Mumbai

Brief introduction of chief guest

Mr. Sandeep Sukhija ,He is a Director of S. Crane Engg. Works, manufacturing Cranes, Hoists and Lifts located in Mumbai. Mr.Sukhija completed his Engg, in 1990. Joined family business in 1986 and has been engaged in expansion of the business since then. He has been a program leader at Denmark- a training and development organization since 2009 and he has trained 1000s of people so far. His annual turnover is around 50 crores and employee strength is around 200. The manufacturing plant is at Umbergaon Near Dahanu.

Brief aspects of the event highlights:

The day begins with the welcoming chief guest by Dr.Madhavi Waghmare,Convenor,IIC and briefly introduce the expert speaker at the beginning of the session.. There were 150 student participants were take part in this event.

At the beginning Mr.Sandip introduced himself as a mtivator for any one for any cause under the sun. He motivates many peoples so far making their life easier. Sir begins with the introduction of innovation, asked students to define the term innovation. Students are also excited and define the term in their own language. Sir also encouraged them to speak up highlighting the examples in relation to the terms students are mentioning.

Mr Sandip then turn to the term start up. He underlines the importance of start up and how one could begin his/her own start up. One important parameter for beginning a statup is to convenience the parents. According t Mr.Sandip, if one won't able convenience his parents could not able to convenience outsiders. To have successful start up, one have prior research on each and every angle of the product planning for.

The entrepreneurship is the outcome of successful startup which depends largely upon the sales team. If the dissimilation of the product reached to needy one, it will be possible to sell the product. The entrepreneur should have the knowledge of all fields of developing the business because he is

1

the only person who has to handle all the sectors of business starting from material procurement,manufacturing,finance, sells, service etc. Mr.Sandip gave a mantra for successful entrepreneur is the USP of the product should reach to end user. He shares the USP of his product is the best after sell service wherein the engineer from factory will repair

Vidyavardhini's College of Engineering & Technology

First Year Engineering

wherever required in the factory. The customers need to be satisfied with the promises made by the entrepreneur. He also emphasis upon the word given by us should be fulfilled at any cost, then and then only the customer will believe you and think of doing businesss with you.

Many such interesting examples,interactions with students, browsing on internet for important definitions by students make the session very interesting and keeps students engaged for almost 1 hour and 40 mins in the seminar hall. One thing observed here is that first year students who just began their engineering education found more curious about the field of innovation, startup and entrepreneurship. So they are the brand ambassador for us.

Many students share their ideas with the exper speaker at last and received the constructing comments fro the expert speaker.

The event continued for around 2 hours at stretch.

DrAshish Chaudhari, President highlighted some salient points of the speech delivered by Mr.Sandip and bring to notice of students that there are two sides of coin at end of graduation. One side is the placement wherein you join some industry and earn money as salary. The other side of the coin is the start up and entrepreneurship where in you no longer be a jook seeker become a job creator.

SO you have to decide where you wish to turn and the beginning is from this point onward itself. The felicitation will take place with a memento to Mr. Sandip Sukhija by Dr. Madhavi Waghmare .

The vote of thanks was delivered by Dr. Mdhavi Waghmare .

STUDENTS' COUNCIL

STUDENTS' COUNCIL REPORT 2022-23

The Student Council plays a crucial role in shaping the overall student experience in the VCET campus. The Student Council is responsible for organizing various events and activities that promote extracurricular participation and holistic development. It encourages students to showcase their talents, hone their skills, and interact with their peers, thereby creating a vibrant and inclusive campus culture. The Student Council actively organizes various events throughout the academic year, starting right from the orientation for the newly admitted students to organizing the main cultural fest called ZEAL.

The Orientation for the fresher's is conducted by the council giving them the overview of the events lined up for them throughout the academic year and opening the doors of the council for them. The Fresher's party is organized at the beginning of the academic year to welcome the new batch of students. It provides an opportunity for them to get to know their peers and interact with them. To honour and appreciate the hard work and dedication of the faculty members council also celebrates Teacher's Day with fun and interesting activities. It is a day of gratitude, respect, and recognition for the valuable contribution made by the faculty members in shaping the students' future. A high energy event like the Garba Night is also arranged by the Students Council during the Navratri festival. The event is open to all students, and participants are encouraged to dress in traditional attire. To mark the end of the academic journey of the final year students, Students Council organizes a Farewell party bidding them a formal goodbye. Farewell serves as a symbolic closure for the graduating students' college life and helps them strengthen their bonds with their peers and the college community.

"ZEAL" being the most awaited event by not only the students but also the faculties of VCET is organized by the Students Council. It is a three-day event that brings together everyone to participate in various cultural activities. The event includes dance performances, music concerts, drama, and other cultural activities which kindles the creative side of each participant.

In conclusion, the Student Council of VCET has been organizing various events that promote student engagement and involvement. The events help to create a vibrant and inclusive campus culture that cater to the diverse interests of the students. These events provide an opportunity for the students to develop their skills, interact with their peers, and celebrate their cultural diversity.

TEACHERS' DAY

Date: 13/09/2022

Description of Event:

Teachers of VCET work very hard throughout the year for their students. To appreciate their hard work Teachers Day is celebrated every year at VCET. On this occasion the Students' Council hosts a Teacher's Day celebration where teachers of every department, non-teaching staff and office staff are invited. The teachers were welcomed with a rose and a card along with countless wishes. Teachers joined the celebration wearing colorful dress code given by the students of council. The celebration began with teachers enjoying the games organized by students. The teachers truly enjoyed the game session with fun and joy. The session continued with a magic show and Singing performance where students of VCET performed magic act and singing performance for the teachers. At last, the event concluded with a video which consisted of pass-out students sharing their memories with the Teachers and thanking them for contributing to their life. This day created countless memories for the teachers and students of the council.

Welcomed teachers with a rose and a card.

STUDENTS' COUNCIL

GARBA NIGHT

Date: 30/09/2022

Description of Event:

Navratri is an auspicious festival celebrated in India which honors Maa Durga. The students' council organised a garba night to celebrate this occasion. Like every year the night brought together students of every year and faculty members together to celebrate and dance on the tunes of music. To show creativity and some enjoyment for all the faculties Students' Council also organized a Dandiya Decoration Competition in which each department faculty competed against each other for the best decoration of dandiya. The event began with aarti of goddess durga to seek her blessings. Students and faculties with full enthusiasm started garba night on the beats of Raas Garba. The ground was filled with all beautifully dressed up dancers in chaniya choli and kediyu. At the end, the prizes for Best Dancer and Best Dresser were announced which was tremendously difficult among all the talented and beautifully dressed students. The night was wrapped with tired but happy faces.

FRESHERS ORIENTATION

Date: 14/11/2022

Description of Event:

FE Orientation program is organized for all the recently enrolled first year students. The program is conducted to give a brief idea regarding the Students' Council. The Students' Council also helps them out by clearing all their doubts. The session was conducted in the Seminar Hall of VCET. The session included information regarding the basic structure, objective, working and role of Students' Council. All the series of events conducted by Students' Council were also concisely explained to all the first years. Along with that an informal conversation was held by the seniors of Students' Council to make students familiar and comfortable with their seniors and get a proper idea about the college events and the working of college including the cocurricular and extra-curricular activities. The first-year students opened up to their seniors and asked their queries to them. By the end of the session After Movie of Zeal was streamed on the screen which fascinated all the students about Zeal and to be a part of the Students' Council. The Students' Council also conducted an Ice-breaking session for all the first-year students in which different fun games were conducted along with some beautiful performances and talents showcased by the students. All the students enthusiastically participated in the games and had a lot of fun.

STUDENTS' COUNCIL

FRESHERS' PARTY

Date: 26/12/2022

Description of Event:

Every student eagerly awaits right from their time of admission for their most remarkable event of the college “**FRESHER’S EVE**”. The fresher’s day was filled with excitement, joy, music, enthusiasm, laughter and happiness as it was **A Day(Nim) to remember**. Students were given a theme to wear denim. It is the day where seniors and juniors finally bond and unite to celebrate being part of the college. The event was started by Dr. Harish Vankudre, Principal who shared a few words inspiring the freshers. Dr. Madhavi Waghmare, Dean Students' affair, also shared her views and encouraged the spirit of the freshers to study and grow. There were some amazing performances from the Freshers themselves. Further the freshers competed against each other for the title of Mr. and Miss. Fresher. The participants had four rounds including elimination. The first round was to showcase their talents to the seniors and fulfill the tasks provided to them. Followed by some exciting games the pairs tried their best to win the rounds. Finally, two pairs made it to the finals and were given the task to introduce themselves as well as dance with the props on any song played. This was judged by the faculties. Dr. Sunayana Jadhav, Students' Council Incharge and Dr. Madhavi Waghmare, Dean Student Affairs, announced the names of Mr. and Miss freshers. The event ended with DJ music where all the students danced to the beats removing all the stress and enjoying pure bliss.

ZEAL 2023

Date: 08/02/2023 – 10/02/2023 Description of Event:

After years of organizing various successful events VCET Students' Council was back again with the most awaited event ZEAL 2023.

ZEAL 2023 OXALIS: A Quest for Hidden Talents, this year the theme 'OXALIS' was about finding the hidden treasures in the lost cities of Aaranya, Avisia, Mirage & Saarang with each city having its own essence and history. The treasure represented the rustic talent of one's life that needed to be polished again to find the hidden gem which would be achieved by facing various challenges which is the ultimate purpose of life. Like every year Zeal overall consisted of Pre- Zeal and Main Zeal, starting off with the Pre- Zeal we had Elimination rounds for 3 days those were on the 1st, 2nd and the 3rd of February 2023, events such as Antakshari, Dumb Charades, True pals, Facts and Furious, Charcoal Sketching, Master stroke were held. Moving forward we had Formals and Traditional Day on the 6th and 7th of February 2023, respectively.

Day 1: 08/02/2023

Commencing with the main Zeal right from 8th February 2023 as our Day 1, we had events like Rangoli, Treasure hunt, Ad- mad show, True pals starting from 9 am, wrapping up with the events by 3 pm. Thereby beginning with the Grand Inauguration we had Dhol Tasha to commence our Zeal 2023 in a traditional Maharashtrian style. Welcoming our National Award winning actress Ms. Sayali Sanjeev as our honorable Chief Guest with Aarti & lezim, she thereby lit the lamp along with Dr. Harish Vankudre (Principal), Dr. Vikas Gupta (Dean of Academics), Dr. Madhavi Waghmare (Dean of Student Affairs), Dr. Sunayana Jadhav (Students' Council Coordinator), Mr. Kaustubh Gharat (General Secretary), Mr. Varun Valia (Deputy General Secretary), Mr. Nidan Gavali (Treasurer), Ms. Nidhi Mehta (Cultural Secretary), Shri. Vikas Vartak (President Vidyavardhini), Shri. Pandurang Naik (Vice President Vidyavardhini) and Shri. Hasmukhbhai Shah (Treasurer Vidyavardhini). Ms. Sayali Sanjeev then revealed the theme OXALIS for Zeal 2023 in a very marvelous way. We ended our day with our Dance Event consisting of Solo, Duet and Group Dance with our judges Mrs. Sarika Save and Mr. Baljeet Singh to declare our winners for the event.

Day 2: 09/02/2023

On the 9th February 2023 as Day 2 of Zeal, we had events such as Instrumentals, Popular and Western Vocals, Master Chef, Dumb Charades, Street play, and Tattostic. Day 2 was also included a fun day that was the Character Day, people got creative and showed off themselves as they dressed up as their favorite characters. Moving forward 6 pm onwards, we started with an amazing evening 'Symphony'. It is a platform for promoting local artists with their musical talents. This was our first year having Symphony, we had artists like Naksh band, Neeraj Sonar and and MH43 India to showcase their unique talents for music they filled the evening with harmony and magic leaving the audience mesmerized.

Day 3: 10/02/2023

Coming towards the last day on the 10th February 2023 as our Day 3, we had events such as Master Chef, rejuvenated version of Mock the Voice, Antakshari, Facts and Furious, Solo and Duet Singing. All 3 days consisted of all day events like Neon cricket, Neon carrom, Neon football and Lan games like CS GO, Valorant and COD Mobile. We had our last ground event as EDM Concert featuring the very famous and renowned DJ Shaan along with DJ Akash Suryawanshi and DJ Harsh Mevada who made the evening shine by their amazing performance and the audience enjoyed to their hearts content after which the Vote of thanks by Nidan Gavali (Treasurer) and Nidhi Mehta (Cultural Secretary) left everyone with tears of joy and proud for all the work done by the Student's Council, their hardwork and persistence made Zeal 2023 a triumph, and this is how we wrapped up Zeal 2023 OXALIS with success and memories.

Literati - The Literary Club

Vidyavardhini's College of Engineering and Technology, K.T. Marg,
Vasai(W) - 401202

LITERATI CLUB(AY 2022-23) REPORT

Literati – The Literary Club of VCET is responsible for promoting and supporting literary activities within our organisation. Over the past year, the committee has made significant progress in achieving its objectives. This report summarises the committee's activities, achievements, and challenges faced by the club in AY 2022-23

We begin each year by welcoming creative and interested members for our committee who put their heart and enthusiasm into making the year insightful. The theme for Vista 2022-23 was **Atraaf - Giving life a new direction**. It featured outstanding works of literature from amateur readers, writers, and poets of our college. The committee organises events not only in one or two languages but in three different languages i.e. Hindi, Marathi, and English! which in turn brings more participants and zeal.

Since the motto of the committee is to promote literature among students, Marathi and Hindi Kavi Sammelan were two poetry recitation competitions hosted consecutively. The competition brings out some of the finest poets in the college and their creations are music to ears. Not just students, but faculty participation in the club's activities were promoted in the form of MBD(Marathi Bhasha Divas) to bring out the literature enthusiasts among the teachers.

The ultimate and most-anticipated event of the year Litfest'23 capped off the glorious work put forward by the committee members. This year Litfest'23 was held from 6th March 2023 to 16th March 2023. As a regular trend that is seen over the years Faceoff 10 and Unscripted - The Extempore competition attracted interest and delight throughout the students, faculty and management of VCET.

This year had its ups and downs, with some major issues arising at critical moments. But it was quite remarkable how the unity stayed among the members and through sheer determination and will power, every event was a grand success and only brought fame and praise for the committee.

Name of the Event: Marathi Bhasha Diwas

Date of the Event: 24/02/2023

REPORT

Literati - The Literary Club of Vidyavardhini's College of Engineering and Technology organized "**Marathi Bhasha Divas**" event on **24th February, 2023**. This year theme for Marathi Bhasha Divas was "Pandharpur chi Vaari". The event started by carrying a Vaari around the college campus with the faculty members starting from backstage with lots of enjoyment, dancing and chanting of god Vitthal till the Seminar Hall. Another highlight of the day was '**Atraaf**' **Magazine release**. The first copy was distributed to our honourable principal Dr. Harsih Vankudre and Literati club incharge Ms. Swati Varma. As a tradition, every department of VCET was asked to make a video related to the theme and the same was displayed in the event which caught lots of appreciation and joy. The winner of the short movie was **FE staff** and the runner up were **CSE (DS) - AI&DS staff**. The judge of the Marathi Bhasha Divas was **Mrs. Pooja Pisal**.

The evening was filled with various activities like singing, play acts, and short movie based on our theme. The activities were performed not only by the students but also by the faculty members of all the departments of VCET. **Omkar Jadhav (TE-IT)** was the evening's show stealer, stunning everyone with his jaw-dropping performance and elevating the event to new heights. The hosting duo were **Saurabh Patil (SE-CSE)** and **Sakshi Ghonge (TE-COMPS)** who beautifully conducted the flow of the entire event. The Marathi Bhasha Divas had ended with lots of joy and immense and lots of photographs and lots of appreciation from the faculties to Literati Club.

Report of

Seminar on Discover the power within you 8th March 2023

(International Women's day)

Objective: To introduce the necessary skills, attitude and kind of behavior to become a successful entrepreneur.

About the Speaker: The guest speaker for the session

1. Mrs. Surekha Bhosale

A Visionary Entrepreneur, Career and Passion Counsellor, Trainer, Mentor, Influencer has built an ecosystem of Counselling - Learning - Skilling - Employing - Digital Branding and Mentoring with her own brand and two organizations Hrishi Computer Education and GlobereachIndia

Brief introduction of chief guest

A journey of Ambition, Determination, Dedication!! Training Centers are post-secondary schools in India. At Hrishi Computer Education we have trained 35000+ students in the last 17 years of journey. Today, being an ISO 9001:2008 certified and Government-recognized institute, Hrishi Computer Education is one of the TOP institutes at Mumbai North (Vasai, Virar, Palghar) for IT training and computer courses. Being accredited 12 times from various managements and also the most esteemed award "Best Vocational Training Provider" in 2019 for my renowned service in guidance and development.

The Journey as an Entrepreneur, Trainer, career Counsellor, and Mentor has led to cultivating the best educational practices for training institutes innovating different platforms for students and one of them recently is that we launched HrishiOnlineBuddhi is the No.1 Online-Learning Platform where students can learn the most demanding course in HINDI and ENGLISH considering the present situation and the demand for skill development in RURAL AREAS and students with LANGUAGE BARRIERS can upgrade their knowledge to achieve their dream career.

Entrepreneur Journey Continues...

Digital Transformation is a Mandate in today's world & the best digital services come with the big pack budget. I strongly believe that the power to transform for every entrepreneur is a must to accelerate business. On this premise, I Co-founded Globreach an Indian local custom software development company with one clear objective, to deliver the best customer service. Our mission is to develop enterprise applications, in India, that exceed the expectations of our clients while maintaining competitive pricing for both existing and small MSME start-ups looking for digital transformation.

Brief aspects of the event highlights:

Entrepreneurship's Most Important Facts

There are a few things you should know before starting a small or large business.

As a first-time entrepreneur, here are five things you should be aware of:

- There will always be dangers.
- The income is not consistent.
- It is necessary to market constantly.
- You'll require certain abilities.
- Entrepreneurship isn't a sure thing.

There are also recommendations from #investors, #entrepreneurs, and #financialexperts to assist you face and overcome the majority of the problems you'll experience when starting a business from the ground up. Years of experience as risk-takers have led to these conclusions. So, take your time, read, and think about the following suggestions.

Take chances: Some hazards are quite frightening and might result in significant losses. However, if you want to be a great entrepreneur, you must be willing to take chances. There are some calculated risks that you should accept in your business operations. You can imagine how happy you'll be if a risk you took paid off handsomely for your company.

As thoughts come to you, jot them down: You never know which of your many ideas will propel your company to the top. This is why you should write them down as they occur; ideas, like #opportunities, come and go.

All directions are connected: Networking will allow you to broaden your network and learn from people who have achieved the goals you seek. However, networking in all directions has a lot more advantages. Horizontal networking among other business owners might help you create social connections and learn from one another. Vertical networking allows you to learn from specialists, you will have more #knowledge or #skill than at least one individual.

Keep track of your spending: You may be so invested in the #success of your new business that you wind up overspending and accumulating debt. Make a list of important products that will help your company expand, and set aside some money to purchase them. Make a reasonable budget, stick to it, and adjust it as needed.

Make a strategy for getting out of the situation: You should know when to stop, halt, or push harder as an #entrepreneur. It's not a good idea to let your pride pull you down. If your project fails to progress, consider the mistakes you made. You might find that it wasn't a mistake at all; it was simply a scenario beyond your control. You can always go forward after learning from your mistakes.

Things may not go as smoothly as you hope if you are a first-time entrepreneur. It's not easy for #successfulentrepreneurs, either. However, by following these suggestions, you might find the #motivation to work hard and intelligently. Putting these suggestions into action will increase your startup's chances of success as it grows. So, I hope you'll internalise and act on them. If you enjoyed reading the article, hit that heart button below and share your views.

The felicitation will take place with a memento to Mrs. Surekha Bhosale by Dr. Harish Vankudre, Principal VCET.

The vote of thanks was delivered by Ms. Harshi Shah

Thank you

**To,
The Principal
VCET.**

Subject: VVMC Rashtragaan

On 17th August 2023, students of NSS committee from Vidyavardhini's college of Engineering & Technology gathered together to sing the Indian national anthem "Rashtragaan." The event was held to promote a sense of national unity among the students.

The students, dressed in their NSS zippers, assembled at the VVMC office. After a brief introduction by the NSS coordinator, the students began singing "Rashtragaan" in unison. The sound of their voices echoed throughout the area, creating a sense of patriotic fervor among the participants and the onlookers.

Overall, the event was a great success, and the students left with a deeper appreciation of their country and its values. The singing of "Rashtragaan" served as a powerful reminder of the importance of national identity and the role that young people can play in shaping the future of their country.

Subject: Report on Youth Day, 12th January 2023

Youth day was celebrated by the students of the NSS Committee of Vidyavardhini's College of Engineering & Technology, Vasai on 12th January 2023 in College. A street play was organized by the NSS Committee. The event took place near the college foyer area, where a large crowd of college students and faculty gathered to watch the performance.

The street play aimed to raise awareness among the youth about the importance of education, social equality, and the need to stand up against social injustices. The play portrayed various scenarios and challenges faced by the youth in today's society, including poverty, lack of education, gender discrimination, and drug abuse.

In addition to the street play on social issues, a skit was also performed on the importance of the Constitution of India. The skit aimed to educate the youth about the fundamental principles of the Constitution and its relevance in today's society. The actors portrayed the various features of the Constitution, such as democracy, secularism, and the rights and duties of citizens.

The skit on the Constitution was a great addition to the Youth Day event as it emphasized the importance of constitutional values and their impact on society. It also highlighted the role of the youth in safeguarding and promoting these values, encouraging them to become responsible and active citizens. Overall, the skit and the street play together made the Youth Day event a great success and helped in inspiring and educating the youth about important social and constitutional issues.

Subject: National Unity Day

The NSS committee of Vidyavardhini's College Of Engineering and Technology, Vasai organized an event on unity day. All the faculties of the college were present and gave active participation in making this event a success.

VCET's NSS Committee wholeheartedly participated in the event. The event started with an introduction of unity day, its importance, and why it is celebrated. Students spoke on our national leaders Sardar Vallabhbhai Patel and Mahatma Gandhi and their contribution to the freedom fight, making the people of India demand justice unitedly against the British government. The preamble was pledged by faculties and students.

Lastly, our principal Dr. Harish Vankudre, enlightened us with his thoughts on unity day. NSS Committee organized a fun quiz at the end in which all the faculties participated and winners were then awarded.

Thank you.

Subject: Mega Donation Distribution

Selfless hands connecting hearts results in overwhelming happiness. Having this thought in hearts and minds, the NSS Committee of Vidyavardhini College of Engineering and Technology, Vasai organized a Mega Donation event on 23rd July 2022. The event took place at **Jeevan Sahara Charitable Trust** Vasai (W) by 11 am.

Being one of the most prominent events on the calendars, this event was carried out by NSS volunteers with enthusiasm. The collected items for donation such as clothes (in wearable condition) and food grains were donated and equally distributed at the old age home. The elders were delighted to interact with the students and blessed them with overwhelming love and care. Before ending the event, the students interacted with the caretakers and said that they would visit there often.

Lastly the event was carried out successfully and with all safety precautions and concluded by thanking all the volunteers for their great efforts.

Thank You.

Subject: Mega Donation Collection

A mega clothes donation drive was held from 27/06/2022 to 15/07/2022 at Vidyavardhini's College of Engineering & Technology by the NSS Committee of VCET. The purpose of the drive was to collect clothes from donors and distribute them to the less fortunate individuals in the community. The event was a great success, with a large number of students from all over the college coming forward to donate clothes. The event was widely advertised through social media which helped to attract a large number of donors.

The collection drive began at 9:00 AM and continued until 5:00 PM. The volunteers worked tirelessly throughout the week to collect, sort, and pack the donated clothes. The donated clothes included new and gently used clothes, winter wear, and shoes for all age groups. The clothes were segregated based on their size and category and packed in large bags for distribution. The distribution of clothes was held on 23/07/2022, and the volunteers worked tirelessly to distribute the clothes to the underprivileged individuals and families in the community. The distribution drive continued and reached out to maximum people in the community.

The mega clothes donation drive was a huge success and achieved its goal of providing clothing to the less fortunate individuals in the community. The drive would not have been possible without the hard work of the volunteers and the

generosity of the donors. The event was a testament to the community's kindness and willingness to help those in need. The organizers plan to hold similar drives in the future to help more people in need.

Thank you

Subject: International Day against drug abuse(No Tobacco Pledge)

The NSS unit of Vidyavardhini's College Of Engineering and Technology, Vasai made use of modern technology to make everyone aware of drug abuse. World Drug Day is marked on 26 June every year, to strengthen action and cooperation in achieving the goal of a world free of drug abuse. Various organizations all over the world join in on this global observance, to raise awareness of the major problem that illicit drugs represent for society.

VCET's NSS Committee circulated a message and made everyone pledge about the ill effects of tobacco and other illicit trafficking. Participants were then certified and these certificates were documented by the NSS committee.

Every year, UNODC issues the World Drug Report, full of key statistics and factual data obtained through official sources, a science-based approach, and research. Together, we can tackle the world drug problem!

Subject: Blood Donation Camp

The NSS committee of Vidyavardhini's College Of Engineering and Technology, Vasai conducted a Blood Donation Camp organized by the Lions Club of Vasai on Thursday, 13th October 2022. The event commenced at 9 am and was concluded by 4 pm. This event was held on the college campus itself in the college gymkhana.

Many donors including VCET's NSS Committee members and faculty of the college along with people from outside of the college enthusiastically participated in this event. The NSS Committee also arranged breakfast for the donors in the resting room before their blood donation. A team of doctors was present during the entire event to watch the whole process and during blood collection. The eligibility and checkup of the donors were done carefully by the doctors before their blood donation. We were able to collect a total of 153 Units as an achievement.

Students and other people who participated in this blood donation camp were given certificates. The event concluded successfully with a vote of thanks to all the volunteers by the NSS student leader Ragini Nair.

Thank you.

Sub: Thank You for conducting a Blood Donation Camp!

Dear Sir,

We are grateful to Mr. Pradeep Gulbhile Sir for conducting a Blood Donation Drive at Vartak Eng College, Vasai MUMBAI on 11th October 2022. (152 Units) volunteer donation blood to save precious life.

We take this opportunity to thank all the blood donors for their noble gesture.

The arrangements during the drive were excellent, & your team member received our blood bank staff very courteously. Every member of your team deserves appreciation for the sincerity and commitment towards making the Blood Donation camp successful.

We consider it a privilege to have associated with and respected you for being a true cooperate citizen. Kindly revert back for any quires or suggestions to improve the arrangements during the Blood donation drive.

Looking forward for next meeting

Thanking you,

Yours sincerely,

To,
The Principal
VCET.

Subject: 75th Amrit Mahatsav - Independence Day Celebration

To celebrate the 75th Independence Day, NSS Committee of Vidyavardhini's College of Engineering and Technology, Vasai commenced the INDEPENDENCE DAY on 15th August 2022 in the college campus.

This was the first ever Independence Day Flag Hoisting event that took place in the college. This was a 3 day event from 13th August to 15th August and on each day the following segments were performed by the members of the committee. The event started with members of NSS escorting the Honourable Principal Dr. Harish Vankudre with a slow march to hoist the flag. As the slow march ended the flag hoisting was a success and everyone sang the national anthem with all their heart in it. The day ended with a nice cup of tea and biscuits.

This was again followed on the next day. On 15th August, the same schedule was followed along with a special program. An excellent speech about how we as students can help our country grow, was given by the Honourable Principal. Following the speech, an amazing dance was performed and a patriotic song was sung by the NSS members. Then the college staff also showed their talents by singing songs.

Thank you

Dr. Pradip Gulbhile

Subject: Catch the Rain Rally

The NSS unit of Vidyavardhini's College Of Engineering and Technology, Vasai participated in Catch the Rain Rally organized by Vasai-Virar Municipal Corporation on Thursday 22nd September 2022. The rally commenced from 9 am and concluded by 3 pm. The rally commenced from VVMC Office at Navghar and concluded at Diwanman Health Center. The theme for the rally was "Catch the Rain"

VCET's NSS Committee wholeheartedly participated in the event. NSS student leaders Ragini Nair ,Syed Sirajuddin, Aditi Rathod, Shravan Tawde along with some committee members promoted the theme with various slogans in the rally organised in Vasai gaon road.

Following this, students visited the water department at the VVMC at Diwanman and experienced various mechanisms for rain water harvesting. While concluding the event the committee was provided with refreshment as given by the VVMC office. After successful completion of the rally everyone reached college safely by 12 pm.

Subject: Bund Dam Construction Activity

On the second day of Residential Camp, All the students got up early in the morning, exercised, had breakfast.

Later groups were formed to start the first task of the nss camp . Everyone formed a group to build a dam. All the students reached the location where the work was to be done i.e. Karasunda.

The dam was to be built to reduce the flow of water during rains. Everyone made a pit where they wanted to make a dam and filled cement bags with soil and built them. Then by placing them one on top of each other, approximately 15 feet long, 3 feet wide and 6 feet high was made. About 250 bags filled with mud were used in this.

Everyone completed this work in two and a half hours. It's truly said that, "Unity is strength...when there is teamwork and collaboration, wonderful things can be achieved". Even the villagers praised the students and were joyful.

Later , all the students returned to the residential camp and a meeting was taken by students to discuss the workflow for the next day.

Subject: Weed Cleaning at Saphale Village

In the Residential Camp, dated from 27th January 2023 to 2nd February 2023 at Saphale village, the students gathered near the NSS Residential Campsite to remove unwanted plants. Weed cleaning, or the removal of unwanted plants commonly referred to as weeds, is necessary for several reasons, primarily to maintain the health and productivity of desired plants.

The removal of such plants becomes a necessity to protect the plants you want to thrive, prevent the spread of unwanted species, and maintain the overall health and balance of the ecosystem.

NSS volunteers in 5 groups were assigned a piece of land to clear. Everyone worked together to complete the work.

Thank you

Subject: Solar Energy Conservation - Guest Lecture

During the Residential Camp held from January 27th, 2023, to February 2nd, 2023, in Saphale village, everyone gathered on the third day at the Sri Dutt Mandir Auditorium. The students of Vidyavardhini College of Engineering and Technology, along with the staff, eagerly awaited the commencement of the program. The chief guest, Mr. Mhatre, and the teachers of Vidyavardhini College of Engineering and Technology, Mr. Swapnil Mane, Mr. Vishwas Palve, and Mr. Prakash Panda, were welcomed with enthusiasm and admiration. Speakers Mr. Swapnil Mane and Mr. Vishwas Palve addressed various topics to enlighten the students on the importance of energy conservation.

Mr. Swapnil Mane provided an informative summary about the evolution of energy, contrasting its past and present forms. Mr. Vishwas Palve then discussed single phase commercial and three phase commercial energy sources in detail.

The program ended with an impressive felicitation ceremony conducted by the National Service Scheme students for the chief guest. This program provided an invaluable opportunity for all those in attendance to gain an understanding of the importance of energy conservation.

Thank you.

Subject: Rain Water Harvesting - Guest Lecture

During the Residential Camp, held from January 27th, 2023, to February 2nd, 2023, at Saphale village, on the third day of the camp, everyone gathered at the Sri Dutt Mandir Auditorium as the students of Vidyavardhini College of Engineering and Technology and staff eagerly awaited the program to begin. The chief guest, Mr. Mhatre, and teachers of Vidyavardhini College of Engineering and Technology, namely Swapnil Mane, Vishwas Palve, and Prakash Panda, were welcomed with much enthusiasm and admiration. Speaker Mr. Prakash Panda spoke about various topics to enlighten the students on the importance of rainwater harvesting.

Mr. Prakash Panda explained the importance of rain water harvesting, citing various examples. He then went to elaborate how to Implement rainwater harvesting systems and effective and sustainable way to manage water resources, especially in areas with irregular or insufficient rainfall.

The program ended with an impressive felicitation ceremony conducted by the National Service Scheme students for the chief guest. It was certainly an enriching experience for all who attended this memorable program.

Thank you.

Subject: Old Age Home at Kelva Village

During the Residential Camp, held from January 27th, 2023, to February 2nd, 2023, at Saphale village, on the fourth day after lunch, the group had an opportunity to meet Lokmanya Anna Saheb Vartak, a renowned figure in the area, at the Arogyadham Health Centre. He introduced them to the high-tech facilities available in the hospital, which was an eye-opener for many. Later, they visited an old age home and talked with the residents, listening to their stories and thoughts. The visit was emotional, and everyone left feeling a sense of gratitude for the elderly and their life experiences.

Ultimately, it helped to build positive relationships and connections that can greatly enhance the quality of life for older individuals in these settings.

Thank you.

Subject: Report on Digital India Survey of Saphale Village

During the Residential Camp, held from January 27th, 2023, to February 2nd, 2023, at Saphale village, on the fifth day, N.S.S. group of students went to almost 400 villagers home for a digital india survey where they asked questions such as if the villagers knew about the latest technologies like online transactions such as Gpay and Netbanking. This gave an idea about how keen they were towards new technologies.

Everyone returned to camp at 7.30 pm. A meet was conducted at 9:00 pm, where they declared the day was successfully spent well.

Subject: Lecture on Menstrual Hygiene at Adarsh School Kelva

During the Residential Camp, held from January 27th, 2023, to February 2nd, 2023, at Saphale village, on the sixth day, N.S.S. Students organized a seminar on Menstrual Hygiene with the primary aim of raising awareness about menstrual hygiene and breaking the stigma associated with menstruation. The seminar aimed to provide accurate information about menstrual health, discuss the challenges women and girls face, and promote practices that contribute to overall menstrual hygiene at Adarsh Vidyamandir, Kelva Technical School students of class VIII and class IX.

In conclusion, the Menstrual Hygiene Seminar served as a valuable platform to promote awareness, education, and community engagement on the critical issue of menstrual hygiene. It is imperative to continue these efforts to create a society where menstruation is not only understood but embraced with dignity and respect.

Subject: Report on Sports & Literary Competition Winners Prize Distribution

Got up in the morning and did sports. After breakfast, the winners of the competitions conducted in the school were felicitated by giving prizes. All the girls were informed about care and hygiene during menstruation and demonstrated how to protect themselves. Conducted career guidance to students of class 10th. In the afternoon the headmaster came to guide all the students and the students narrated their experiences to him. In the evening, village sarpanch and members appreciated the work done by the students by giving certificates. Certificate Allotment Programme.

Village Sarpanch Pallavi Patil, Gram Panchayat Member Sanket Patil, Former Gram Panchayat Members Jitendra Patil and Milind Mhatre, Tantamukti President Pankaj Mhatre, Makunsar Shiv Sena branch chief Bhupesh Mhatre, Somvanshi Kshatriya Samaj secretary Bhavesh Mhatre, Shiv Sena sub-branch chief Chandrakant Patil, Sanjeevani Resort and Restaurant owner Sanjeevani Thakur, his wife Sanjeevani Thakur and his son Siddharth Thakur etc. Everyone appreciated the students and guided them accordingly.

Thank you.

Subject: Clothes Donation at Saphale Village

During the Residential Camp, held from January 27th, 2023, to February 2nd, 2023, at Saphale village, on the sixth day, the donation drive was organized by NSS VCET. The initiative was part of the ongoing efforts to support marginalized communities in meeting their basic necessities.

The Clothes Donation Drive organized in Saphale Village aimed to provide much-needed clothing assistance to the tribal community residing in the area. The primary objective was to address the immediate clothing needs of the underprivileged population and contribute to their overall well-being.

In conclusion, the Clothes Donation Drive in Saphale Village made a positive impact on the lives of the tribal community, fostering a sense of community support. The organizing team is committed to building on this success for future initiatives that contribute to the well-being of marginalized populations

Thank you.

Subject: Makar Sankranti

The NSS Committee of Vidyavardhini's College of Engineering and Technology organized a seminar on the occasion of Makar Sankranti collaborating with EBSB . The seminar was held on 25th January 2023. Host of the day Paarth Baradia started the seminar by welcoming the respected principal Dr. Harish Vankudre, the committee in charge Ms. Archana Ekbote & all the faculties & students were present over there. The host explained the importance of Makar Sankranti with engaging presentations.

The seminar was presented with a very beautiful act by the members of the Committee. All the committee members were seen in black outfits. Ek Bharat Shreshtha Bharat program aims to enhance interaction & promote mutual understanding between people of different states/UTs through the concept of state/UT pairing. So, the pairing of Maharashtra is done with Odisha.

Through the act, they have shown how Maharashtrian & Odissi people celebrate the festival of Makar Sankranti. The act was performed with great detail. Each & every aspect of the festival was taken into consideration. They introduced Bhogi Panduga, Pedda Panduga & Kanuma Panduga celebrations in Odisha. They also showed Bhogi, Sankrant & Kinkrant celebrations in Maharashtra. The whole act was dictated by committee members Mr. Omkar Jadhav & Ms. Prajakta Borse.

The act was so appealing that it showed all the customs done during the festival like cleaning the house, doing arrangements for the festival, worshipping God, inviting guests, making sweets and distributing them to everyone, Showering sweets and chocolates on small children, haldi kumkum & many different events was shown through this act. The act was a heart-winning performance.

Thank you

Subject: Republic Day

Vidyavardhini's College of Engineering and Technology celebrated the 74th Republic Day on January 26th, 2023, organized by the NSS Committee. Students, staff, and faculty gathered on campus, filled with patriotism and dedication. The event began with a splendid Slow March Past by NSS members, escorting Principal Dr. Harish Vankudre as he unfurled the National Flag, followed by the National Anthem.

Principal Sir then spoke about the significance of Republic Day, inspiring students to contribute to a better future. The morning warmed up with an energetic 'Lezim' performance, showcasing the students' artistic spirit and synchronization with the music. A student also expressed their love for the nation through classical dance.

A Street Play emphasized India's cultural diversity and the importance of democracy for peace and harmony. The program concluded with thanks to all, including dignitaries, staff, and students, making the celebration memorable. Snacks were shared, leaving everyone with the image of the fluttering tricolor in their hearts.

Thank you

Subject: Report on “Save Water Poster Making” Competition.

NSS Committee of Vidyavardhini's College of Engineering and Technology held the "Save Water or Rainwater Harvesting Handmade Poster Making Competition" from 26th to 30th September 2022.

This competition welcomed college students from every department to create posters with a central theme of water conservation and rainwater harvesting. Participants were required to submit their posters in-person from 26th to 30th September. Winners of the competition were rewarded with cash prizes and certificates, which were presented by the Vasai Virar Municipal Corporation.

The competition achieved its core purpose of spreading awareness about rainwater harvesting among students, nurturing their creative talents, and inspiring them to support a noble cause.

Thank you.

Subject: Report on EBSB - Kalakruti, Jigyasa, Jyoti

The Ek Bharat Shrestha Bharat event, in collaboration with the NSS Committee of Vidyavardhini's College of Engineering & Technology, Vasai, was held on October 29th, 2022, in the College Seminar Hall at 02:30 pm. Various activities like Jigyasa (Quiz Competition), Kalakruti (Poster Making), and Jyoti (Rangoli Making) were organized.

The event began with beautiful quotes on India's unity by hosts Deeksha Shetty & Sahil Kulabkar, followed by Saraswati Vandana & Lamp Lighting. Principal Dr. Harish Vankudre highlighted the importance of unity in diversity and honored Chief Guest Mr. Digambar Gavli, a retired Principal of Vasai Vikasini College of Visual Arts. Mr. Gavli emphasized the significance of art and Indian culture, praising EBSB as a platform for engineers to showcase their artistic talents.

The competitions commenced with Jigyasa in the Seminar Hall, Kalakruti in the Tutorial Room, and Jyoti in the Classroom. Participants showed great enthusiasm. Jigyasa included three rounds covering diverse topics from all over India, the seven sisters, and collaboration between Maharashtra & Odisha. Kalakruti & Jyoti focused on Indian culture, with participants showcasing their creativity. Winners were honored, and all participants received certificates. The event concluded with a vote of thanks, appreciating the smooth flow of the entire event.

Thank you,

Dr. Pradip Gulbhile,
Program Officer,
NSS.

Dr. Archana Ekbote,
EBSB Co-ordinator

Subject: The Constitutional Day

The NSS unit of Vidyavardhini's College Of Engineering and Technology, Vasai celebrated Constitution Day on 26th November 2022. The day aims to mark the significance of the constitutional values among the citizens of India and also, to bring awareness of the importance of the Indian Constitution and its architect, Dr. Ambedkar.

VCET's NSS Committee encouraged students to make the day memorable by making VCETians participate and show their patriotism by reading the preamble aloud.

Following this, making the day more interesting NSS Committee organized a quiz on the spirit of the 75th Azadi Ka Amrit Mahotsav with a good number of participants. While concluding the day, the preamble was signed and participants were awarded by certificates at the end after a great success.

Thank you

Indoor events along with outdoor events were conducted throughout the span of 15 days. This year arm wrestling and foot volley events were introduced after two years and in these events, many students showcased their talents. The AVAHAN 2023 was concluded on a very different note with a farrago of emotions amongst the students.

Sport is not always about winning. It is about fair play and believing in equality and justice. Through participation in sports we gain various skills, experience and confidence which is helpful in developing our personality. Constructive use of time and discipline is a characteristic gained by participation in such events.

To encapsulate it all, AVAHAN 2023, was a great success. As we continue to rebuild the legacy of this amazing event and take it a step further in the following years.

INTRODUCTION

Vidya Vardhini's College of Engineering and Technology organized a Three-week induction program for the fresh candidates to First Year Students in line with the AICTE requirements.

OBJECTIVE

The objective of the program is to make the students feel comfortable in their new environment, open them up, set a healthy daily routine, create bonding in the batch as well as between faculty and students, develop awareness, sensitivity and understanding of the self, people around them, society at large, and nature.

The time during the Induction Program is also used to rectify some critical lacunas and sensitize them towards exploring their academic interest and activities, reducing competition and making them work for excellence, build relations between teachers and students and overall personality development. The induction program contained of interesting activities like motivational speech, team building activities, expert lectures, and campus orientation sessions etc. The rationale for induction was to ensure a smooth transition for the students into the university system.

The following major activities under the induction program in which the students would be fully engaged throughout the day for the entire duration of program, this includes:

1. Physical activity: This would involve a daily routine of physical activity with games and sports which will help them to develop team spirit.
2. Proficiency Modules: Lectures on Basic English, Basic Mathematics, and Basic Computer Operation were conducted, and tests were taken to refresh the knowledge of the students. These lectures and tests were useful to recall and recollect the knowledge of the students.
3. Universal human values: It gets the student to explore on self and allows one to experience the joy of learning stand up to peer pressure, take decisions with courage etc.
4. Literary: Literary activities involved reading, writing, debating and enacting a play.
5. Lectures by Eminent People: This period can be utilized for lectures by eminent people to give the exposure to the students in various fields.

A total of 400 students participated in this program which was conducted from 13th December –1st July 2022 & then it was continue throughout the semester. Faculty and student mentors from across programs worked extensively to ensure that the induction was well organized. The following report

Vidyavardhini's College of Engineering & Technology

Department of First Year Engineering

includes the schedule and brief notes on the various events conducted as part of the induction program.

DAY 1- FE Orientation Program 2021

Vidyavardhini's college of Engineering and Technology's FE Orientation Program was held on 13th December 2021. The program was conducted virtually due to the Covid-19 pandemic.

The program commenced with the anchor, Ms Beauty Verma welcoming the Principal, Deans, all the speakers of the orientation program, all the teaching and non-teaching staff, students and their parents. She then introduced the Principal, Dr. Harish Vankudre and requested him to take over. The Principal welcomed all the students and congratulated them for their success. He presented his message and discussed about the NBA process which the college has applied for.

Afterwards, Ms Beauty Verma introduced Dr. Vikas Gupta, Dean Academics, who gave a brief history about the college, the programs and the various branches. He further talked about the vision and mission of the institute, curricular planning, infrastructure facilities, various academic and administrative bodies and technical events.

Later, Dr. Amrita Ruperee, Dean Student's affairs, talked about extra-curricular activities and various committees like NSS, Students Council, Proctor system, Sports Committee, Literati Committee and Scholarship.

FE Co-ordinator, Dr. Sunayana Jadhav, addressed the students regarding FE structure, rules and regulations, FE staff, Physics and Chemistry labs, curricular aspects, examinations, credit system etc.

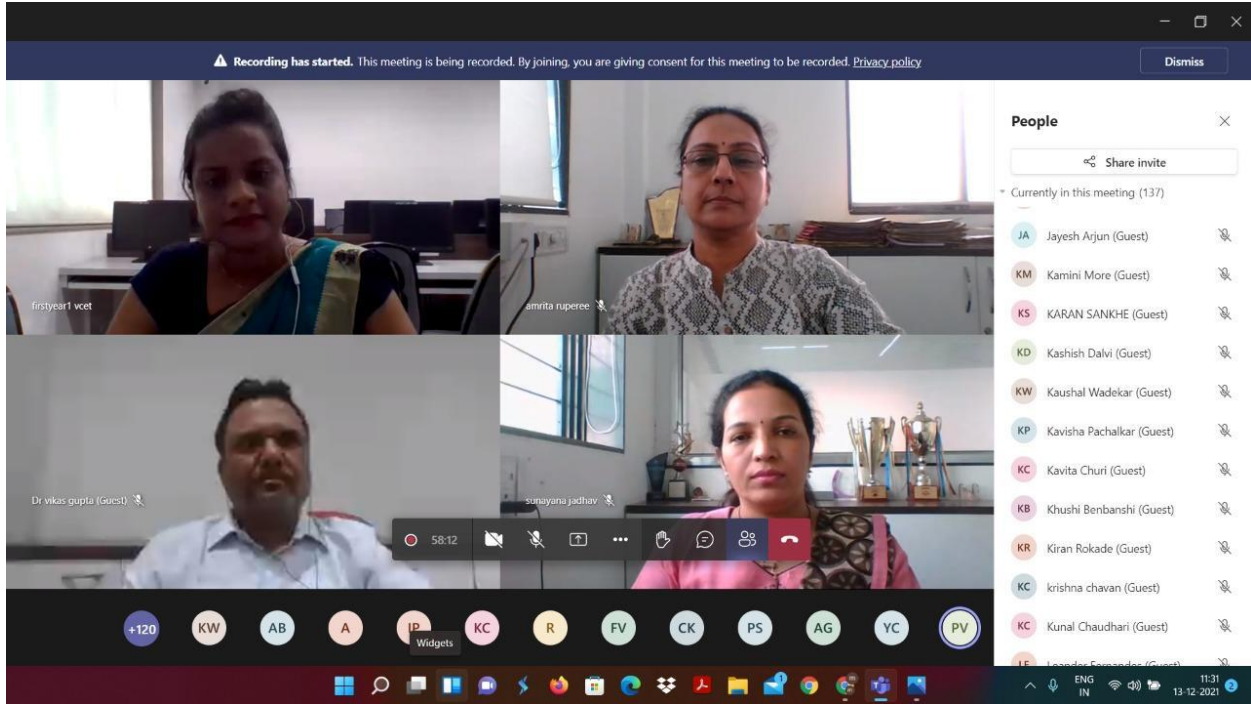

Mr. Prafulla Patil gave a brief introduction about Industry Institute Interaction and various activities of Training and Placement Cell. Prof. Dipak Choudhari then briefed the students about the FE Induction Program.

FE toppers Dream Patel and Vaibhav Mishra shared their experiences in VCET. Later, Mr. Mayur Gohil gave vote of thanks. The Program ended with Prof. Dipak Choudhari playing a video of the college and its various activities.

DAY -2 FE Orientation Programme

Vidyavardhini's College of Engineering & Technology

Department of First Year Engineering

First year Engineering students were given an opportunity to meet industry expert and interact with them. From Industry we had

- Ms. Bindiya Kaura who is a Skill enhancer / Freelancer into a team of professionals – Consultant, mentor, coach, faculty, Motivational Speaker, Corporate trainer, Social Activist. She touched upon various topic of conduct of employee industry and how to manage the balance between the work life and personal life.

Students enjoyed the interactive session with her in full enthusiasm.

- Mr. Ankur Shrivastava who is a regional manager at Aspiring minds. Sir highlighted upon the employability skills and aptitude skills for the students that are needed industry. He also gave students a view of up-to date skills needed by the industry for its employees.
- Mr. Vikrant Sukhtankar, who is PT Education as a Senior Faculty and has worked with TIME as a Course Director and with Career Launcher as a Centre Director. He guided on aptitude and giving them exposure about the needs of industry. Below are the glimpse of the sessions conducted

Day -3 INTRODUCTION TO SPORTS FACILITIES

Vidyavardhini's college of Engineering and Technology's FE Induction Program included a session on the INTRODUCTION TO SPORTS FACILITIES

Which was held on 15th December 2021 at 11:00 am. The program was conducted virtually due to the Covid-19 pandemic and sports committee started the session.

Sports committee member Ms. Kajal Mahajan started off the session talking about AVAHAN and different inter/intra college sports competition held in the same like athletics,shortput,overarm cricket,box-cricket, football, volleyball, basketball and tug of war and so on...and motivated the FE students to take part in sports with enthusiasm.

Then Mr. Nitish sports' committee member took over the session by playing video of AVAHAN 2020 and showed us video of AVAHAN 2021 which was held virtually because of covid-19 and included virtual marathon,and cyclothon.

After then they made students to play fun games which included quizzes and murder mystery and it was seen that FE students enjoyed the session.

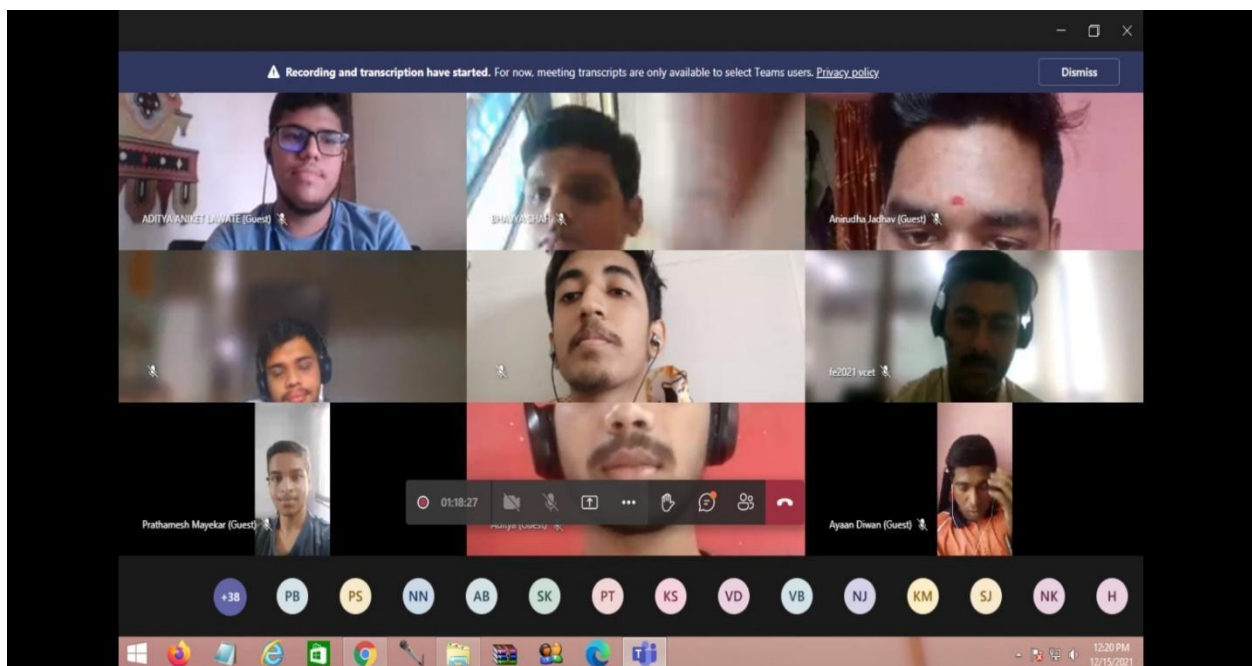

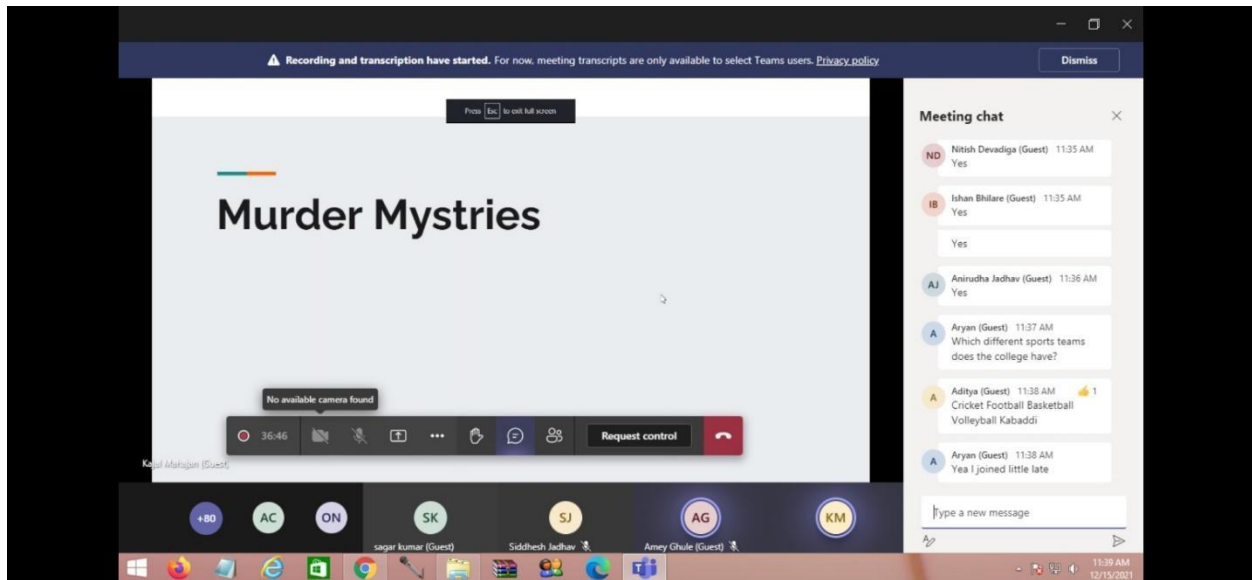

They concluded the session by giving brief idea about how to join the sports committee and To whom contact for any query.

Vidyavardhini's College of Engineering & Technology

Department of First Year Engineering

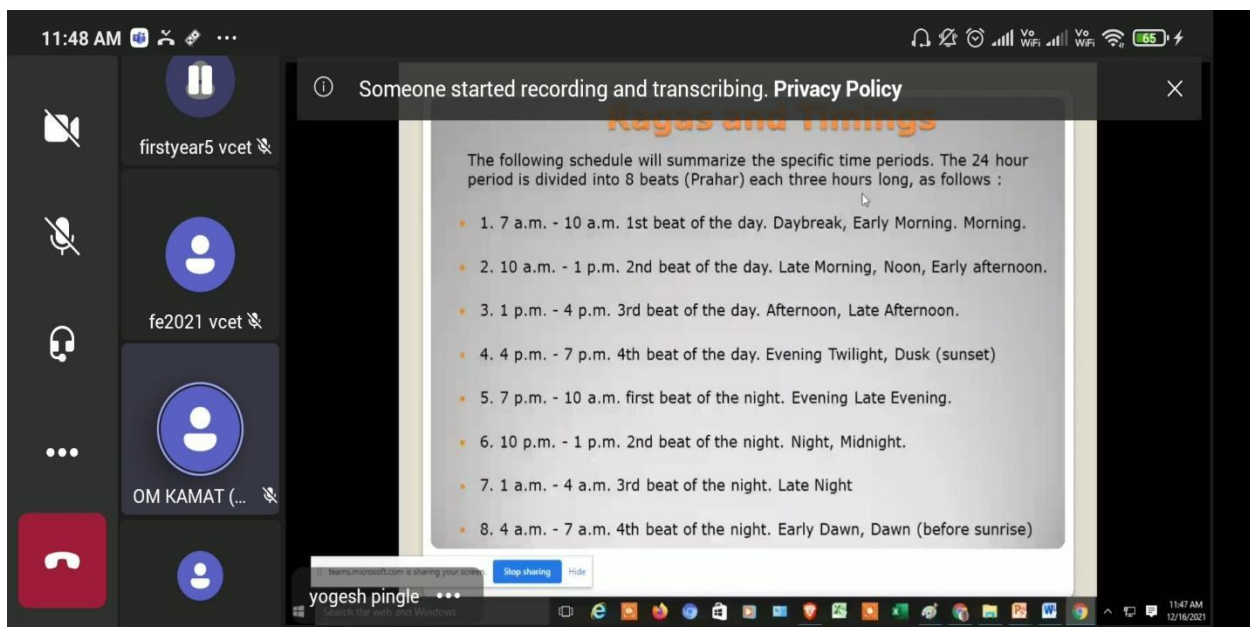

Day – 4 MUSIC THERAPY WITH INTERNET OF THINGS -Session I

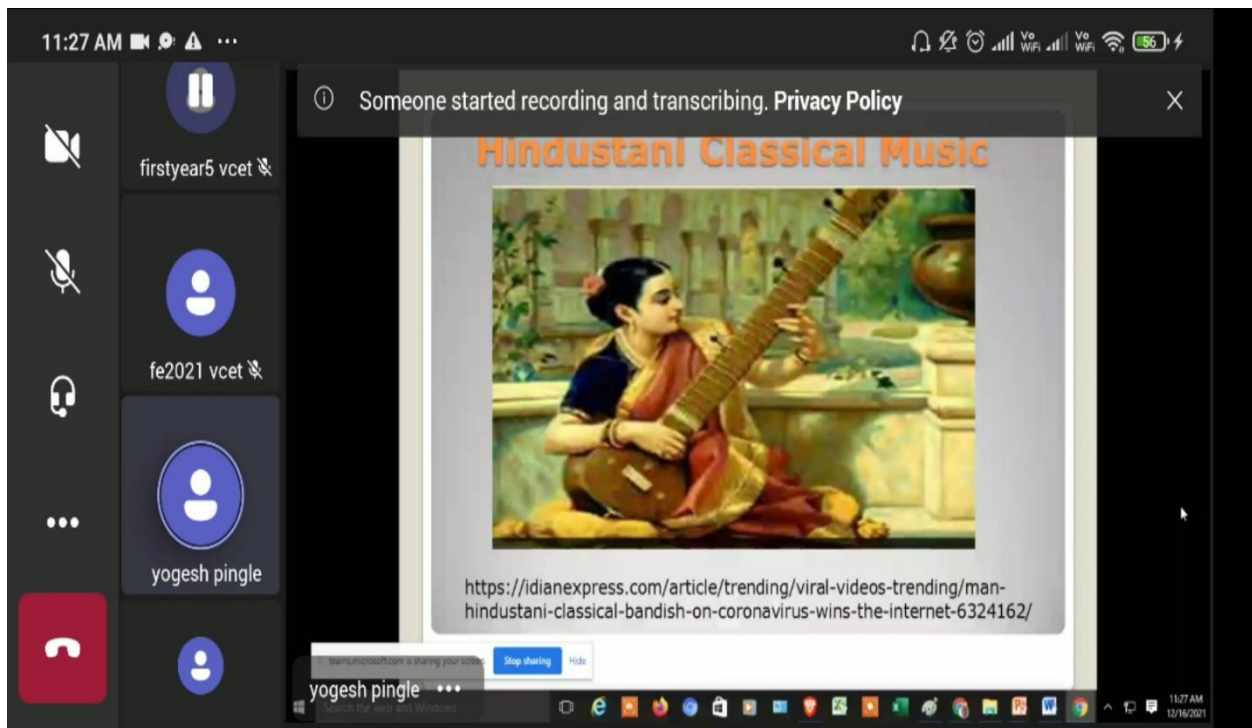

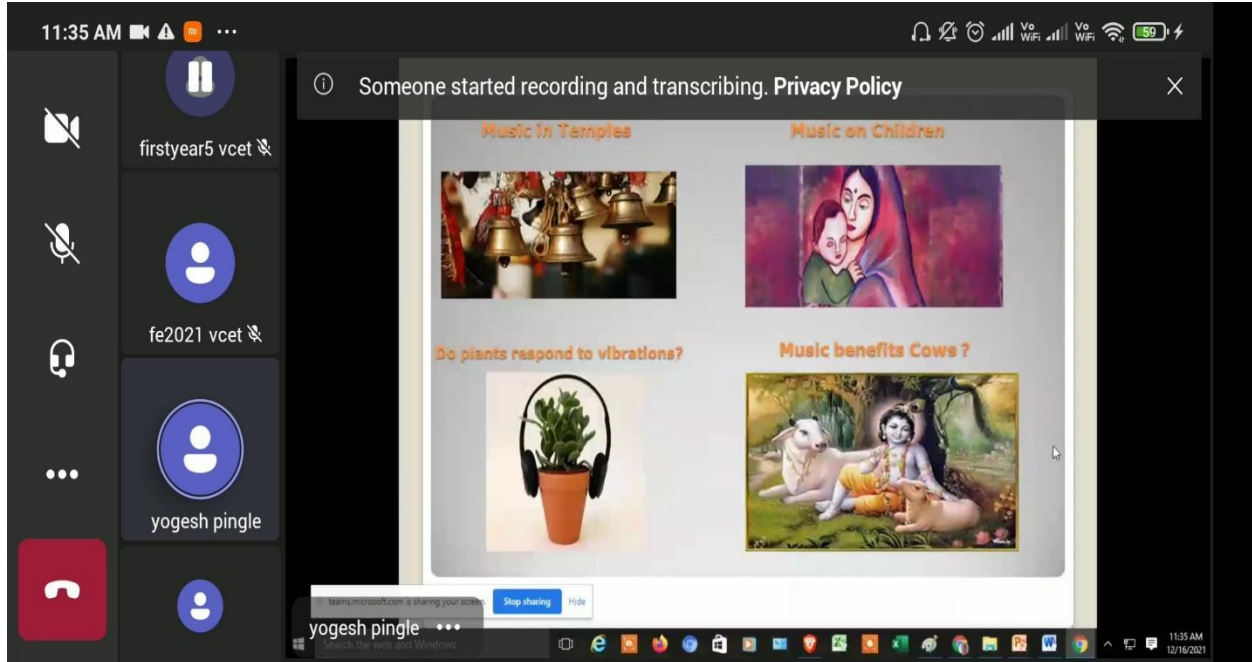

Vidyavardhini's college of Engineering and Technology's FE Orientation Program included a session on the MUSIC THERAPY WITH INTERNET OF THINGS which was held on 16th December 2021 at 11:00 am. The program was conducted virtually due to the Covid-19 pandemic. Ms. Ankita jadhav ma'am started the session by introducing Mr. Yogesh Pingle sir and his great achievements.

Mr. Pingle sir started his session talking about different kinds of therapy to reduce the stress and how important it is to live a stree-free life then he came to the topic.

He talked about Ragas and timings and how they effect to treat diseases, gave mathematical modelling of Suras, told us the difference between Swaras and Nads, and told the students how internet is keeping an eye on us,how the data is getting sold and bought,data science and data analytics and the courses offered by the college.

After then he motivated the students to give their service to society, and how courses taught in the college helps them to get their dream job in dream companies and then the session was concluded by Ms. Ankita by giving vote of thanks

DAY -4 FE Orientation Programme -Session II

For Day 4, NSS committee of college had introduced the students of First Year with the various activities that are undertaken for the betterment of society and students. Dr. Pradip Gulbhile introduced students with ethos of NSS committee and held an interactive session with students of FE. Students were able to see the various activities such as Fit India , Cycling, Beach cleaning and Blood Donation Camp.

Following are the glimpse of the session

FIT INDIA MOVEMENT

FIT INDIA MOVEMENT was launched on 29th August, 2019 by Honourable Prime Minister with a view to make fitness an integral part of our daily lives. The mission of this movement is to bring about behavioural changes and move towards more physically active lifestyle.

Day 5 _ VCET STUDENTS' COUNCIL.

Vidyavardhini college of engineering and technology's FE Orientation program included a session on the students' council of VCET which was held on 17th December, 2021 at 11:00 am virtually due to COVID-19.

The session was started by students' council members of VCET. Ms. Siddhi Kolwankar started the topic and introduced each member of students' council to FE students.

Thereafter Ms. Sakshi Mhatre in-charge of students' council took over and told the roles of each council members and after then Ms. Dhanshree took over the session and gave details about different cultural events held such as fresher's party, teacher's day celebration in the college campus and showed us photos and videos of those Events and introduced ZEAL and showed us joyful videos of the same.

Thereafter Mr. Samanth Mane took over the session and talked more about ZEAL 2021 and then Ms. Siddhi Kolwankar ended the session by giving vote of thanks.

DAY 6- E-Cell activities

Vidyavardhini's college of Engineering and Technology's FE Induction Program included a session on the Entrepreneurship cell (E-Cell) which was held on 20th December 2021. The program was conducted virtually due to the Covid-19 pandemic.

The session started off with the anchor, Ms Siddhi Kolwankar, giving a brief introduction about E-Cell. Then she invited Prof. Chandan Kolwankar, E-Cell incharge, to talk about E-Cell activities. Prof. Chandan started his speech talking about Elon Musk, then moved on to a lady in Pune who sells boiled potatoes for vada-pav stalls and finally went on to talk about a student from VCET who found his own company while pursuing his degree and went on to recruit two students from VCET itself.

Ms Siddhi then invited Mr. Hrithik Gavankar, the head of E-Cell VCET, and his team to take over. The team talked about the various activities organized by the E-Cell. Later, there was a fun quiz arranged for all the students to liven up the virtual atmosphere and the winners were announced. The video of E-Cell was played so that students could get a glimpse of all the activities.

Vidyavardhini's College of Engineering & Technology

Department of First Year Engineering

Thereafter, Ms Shruti Kuvekar and Ms Kritika Khandelwal of E-Cell presented a Power point presentation discussing the difference between a businessman and an entrepreneur, stated the objectives of E-Cell, grand events of E-Cell etc.

Later, there was a game about start-ups arranged for all the students which was hosted by Ms Manaswi Jadhav and the winners were announced. Mr. Hrithik Gavankar talked about his very own start-up 'Savvy Protein' by playing a video and there was a power point presentation about 'Food Zest', a start-up by Ms Nidhi Mehta.

There was a 'roasting' game organized based on a given premise and the students had a blast. Three winners were announced.

The session ended with Ms Siddhi giving the vote of thanks and requested all the students to fill the feedback form.

Day – 7 SAE INDIA

Vidyavardhini's college of Engineering and Technology's FE induction Program included a session on the SAEINDIA (Society of automotive engineers)

Which was held on 21st December 2021 at 11:00 am. The program was conducted virtually due to the Covid-19 pandemic and the SAE club of Vidyavardhini started the session.

Mr. Shreyas pai started the session by giving brief introduction of SAE INDIA and introduced different teams Team Ethan racing, Solethon , Centurion, Airnova to the FE students. He invited students to join the team. After then he talked about the number of vehicles manufactured, competitions they had participated and the golden ranks they scored or won the competitions. Then he introduced FSAE i.e. Formula society of automotive engineers and gave importance of the competition to the FE students and then he showed different images of cars manufactured by them, and videos of cars running on the racing track and also played a video of formula students of Germany and then he concluded his part.

Thereafter Mr. Shalom Lopes took over the session and introduced Formula Bharat to students and gave brief knowledge about the components of Formula Bharat and then talked about achievements and continuous improvements in manufacturing cars and after then he played a video of college' students' performance in Formula Bharat racing held in 2019 and showed us their 1st electric vehicle design and how they improved that into a competition winning design and then concluded his part by motivating students to join the team.

Thereafter team Solethon' member took over the session by showing their solar driverless car, solar power electric vehicle and talked about Asia's biggest solar car event ESVC i.e. Electric Solar Vehicle Championship and other one of the biggest competitions for electric car lovers i.e. NSVC (National Solar Vehicle Championship) and talked about their participation and excellence performance in those above competitions and benefits of participating such big competitions. After then he showed us photos of their cars and took us on their winning ride and then Mr. Rithwik and

Vidyavardhini's College of Engineering & Technology

Department of First Year Engineering

Mr. Sanket suhagiya showed us an animated video of their journey from designing to achievements.

After then Mr. Shelke sir invited team Centurion's captain Mr. Mrudul Dalvi to take over the session. He then gave the brief idea about his team and quad bikes they prepared, different events they participated in, told us about their achievements in different competitions. He then gave us idea about what they do and showed us pictures of the same, showed us images of Spartan 2.0 , Spartan 3.0.

Thereafter Mr. Aditya patne was invited to introduce the team Airnova. Then he gave the vision and mission of team in Aeronautics and Aerospace engineering and gave their objectives, he talked about his when his team was formed and the events, they participated that too at Aisa level. After then he showed the images of Vayuvaidya and Dhairya designed by his team virtually because of pandemic and then Mr. Amey ghule showed the video of same.

Thereafter Mr. Sanjay sir took over the session talking about real-time learning and how to be industry ready. Then Ms. Praiza Falacao invited librarian Mr. Dinesh Jadhav to talk about library facilities provided by the college to the students and then he concluded the session.

Team Structure

The team has several posts, our current Captain, Vice-Captain and Head of Propulsion happen to be the Founding members as well.

 Prof. Apurva Pendbhaje: Faculty In-Charge	 Ayush Panchal: Team Captain	 Aditya Patane: Vice-Captain & Head of Aerodynamics	 Tathansh Joshi: General Manager

“INTERNATIONAL OPPORTURNITIY AFTER GRADUATION IN ABROAD”

Vidyavardhini's College of Engineering & Technology

Department of First Year Engineering

Vidyavardhini's College of Engineering and technology (VCET) organized a seminar on **“International Opportunity After Graduation”** on April 29, 2022, in Ground floor seminar hall. The programme started at 4 pm with the welcome address by respective college teachers. Honourable dignitary on the bias was **Mr. Sayed Osama** (Business Development Consultant for Higher Studies and Education Abroad).

Mr. Sayed Osama started the seminar with warm greeting followed by the introduction. He highlighted on the fact that the first year of engineering is the best time to set a goal. Further he started presenting the screen. The main highlight during the start of presentation was “Education and Employment Opportunities Abroad”. He talked about the global need of engineers at present in different countries of world with the learning costs and scholarships that can be achieved.

Further respected speaker emphasized on **“Top Reasons Students Choose to Study Abroad”** and some of the reasons where Education at globally renowned universities, massive impact on total earning capacity, opportunities to apply for permanent residency, etc. Later, the speaker discussed **“Opportunities for students”**- Be ahead of the herd by reconciling with international trends, waivers and scholarships, financial planning and loan assistance, etc.

The speaker then moved to **“Variation in different countries”**- Program duration, system of examinations and credits, government funding, etc. followed by **“Decision making”**- University and program of interest, global recognition, status and development of the industry, cost implications, etc. The last part of the presentation was **“Engineering and Technology”** – Engineering Aerospace, aviation, architecture, biomedical, civil, electrical, industrial, mechanical many more.

Mr. Sayed Osama then discussed about their tie-ups with colleges like Thakur College Of Engineering And Technology (TCET) and interacted with students who were interested to pursue higher education in abroad. He concluded the speech by giving a vote of thanks to the students and the programme wrapped at sharp 5. The college teachers gave a vote of thanks to Mr. Sayed Osama for giving his precious time for the seminar.

Vidyavardhini's College of Engineering & Technology

Department of First Year Engineering

Physical Activity-Fitness Session

FE Induction Programme Guest Lecturer: Mr.Akshay Vernekar[Certified Trainer in Karate,Kick Boxing and Women's Self-Defence] Date : 28 April 2022 Time : 4:00 pm to 5:00 pm Venue : Ground Floor Seminar Hall. About the Guest He has achieved 1st degree black belt in kickboxing and is a state referee in kickboxing. He was a state champion during the year 2017-2018 in kickboxing receiving gold in point fight & gold in light contact in ASKAM STATE KICKBOXING TOURNAMENT. He was again a state champion during the year 2015-2016 in kickboxing receiving gold in point fight in WAKO MAHARASHATRA KICKBOXING TOURNAMENT. During the year 2014-2015, he was a national & state champion in kickboxing collecting gold in point fight, bronze in light contact in WAKO India national tournament. While gold in point fight & gold in light contact in WAKO Maharashtra state championship. About the Program As per the New FE syllabus 2019-20, the phase of Induction Program continued throughout the semester with specific lectures and activities along with their regular academic schedule. To facilitate the development of a holistic perspective among students towards life and profession as well as towards happiness and prosperity based on a correct understanding of the Human reality and the rest of Existence and also to highlight possible implications of such a holistic understanding in terms of ethical human conduct, trust and mutually fulfilling human behaviour and mutually enriching interaction with nature an encouraging and qualitative sessions on Universal Human Values (UHV) are arranged throughout the semester to provide a much needed orientation input in value education to the young enquiring minds. Summary Mr.Akshay Vernekar started the seminar by introducing himself and a short background of his journey and achievements. He told the students about importance of maintaining physical fitness by exercising and eating a healthy diet at their age. As the main excuse of not doing workout is not getting enough time, he demonstrated a full body workout which can be done by the students at their homes without any equipment and it only took 30 minutes. It included exercises like push-ups, squats, mountain climbers, and burpees which maintain the focus on core abdomen, thighs and arms, chest leading to full body exercise. After that he went on to show different types of punches like cross punch, uppercut punch and kicks like high kick, low kick and Taekwondo which strongly gathered the attention of students and inspired them to learn professional kickboxing. Many

Vidyavardhini's College of Engineering & Technology

Department of First Year Engineering

students also joined him while demonstrating the exercises and martial arts. Further he brought up the necessary self-defence techniques. He told that not only girls, but boys should also know about self-defence. Example how to defend when someone is attacking from behind, the weak points of human body which one can strike to cause huge damage and escape. He interacted with students in such a way that a light atmosphere was created, and Students were encouraged to do physical fitness exercise and learn about self-defence. After a short query session, he concluded the seminar by giving a vote of thanks to the students and the programme was ended at sharp 5:00pm. Photo Gallery Conclusion the Session was highly interactive and faculty members and students participated in drills related to physical fitness and self-defence. We are very thankful to AICTE committee, College Management and faculty members for arranging this insightful sess

Self-assessment and goal setting-

A seminar was organised in our college on the 1st of April 2022. Honourable Mrs. Poonam Surange consulting psychologist were the speaker for the day. Self-assessment, an integral part of self-regulated learning was very-well defined by her. Goal setting - most important aspect of life was broadly brought into our acknowledgement during the seminar.

Moving forward, it started with an introductory part. Mrs. Poonam Surange has been associated with VCET from last 15 years. She has been excellently counselling and redirecting young minds of our college. So, she started with the concept of 'I'. By the term 'I' she referred to self-importance. Our 'I' is generally influenced by our close ones, specifically mother. And our mothers 'I' is influenced by someone else, and it goes on. Basically, our 'I' should not be influenced by anyone. It must be defined by ourselves only. But as we have grown up, we forget our 'I'. And hence, she concluded that one should revolve around his/her 'I' only. She also signified that no two individuals can be compared despite of their similarities. Everyone has a quality which can be different from another. And hence, there can't be any comparison between two individuals. She also talked about 'We are a sad generation with happy faces.' Last but not the least, she told us to focus on our 'I', peruse our goals, stop comparing ourselves to others and be happy from within.

It was an interactive session, and everyone participated actively. The session made me think about me, my goals and my 'I'.

Behavioural Psychology for Better You: Rashmi Marathe Lokapure.

Webinar Conducted on 22/04/2022.

Webinar started on time with introduction of the guest speaker and topic. Guest speaker started with asking common reasons of stress and many responses were received from the students, out of which some were high expectations, financial problems, parental issues, society anxiety, failures, trauma, peer expectations, overthinking. After that guest speaker told some statistical data of 2013 on cause of death due to suicide. She further explained main reason for death was heart attack due to stress, or family causes. Further she said that even in pandemic also root cause of death is heart attack and the reason is same. Then to elaborate her point she gave example of half-filled glass with water. She said that if the glass was hold for 20 min our hand cannot bear its pain and if the same glass is to be hold for 12 hrs the hand will be amputated. Same thing happens with human brain full of stress. If we don't keep stress aside then stress result in heart attack or some kind of severe illness and anxiety. So, like the glass the stress should be kept aside.

Further she gave example of daughter-in-law and her mother-in-law. She said the daughter in law replied to mother-in-law rudely as mother-in-law doesn't accept her and finds reason to show her faults. This was due to expectations from both sides. Root behind any behaviour is emotions, negative emotions give negative thoughts and negative thoughts come in mind and behaviour gets changed as thoughts create emotions. To change behaviour, one should change their thoughts or thinking towards someone with whom one cannot adjust.

To explain the behaviour process she explained it with CBT Therapy i.e., Cognitive Behaviour Therapy.

Some tips she gave for behaviour.

To overcome overthinking and stressful behaviour one should be mindful. Being mindful means living the present moment. This technique is ancient as Lord Gautam Buddha has introduced and preached it long before. We cannot control our past and future only thing is in control that is our present.

She gave example of student's survey in Pune about when students were most happy. The reason for student's happiness was playing musical instrument and being mindful while playing the instrument.

Further she said mindfulness increases productivity.

Again, to elaborate her view she told the students to close eyes and just not to think anything or bring any thoughts to their minds and relax. Doing this activity was like meditation and being mindful. As people don't get time, they can practice this at least 10min every day. Keeping blank mind, living in the present is mindfulness. Focus on breath and automatically the person is in his present moment.

Second tip she gave was Why worried?

She questioned the students whether worries were controllable or uncontrollable. Anything which is not in our control we should not worry about it.

She asked students whether results were in students' hands. The answers were no. She further explained if results are not in hands of the students, then why worry about it and waste time instead of that the students should focus on only preparation of the exams which they can do, and it is controllable by them.

There are many things in life that we cannot control for e.g., boss pressure, parents, husband wife behaviour. We cannot control others behaviour only smile and don't worry, take lightly, and focus on what you can do or on changing your behaviour.

Next, she should slide of illusion paintings.

With the help of painting, she explained about the different perspectives. As in illusion painting things look as we see from our side.

Same thing she told about problems in life. Problems in life are due to different perspectives.

So one should try to accept things as **ACCEPTANCE IS POWER**. Acceptance is power was the magic word she gave to all who worried and were stressful. One should try to accept uncontrollable things then only things work smoothly.

Third tip she gave was Self Talk:

She gave e.g., of elephant's leg chained and not able to free himself as in childhood it cannot free itself due to chains and his mind set the huge grown elephant doesn't try to free himself as he thinks that he tried so much in childhood to free himself then he was not able to free now how I will be able to free myself from the chains.

Next e.g., she gave of herself about her obesity and how she changed her mind set and gave time for health and fitness. She talked to herself about it and her fears like driving and changed her fears into her strength.

Negative self- talk brings one down so always think positive.

During pandemic people had positive and negative thoughts and according to the thought's behaviours were different. Those with positive thoughts made use of the pandemic and with negative thoughts people were down and suffering with various problems.

While concluding she asked students if any questions were there one student asked how to overcome stage fear.

She replied: To overcome stage fear one has to prepare well and smile with the audience.

Formula She gave was:

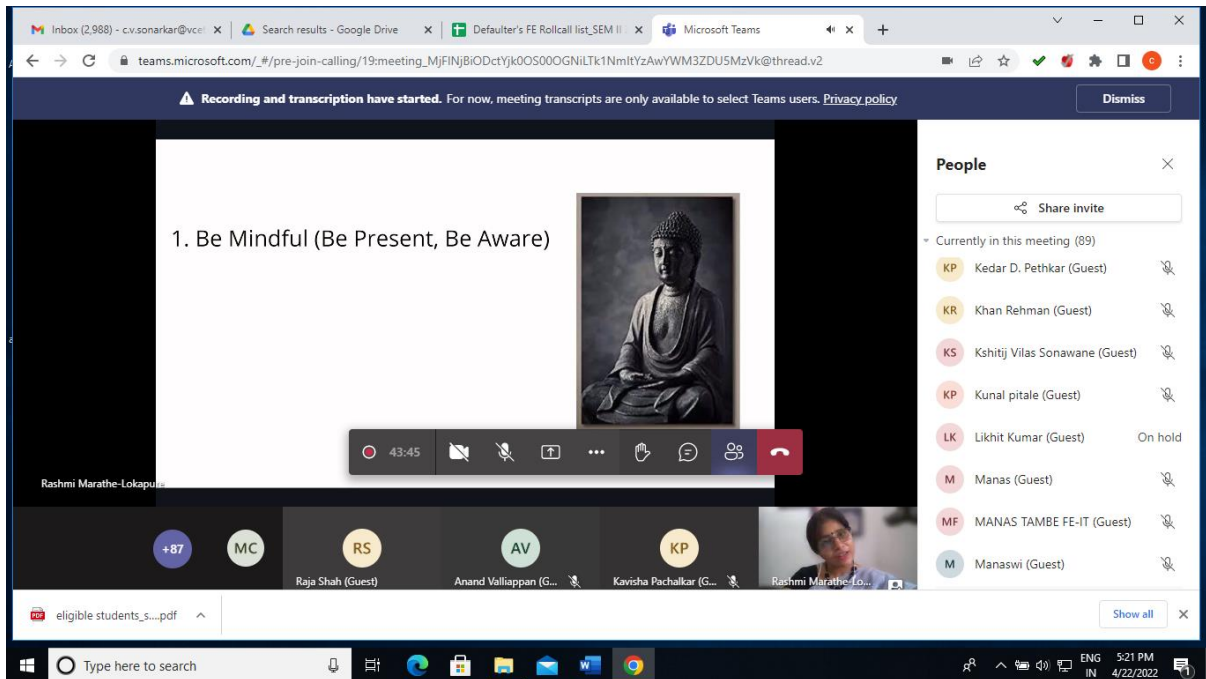

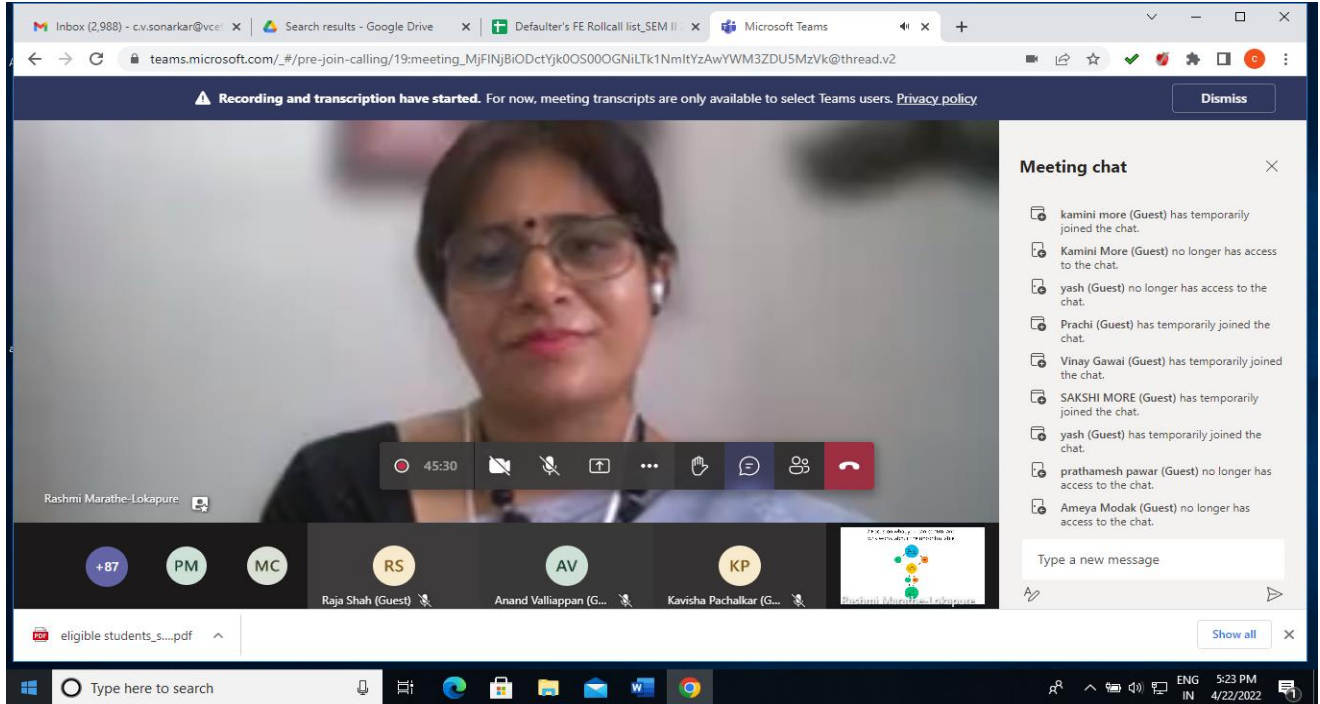

SEE= SMILE, EYE CONTACT, ENERGY.

Prof Mayur Gohil with vote of thanks concluded the webinar.

Vidyavardhini's College of Engineering & Technology

Department of First Year Engineering

Career Designer - Date: 26 April 2022

First year Engineering students were given an opportunity to meet industry expert and interact with them. From Industry we had

Mr. Harshad Bhagwat, Career Designer, Scientist-Turned Entrepreneur, CEO and Founder of Words of Maya. He guided students with fundamental skills and vision to make up the career out of engineering. He interacted with students at ground level virtually. Here is the glimpse of the session.

The screenshot displays a virtual meeting interface. On the left, a mind map titled "Design Your Career" is shown with several branches:

- Skills:** Public speaking, Dancing, Good motivator, programming language, Guitarist, Gaming, hard and soft skills, life skills, team building, stress management, task management, time management.
- Paid for:** software/apps/coding, designs, administration/operations, strategy planning, consulting, build from scratch, teaching, professional players, content/blogger/YT/IG, concerts, cooking, gaming, managing people, selling, investing.
- What world needs, purpose driven:** sp wars, sustainable solutions, as for all, health, economic illfitment, reduce hunger, luation.
- Find your Ikigai:** Intersection of What you love, What you are good at, What you get paid for, What world needs.
- Develop, Build, Design:** Happiness, occupation, startup, independent, money, happiness, identity, inner peace, CEO, work which makes happy, goal, stable life, skills, HR, think differently, respect, work-life. Note: Everyone's perspective is different.
- Role models:** Nita Ambani, Virat Kohli, Sudha Murthy, Elon Musk, Ronaldo, Hawking, Kim Taehung, Abdul Kalam, MSD, Jackie Chan, Om Swami, Modi, Robert Dawning, Keyur Patel. Note: Dedication towards goal, never give up, self discipline, Aggression, consistent, innovative mindset.
- Goal/dream/ambition:** Earn 1 Cr a year, penthouse in california, Build something new, Get comfortable job, Buy tesla, No need to introduce yourself, Be popular, influencer, glamour, Job in spacex, Google.
- Natural talent:** artist, competitor, speaker, explore, team leader, smart, intelligent, multitasking, good with tech, Acting, Singing, Modelling, Lyricist, Script writer, Daboo mittal.

On the right, a video feed shows Mr. Harshad Bhagwat speaking. Below the video is a grid of participant avatars with names like AD, V, DP, FV, DN, PG, PG, AP, SA, SS, and FV. The interface also includes a "Share" button, "Copy link", "Download", and "Design your Dream Car...mp4" text.

Sports Activity

The FE orientation program is conducted with an objective to give all the students a basic idea about the Sports committee, its working, along with an introduction of all the members of the committee as well as a brief information about the college sports teams and working of the same. The students are also introduced to AVAHAN, the grand annual sports event organized by the VCET Sports Committee which is held on inter and intra levels for nearly 15 days, where students from all the departments take part in all the sport events with great enthusiasm.

This year the FE orientation started from 31st May 2022. All the students from various branches were delighted to attend this event. This event was held offline in the college Gymkhana. It was conducted under the guidance of Sports In-charge, Prof. Neha Gharat, and FE faculty, Prof. Chandrakishori Sonarkar. The committee members main focus was to make the students aware about the working of the Sports Committee.

The event started with an introduction section where all the committee members introduced themselves to the newly joined batches followed by the introduction of all the FE students. The main motive behind this was to build an informal communication bridge between the FE students and the seniors. After this, all the students were made aware about the events held and conducted by the Sports Committee which are - The FE induction program, The FE orientation program and the biggest and most awaited event of the year - AVAHAN. All the freshers were given a glimpse of the previously held event - AVAHAN by the committee members. It included the grand inauguration ceremony followed by all the sports played during the entire event which included Athletics, Overarm Cricket, Box Cricket, Rink Football, Volleyball, Tug of war along with the Indoor Events like chess, carrom and table tennis. They were also told about the generous sponsors who contributed to make this event a great success. Then the students were introduced to the gymkhana - a place where all the sport accessories owned by the VCET Sports Committee are kept. It is also the same place where all the indoor events were held during AVAHAN and the committee meetings take place. The FE students were then told about the various sport teams which represent the college and play at an inter institutional level.

Lastly the students were given time to play a variety of sports with their classmates in the gymkhana. The Orientation was then moved to a QnA session where all the FEs were allowed to ask any question related to either sports or academics. The Committee members tried their best to answer the maximum questions. After answering the questions, the event finally came to an end.

This event was successfully carried out by the SE and TE group members of the Sport Committee.

ACKNOWLEDGEMENT

I wish to express our deep sense of gratitude to ...

- Hon. Mr. Vikas Vartak (President of VCET)
- Hon. Mr. Arun Vartak, (Chairman of VCET)
- Hon. Secretary and Joint Secretary of VCET
- Dr. Harish Vankudre (Principal, VCET)
- Registrar Mr. Vishal Save
- Dr Vikas Gupta, Dean of VCET
- All the Head of different Departments of VCET
- All the committee members of Induction Program
- All the Teaching and Non-Teaching Staff
- FE Coordinator Dr Sunayana Jadhav
- Team of Students

STUDENTS' COUNCIL

Students' Council Report 2021-2022

Student activities are student-focused extracurricular programs offered at the college. Student activities are generally designed to allow students to become more involved on campus. Often, such activities provide the students with opportunities to develop qualities like leadership, social responsibility, citizenship, volunteerism, and employment experience.

Cultural awareness and participation play an integral role in a student's education. The college provides a platform for all that. That is where the Students' Council comes into the picture. It looks out for all the student-oriented activities which aim at the cultural aspect.

There are multiple student activities conducted starting right from orientation held for freshers imparting with few tips and tricks to tackle both academics as well as extra-curricular. The freshers are then welcomed into the college with a grand Fresher's Party held for them with various games and a talent showcase platform. Along with such activities, equal importance is given to celebrating special days like Teacher's Day and Independence Day involving students. Students' Council also hosts the main cultural fest of the college known as ZEAL, it involves every single student taking part in events ranging from performing arts, quizzes, and so on. During ZEAL, the entire college indulges in creativity, exciting activities, practicing for their performances, and much more. Students find themselves occupied with all these things as it makes them excited and simultaneously inculcates multiple qualities and their hidden talents are provoked.

With student activities, students can explore what they care about, be active in college and have fun while practicing skills for life. Moreover, it creates unity amongst students and their interests.

STUDENTS' COUNCIL

TEACHERS' DAY

Date: 05/09/2021

Description of Event:

5th September marks the Birth Anniversary of our former President and renowned teacher Dr. Sarwapalli Radhakrishnan. On this occasion, the Students' Council hosts a Teacher's Day celebration every year where they celebrate the hard work of our teachers with games and various activities. This year the traditional celebration was not possible, yet they expressed gratitude to our beloved teachers. The Students' Council organized a fun-filled virtual event for the teachers. This event included a lot of fun games. They created a short video which consisted of various alumni thanking the teaching and non-teaching staff. The students thanked the teachers for their guidance and support throughout their academic years and beyond. Each teaching and non-teaching staff were sent a personalized email with a card attached.

Online Teachers Day Celebration

VIDYAVARDHINI'S COLLEGE OF ENGINEERING
AND TECHNOLOGY

STUDENTS' COUNCIL

FE ORIENTATION

Date: 29/01/2021

Description of Event:

To welcome the fresh faces of the year, an Orientation was organized for the first year students. Here the First year students were briefed about the working of Students' Council and the various academic as well as cultural activities held by the college. They were also told about different committees and teams they can join according to their interest and to enhance their skills. The freshers were informed about the events that the Students' Council hosts, like the annual cultural fest Zeal, teacher's day, fresher's party and BE farewell. An informal session was held by the final year students at the end to clear all their doubts and gave them a few tips and tricks to tackle the four wonderful years of Engineering.

ZEAL 2022

Date: 25/03/2022 – 27/03/2022

Description of Event:

The annual cultural festival ZEAL is a fiesta that celebrates all forms of art, including dance, drama, music, literature, and fine arts. We celebrated the Art of Imperfections this year with Zeal 2022. It taught the students to live in the moment and to appreciate everything that life has to offer. With the theme Zeal 2022: MERAKI- THE ART OF IMPERFECTIONS. Zeal was conducted on March 25th, 26th, and 27th, 2022.

A Grand Inauguration Ceremony was conducted on the first day of ZEAL, which included a fantastic lezim performance accompanied by Dhol tasha pathak. To grace this joyous occasion, we were honored by the presence of Dr. Pallavi Parulekar Bansode, the Founding President of Shabdavel Sahitya Pratisthan, who was the chief guest at the inauguration ceremony. She further shared her thoughts and appreciation towards the efforts of the Students and the Teachers. The Students' Council also conducted events such as rangoli, Facts & Furious, Ad-Mad show, among others.

AND TECHNOLOGY

STUDENTS' COUNCIL

Inaugural Ceremony of ZEAL 2022

In the evening, events like Solo, Duet, and Group Dance events gave us some highly energetic performances and had the audience at the edge of their seats. The night was packed with high-octane entertainment and excitement.

Various events were held throughout the day on the second day of ZEAL, including a Treasure hunt, the Master Chef competition, among many others. Staff events were also held along with it. "GARBA NIGHT" was the best way to close the day. Everyone was dressed up in traditional Garba outfits and danced to the nagada beats. This evening was graced by the presence of Mr. Suhrad Soni, alumni of VCET. He is the Co- Founder and Co-Owner of the world's biggest authentic Garba School SSGD having presence in 28 cities and 9 countries worldwide. He was the chief guest and the judge for the evening. He even let out his dance moves on the dance floor and danced with the students to uplift and motivate them for the night. There were prizes for best dressed and best male/female dancers. The finals for most events were held on the third day of Zeal. True Pals, Instrumentals, Antakshari, Solo and Duet Singing, Lan Gaming, and the outstanding ground event- The DJ Night, were among the events. DJ NAC captivated the senses of the large VCET audience by playing the most popular DJ songs and getting everyone's feet grooving and jumping on the dance floor. It was the ideal way to end the festival. ZEAL 2022 was a big success and provided everyone with a fun and exciting experience and left them wanting more.

BE FAREWELL

Date: 22/04/2022

Description of Event:

To give a proper goodbye to all the final year students BE farewell party was arranged by the Students' Council.

The event started with welcoming the teaching staff, non-teaching staff and all the final year students. Then final year students were felicitated for their immense efforts, dedication towards various committees and also for their outstanding achievements in academics throughout their engineering life.. Various fun games and activities were also arranged where everyone participated enthusiastically. To make the evening more memorable, students performed dances and sang melodiously. Everyone danced their hearts out together on the beats of the DJ. At last everyone said goodbye to their friends and cherished the memories and friendships they created throughout their college life.

BE Farewell Party

Badhav

Dr.Sunaina Jadhav
Co-ordinator , Students' Council

AVAHAN 2021-2022

VCET Sports Committee is a student community consisting of more than 90 members dedicated to the development of sports. Our main aim is to provide the students with the means and environment to pursue their sporting passions. Throughout the year we organize various events such as FE Orientation, the AVAHAN-annual sports festival and also control the functioning of college sports teams. We believe the journey is more beautiful than the destination.

FE ORIENTATION program is conducted with an objective to give all the students a basic idea about the Sports committee, and its work, along with an introduction of all the members of the committee as well as brief information about the college sports teams and the working of the same. The students are also introduced to AVAHAN, the grand annual sports event organized by the VCET Sports Committee which is held on inter and intra levels for nearly 15 days, where students from all the departments take part in all the sports events with great enthusiasm.

AVAHAN:

It gives me great honour and pride to share my journey as the In-charge of the Sports Committee. Sports are a crucial part of everyone's life for the growth, development of mental health, and physical fitness of the body. So, coming to the annual sports festival AVAHAN, which is an inter-college youth event, engulfed in sportsmanship, enthusiasm, and determination. AVAHAN is conducted every year, where we aim at culminating our sports celebration, with a grandeur of enthusiasm and thrill, and participants show their skills by performing various strategies.

In the odd semester, FE Orientation program is organized where a brief idea is given to them regarding the sports committee and their work along with an informal conversation to make students get familiar with their seniors and to get a proper idea about the college events and the working of the college. The grand annual sports festival AVAHAN is organized by VCET Sports Committee on intra as well as inter-college levels where many students participate with great enthusiasm.

The Sports Committee organized the team selection for various sports such as Overarm Cricket, Football, Basketball, Volleyball, and Badminton. The selected students trained hard in their respective schedules allotted by the committee to participate in various inter-college sports festivals representing our college.

AVAHAN'22 commenced with the grand inauguration ceremony which was held on the ground of VCET. The inauguration ceremony was enlightened by the presence of chief guests

Mr. Rakesh D. Save (Executive committee member - Maharashtra Athletics Association) and Mr. Akshay Vernekar. The honorable chief guest, Mr. Akshay Vernekar encouraged everybody to stay fit and embarked on his wisdom to help students understand the role of sports in the life of a student.

Due to the prolonging restrictions of Covid 19, the event was held on an **Intra level** for three days. A wave of joy and excitement sparked among the students of VCET. The event being held intra-level also sparked a sense of competitiveness amongst the students for departmental competitions. Student testimonials of AVAHAN 2022 returning to them in the offline mode were overwhelming which drove the VCET Sports committee to work and make the event a grand success. **AVAHAN - 'A call to champions'** is not just an event but it's beyond that for everyone. The whole aim of AVAHAN is to inculcate a sense of teamwork, sportsmanship, and respect among the students.

The AVAHAN 2022 was concluded on a very different note with a farrago of emotions amongst the students as AVAHAN 2022 being the key binding the students after two years of social distancing. The committee has always worked with their hearts and soul and shall continue to do so in the coming years.

The event wouldn't have been seized without the support of our respectful management and honorable principal, Dr. Harish Vankudre. I also extend my heartfelt gratitude to all teaching and non-teaching staff and admin staff for their support throughout the year. The committee has always worked with their hearts and soul and shall continue to do so in the coming years. I congratulate Ms. Parinishtha Sharma, the Sports Secretary for leading the entire team exceedingly well and wish the Sports committee for a more successful event next year.

To encapsulate it all, AVAHAN 2022, was a grand success. As we rebuild the legacy of this sacred event in this new normal. Student testimonials described this one to be the key to sparking the thrill back again in the college atmosphere.

FE ORIENTATION started on 31st May 2022. All the students from various branches were delighted to attend this event. This event was held offline in the college Gymkhana. The committee member's main focus was to make the students aware of the working of the Sports Committee.

The event started with an introduction session. The main motive behind this was to build an informal communication bridge between the FE students and the seniors. All the freshers were given a glimpse of the previously held event - AVAHAN by the committee members. It included the grand inauguration ceremony followed by all the sports played during the entire event. Then the students were introduced to the VCET gymkhana. And also informed about the rules and regulations of the gymkhana.

Lastly, the students were given time to play a variety of sports with their classmates in the gymkhana. The Orientation was then moved to a Qn. A session where all the FEs asked questions related the sports.

Report 2021-22

The events by the committee for AY 2021-22 are as follows:

1) Kavi Sammelan

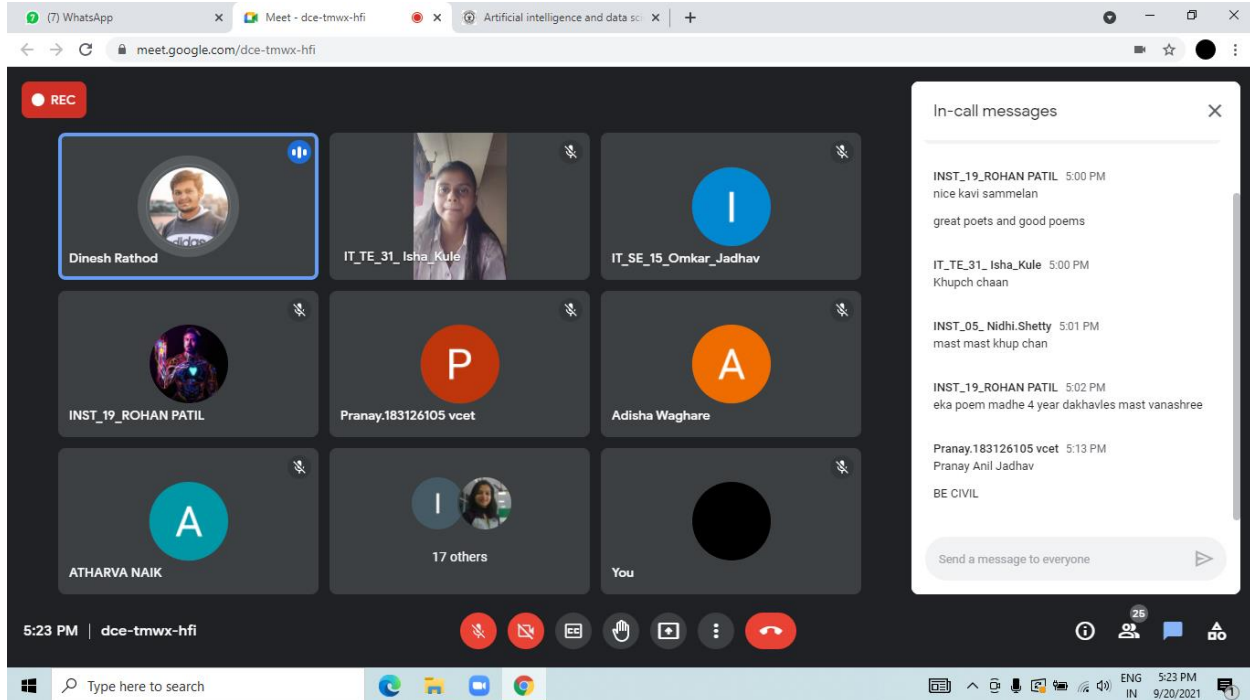

Literati, The Literary Club Organized Kavi Sammelan as our maiden event for the AY 2021-2022. Due to ongoing covid restrictions, the event was held Online via Google Meet on 20/09/2021. The event witnessed the participation of vast numbers of students. Kavi Sammelan was conducted in 2 languages, namely Hindi and Marathi. The event had over 15+ participants. The judges for the events were Mr. Anshul Nagori (singer, poet, and writer), Mr. Shiv Dhani Pandey (Hindi Poet), and Mr. Dinesh Rathod (Actor, Poet, writer, speaker, and blogger). There were 2 winners and 2 runner-ups and they were awarded cash rewards as well as a certificate of achievement. All the participants were rewarded with a certificate of participation.

Vasai(W) - 401202

2) International Mother Language Day

We all know how is our bond with our mother language. To let everyone know how significant our mother language is and to save them from being endangered, we organized some activities. The activities were conducted on International Mother Language day i.e 21/02/2022. There were 5 activities namely paragraph conversion, calligraphy, essay writing, poster making (hand-made), and Shayari recitation. All these activities were supposed to be done in their respective mother languages. The Shayari recitation and paragraph conversion was streamed live on YouTube, and other activities were taken as a submission and were presented live. There was a total of 19 participants and each one of them participated with great enthusiasm and enjoyed the entire process. All the participants were provided with a certificate of participation.

3) Marathi Bhasha Diwas

Marathi Bhasha Diwas was celebrated on 25th Feb 2022 for faculty members of VCET by the Literati Club. The event was conducted Offline mode after almost 2 years. This propitious event was held OFFLINE in our Auditorium. It was the first offline event of VCET after a break of 2 years and was also a grand one. It was organized to celebrate the glory of our beautiful Maharashtrian culture. The inter-departmental teams vigorously showed their competitive spirits to win. The event witnessed a footfall of approximately 60 participants, comprising 8 departments. The event commenced with our principal Dr. Harish Vankudre Sir addressing faculty and students. His speech was insightful and enlightening as it was dedicated wholly to Marathi culture. The event was hosted by Mrs. Komal Shringarpure. Prof. Pingle then graced this event by performing "Ishwarya Dwar" enthralling. Various quizzes and fun events were organized, which were truly enjoyed by everyone. There was short storytelling by Master Samedh Kolvankar in Marathi which was truly mesmerizing. The event finished off with the IT department being crowned as champions for the day and EXTC department as runner-up. Mr. Sachin Modgekar was the judge for the

4) LitFest'22

The Literati Club organized Literature Fest – 2022 which took place from 30th March to 7th April 2022 in the hybrid mode (both online and offline). The event consisted of nine sub-events namely: Spelling Bee, Unscripted - The Extempore Competition, Love Letter Writing, Look into the Book, Choose your anime, Literature Quiz, Writing Prompt, Dialogue writing, and Faceoff 9.0– The Interdepartmental Debate Competition. Students actively took part and warmly welcomed the online approach. Our mailboxes were flooded with the active participation by the students and have encouraged us to consider adding on more events for our upcoming LitFest'23. The students loved the entire fest, especially the ones that were conducted Offline on campus. The sub-events and their brief description are as follows:-

A) Spelling Bee

It was a competition to skill-up English and listening skills. There were 3 rounds, round-1 and round-2 were elimination rounds and round-3 was the final round. All the rounds were conducted in the seminar hall. Initial 2 rounds were scheduled on 30th March 2022 and the final round was scheduled on 4th April 2022. There were a total of 13 enthusiastic participants. The event was concluded by declaring a winner and 2 runner-ups. All 3 of them were rewarded with a certificate of achievement.

Vidyavardhini's College of Engineering and Technology, K.T. Marg,
Vasai(W) - 401202

B) Unscripted – The Extempore Competition.

Extempore was one of the biggest highlights of Lit Fest '22. “Unscripted - The Extempore Competition”, wherein each participant was given about 10 minutes to prepare a speech on the allotted topic. Extempore was conducted on the 2nd Day of Lit fest '22 i.e on 31st March 2022. The event saw 14 participants giving their best in the allotted time frame, speaking on a wide array of topics selected by the club. The event was judged by Mr. Dinesh Goswami (Asst. professor Babasaheb Vartak Jr. College) and Mr. Dyaneshwar Chaudhari (Asst. professor Babasaheb Vartak Jr. College). The two winners and a runner-up were rewarded with a cash prize as well as certificates.

C) Love Letter Writing.

Love Letter Writing was a fun and exciting event that was newly added to our wide range of events this year. The event was conducted on the 3rd Day of Lit Fest '22 on 1st April 2022. The event was a great success as we witnessed over 30+ participants express their creativity and skills. The event was judged by Mr. Dinesh Goswami (Asst. professor Babasaheb Vartak Jr. College). Both winner and runner-up were rewarded with certificates.

Literati - The Literary Club

Vidyavardhini's College of Engineering and Technology, K.T. Marg,
Vasai(W) - 401202

D) Look into the Book.

Look into the book was a book report writing competition that the club organized as a sub-event of Lit Fest '22. The Participants had an opportunity to write a book report on any novel of their choice. The event was conducted on the 4th Day of Lit Fest '22, on 2nd April 2022. There were a total of 8 participants from different branches and classes who submitted their reports on the committee's official email id. The judge for the event was Ms. Kamini More (Asst. Prof at VCET). Both winner and runner-up were rewarded with certificates.

E) Choose your Anime.

Choose your Anime is a writing prompt competition based on the participant's favorite Anime. The Participants were required to write a prompt on their favorite anime. The event was scheduled for Day 5 of the Lit Fest '22 on 3rd April 2022. Around 10+ participants took part in the competition. The event was judged by Praveen Raj, an architect by profession. Both winner and runner-up were rewarded with certificates.

Literati - The Literary Club

Vidyavardhini's College of Engineering and Technology, K.T. Marg,
Vasai(W) - 401202

F) Literature Quiz

Literature Quiz is a fun event conducted by the club during every LitFest. The event witnessed 7 Groups (28 participants) competing amongst each other through 4 rounds involving various Literature related quizzes. The event witnessed a huge audience cheering for the participants. The event was conducted on the 6th Day of Lit Fest '22 on the 4th of April 2022. Both winner and runner-up were rewarded with certificates.

Literati - The Literary Club

Vidyavardhini's College of Engineering and Technology, K.T. Marg,
Vasai(W) - 401202

G) Writing Prompt.

In this competition, the participants were provided with different prompts, in the form of pictures and a generalized paragraph. Participants were supposed to choose any one of them and write about the same, sharing their perspectives. Though the participation was less as there were only 6 participants, the event was enjoyed by each one of them. The judge for this event was Ms. Seemin Shaikh (English teacher at RB Harris Jr. College). Both winner and runner-up were rewarded with certificates.

H) Dialogue Writing

The competition was organized to see how creative participants can be when it comes to writing a conversation. The dialogue prompts were in the form of pictures and a situation (sentence). Participants were supposed to write a conversation between the 3 characters mentioned. Total 8 participants were there and each one wrote greatly. The judge for this event was Ms. Kamini More (Asst. Professor, VCET). Both winner and runner-up were rewarded with certificates.

Literati - The Literary Club

Vidyavardhini's College of Engineering and Technology, K.T. Marg,
Vasai(W) - 401202

I) Faceoff 9.0 – Inter-departmental Debate Competition.’

“Faceoff” is an Inter-departmental as well as Inter-Departmental Debate Competition (both intra-collegiate and inter-collegiate) that is conducted every year as a flagship event. This year due to Covid restrictions the event was conducted only as an Intra-colligate departmental Debate Competition. The event commemorated the end of LitFest’22 and was conducted as a 2 Day event on 6th and 7th April 2022. The debate competition always sparks a ton of excitement among the students as well as our faculties. 32 Students forming 8 Groups representing our 8 Departments faced each other in a fierce 2-day-long debate competition. The debate topics were randomly assigned to the opposing groups. The event saw a huge turnout in the audience as well as staff and faculties to witness the groups fiercely argue and debate one another. The event was judged by Ms. Mili Panikar (English teacher at Vidya Vikasini Jr. College) and Ms. Diana Shukla (English teacher at Holy Family High School and Jr. College). The winning team and runner-ups were rewarded with cash prizes as well as certificates.

Apart from organizing these stunning events, the Literati club is also responsible for the annual college magazine of VCET. As we were living in the Covid-19 scenario, VISTA'21 was an e-magazine. The theme for VISTA'21 was "Allagi - Transformation of minds". The magazine had 5 sections namely - the English section (poems, articles, stories), Hindi section (poems, articles, stories), Marathi section (poems, articles, stories), Report section (Committee and departmental), and Photo Gallery.

Subject: Report on Webinar on “Leaving no one behind” World Tribal Day , 9 August 2021

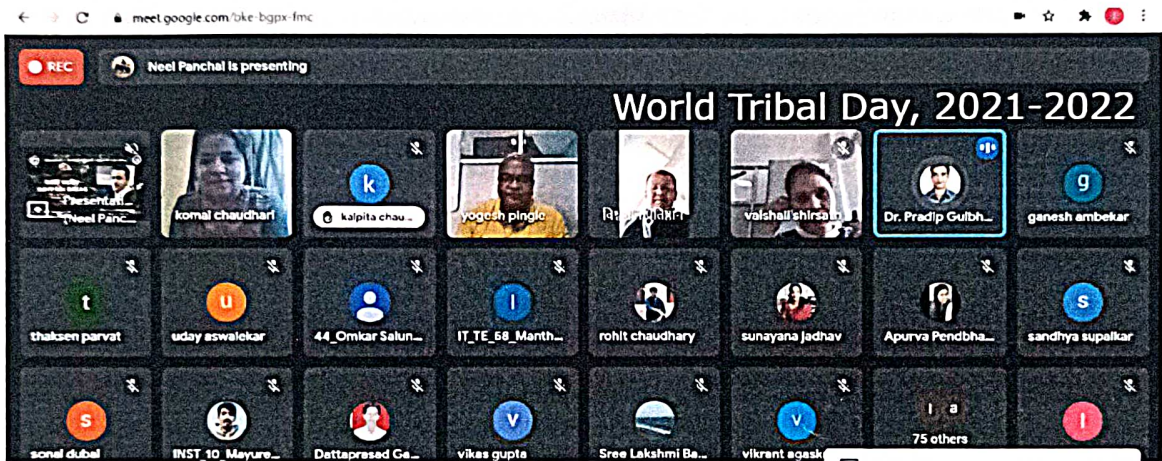

On the occasion of World Tribal Day, NSS Committee of Vidyavardhini's College of Engineering and Technology, Vasai had conducted a webinar on 9th August 2021 from 12:30pm onwards. The guest speaker of this event was **Mr. Jagdish Sansare** who is a professor, actor, writer, editor and director. The session was conducted through google meet and the host of the event was Mrs. Komal Shringarpure, faculty member of VCET.

This event started with the speaker of the event giving a brief introduction about this event to the students present. The objective of this event mentioned a theme of “Leaving no one behind”. The speaker talked about how various activities are performed to gain an appreciation and a better understanding of indigenous peoples. He also mentioned about promoting and protecting the rights of these tribal people along with that he acknowledged their contribution towards world issues such as environmental protection. Faculty members along with students attended this event.

Lastly, the host ended the event by giving a vote of thanks to the guest speaker, all the dignitaries and other committee members.

**To,
The Principal
VCET.**

Subject: Report on Rashtriya Gaan, 15 August 2021

To celebrate our freedom and to remember the ones we lost in the way, NSS committee of Vidyavardhini's College of Engineering and Technology, Vasai decided to celebrate the occasion of Independence Day by singing our national anthem in the comfort of everyone's home. Hard Times like this pandemic bring unique ways to celebrate because no one can decrease our enthusiasm to celebrate the day of our Freedom.

We celebrated this virtually by being a part of Azadi Ka Amrit Mahotsav which is to encourage our youth, teach them and keep them in a loop about Indian culture, heritage etc. We came together and submitted videos of us singing our National Anthem to set a record of the maximum number of Indians singing the Rashtriya Gaan together.

Certificates were also provided to all the participants. Active participation was shown by all faculty members and students.

Thank You,

Subject: Report on Kalasparsha competition, 14th-19th September 2021

The NSS Committee of Vidyavardhini's College of Engineering and Technology once again organized a remarkable virtual event. On the Account of Ganesh Chaturthi, the UDAAN NSS committee organised "कलास्पर्श" a virtual event which included Rangoli, drawing, and Ganpati decoration. कलास्पर्श was conducted from Tuesday i.e. 14th September, 2021 to Sunday i.e. 19th September, 2021. The event had some basic rules to which the participants were requested to follow. These rules were required for Healthy competition and fair judgment. A considerable number of people from different groups participated in this event. We had received commendable responses. Submissions were to be accepted till 19th September, 9:00 pm. It was a great opportunity to watch the participants creating and displaying their wonderful ideas. On 20th of September, the results were declared on the Instagram official account : @nss_vcet.

Total Entries of the event:

Drawing	24
Rangoli	9
Decoration	19
Total	52

Johny
Dr. P. S. D. Phule
N.S.S. - P.O.

Following were the results of the event:

Drawing Competition	Rangoli Competition	Decoration Competition
1 st. Rohit Redkar	1st-Dhanisha Raut	1st.Sairaj Gurav & Omkar Ghanekar
2 nd Aditi Rathod	2nd Sundar Choudhary	2 nd.Mr Anup Shelkar Sir
3rd. Tanmayee Tele & Sanskruti Nijai	3rd-Vaishnavi Wani	3 rd. Sanskruti Nijai

The winners were awarded cash prizes for their outstanding performances. Henceforth the event was a phenomenon and it added another success in the history of NSS. The total amount which was distributed among the winners was Rs.1900.

The details of the winners are as follows:

1. Ganpati Drawing winner - 400rs

Name: Rohit Sachin Redekar

Bank Name: Abhyudaya co-op.bank ltd.

Account No: 079011100010390

IFSC code:ABHY0065046

2. Rangoli Winner - 500rs

Name: Abhidnya Raut

Bank Name: Canara Bank Agashi Virar(West)

Account No: 0216101022914

IFSC code:CNRB0000216

3. Ganpati Decoration winners - 500rs Name: Omkar Mangesh

Ghanekar

Bank Name : State Bank of India

Account no: 38921423521

IFSC code: SBIN0000374

4. Ganpati Decoration Winners - 500rs

Subject: Report on Gandhi Jayanti, 2nd October 2021

To uplift the values and ideas of Gandhiji, NSS Committee of Vidyavardhini's College of Engineering and Technology, Vasai decided to celebrate the occasion of Gandhi Jayanti with great splendour on 2nd October, 2021. Due to the pandemic situation, the cultural program was conducted virtually on google meet from 11am onwards. The event was addressed by the volunteers of the NSS unit by initially welcoming the principal and all the faculty members.

The event started with a speech about the struggles of Gandhiji's life and how his deep sense of doing justice was triggered. His non-violent movements, protests and his work towards spreading awareness about the importance of equality and peace was also mentioned. Later a virtual tour of Sabarmati Ashram in Ahmedabad was given which embraces the peaceful way Gandhiji spent his life. A lot of information about Udyog Mandir, Vinoba-Mira Kutir and Nandini guest house were also discussed. Furthermore, a quiz was conducted based on the virtual tour and Gandhiji's life. As it was the birth anniversary of Lal Bahadur Shastri as well, a speech was delivered about his life and contributions for the nation. Later on, to take initiative towards fitness, the committee commenced the FIT INDIA MOVEMENT which was started by honourable prime minister Narendra Modi to make India healthy and fit. Further, the winners of the quiz were acknowledged for their outstanding performance.

Lastly, the volunteers ended the event by giving a vote of thanks to all the dignitaries and other committee members.

Thank You,

Dr. Pradip Gulbhile
Programme Officer

VCET.

Subject: Report on Fit India Movement, 2nd October 2021

To take initiative towards fitness, NSS Committee of Vidyavardhini's College of Engineering and Technology, Vasai commenced the FIT INDIA MOVEMENT on 2nd October 2021 on the occasion of Gandhi Jayanti. This movement was started by honorable prime minister Narendra Modi to make India healthy and fit.

This event was organized so that people could show their athletic and fit abilities. The committee conducted this online campaign where students and teachers were asked to upload videos and images of themselves doing activities like cycling, jogging, weight lifting, exercising, etc. Many students participated and showed their enthusiasm through this event. This event was a great success towards awareness of physical health.

Thank You,

Dr. Pradip Gulbhile
Programme Officer

Subject: Report on Rashtriya Ekta Diwas, 31st October, 2021

The birth anniversary of Sardar Vallabhbhai Patel is observed as Rashtriya Ekta Diwas. NSS committee of Vidyavardhini's College of Engineering and Technology celebrated National Unity Day with great zeal and respect for the iron man of India, Sardar Vallabhbhai Patel.

The event started with the participants taking an oath to preserve the unity and integrity of the nation and also strive hard to spread this message among countrymen. A very inspiring speech was delivered by respected principal, Dr. Harish Vankudre of Vidyavardhini's college of Engineering and Technology. Due to COVID-19 pandemic not everyone was present in the campus. But to contribute to this event many students and faculty members pledged their support to maintain unity in this society through an online platform. They received e-certificates by actively participating in this event. Students also engaged themselves in reading, writing and discussing the life history and contribution of Sardar Vallabhbhai Patel towards the making of India.

National Unity Day is a day to remember the man behind the politically united map of India and to commemorate his birthday. Sardar Patel was incomparable in his contribution to the unity of India and the day is the least we can do to honour him

Thank You,

Dr. Pradip Gulbhile
Programme Officer

Subject: Report on Vigilance Awareness Week, 12th November 2021

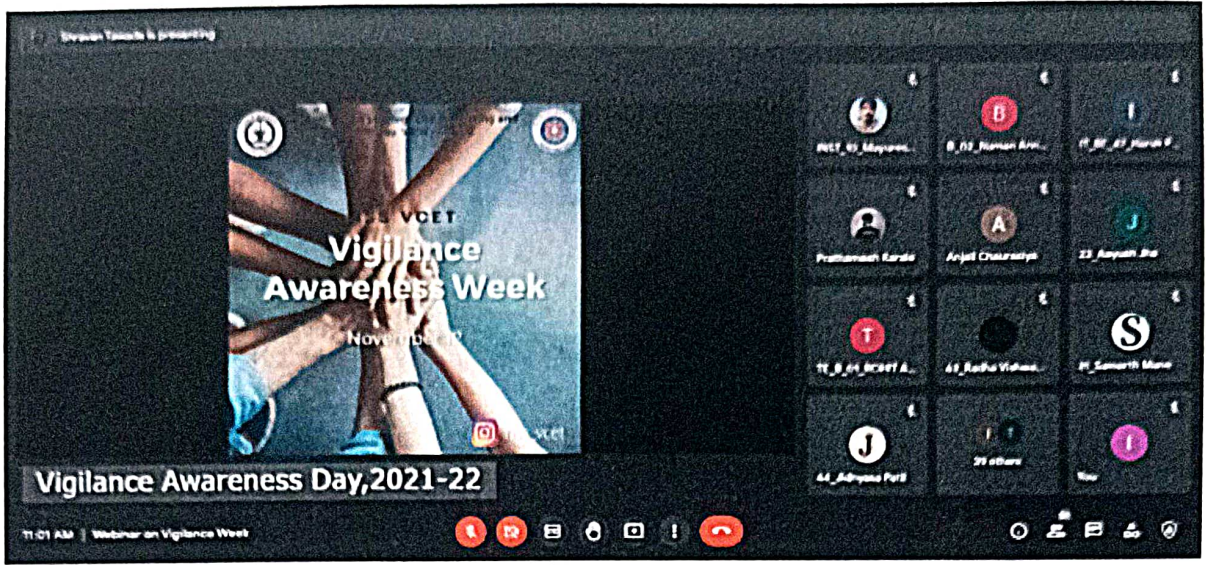

A webinar was conducted by NSS Committee of Vidyavardhini's College of Engineering and Technology, Vasai(w) on 12th November, 11am onwards on the occasion of Vigilance Awareness Week. The event was conducted through google meet and was addressed by the volunteers of NSS Committee by initially welcoming all the faculty members and audiences. Students of VCET College were the speakers of this event to throw some light on various initiatives taken by the government.

The first speaker of the event was Mr. Suyash Bhoir who explained what exactly this week is and why it is celebrated. He mentioned this week's theme as it was the 75th anniversary of India's independence. After that Mr. Sarang Waghmare conveyed the significance of this week and how it is useful in our day to day lives. Further various initiatives of the government were discussed wherein Ms. Bhakti Raigawali shared information about Atma Nirbhar Bharat and how it will help to promote local products and break the crisis caused by the pandemic by supporting other small scale businessmen. Ms. Adisha Waghare shared information about the impact of social media on youth along with its advantages and disadvantages. Furthermore, Ms. Sree Lakshmi Balachandran discussed the Real Estate Regulatory Authority (RERA) Act and about its benefits for the real estate sector. Later, Challenges of E-learning in today's life were explained by Mr. Dharmesh Thorgavankar and also gave some solutions based on it. Faculty members and Students attended this event.

Lastly, the volunteers ended the event by giving a vote of thanks to all the dignitaries and other committee members.

Subject: Report on Constitution Day, 26 November, 2021

To encourage and uplift the values of being an Indian citizen, NSS committee of Vidyavardhini's College of Engineering and Technology, Vasai decided to celebrate the Constitution Day or "Samvidhan Diwas" on 26th November 2021.

Due to this pandemic we couldn't gather in the college to celebrate the day our constitution was commemorated. But as it is said the spirit should always be high therefore we celebrated the day on the online platform. A message was forwarded to boost the enthusiasm of college students and they signed up the preamble to the constitution through the government's online site. This was a step taken to make a change and increase awareness about our National Law Day. This event was a great success.

Thank You,

Dr. Pradip Gulbhile
Programme Officer

VCET.

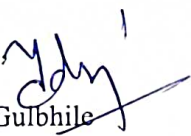

Subject: Report on Plastic Survey, 9 December 2021

To reduce the use of plastic containers, NSS Committee of Vidyavardhini's College of Engineering and Technology, had collaborated with Dhyaas Foundation, an organisation that provides degradable containers to hotels and restaurants on 9th of December, 2021 from 10am onwards.

The event started with the members of Dhyaas foundation, introducing the motive and objective of their organisation and explaining the NSS members their tasks. NSS members were divided into groups of three and given a target of at least ten hotels, restaurants and fast food joints. The members travelled the neighbouring areas and communicated with the managers of restaurants about Dhyaas organisation and their objective to reduce the use of plastic containers. All the members came back after taking surveys from almost 30 nearby restaurants and fast food joints which consisted of information about the types of containers they use. Students were actively volunteering during this surveillance.

Lastly, the volunteers ended the event by giving a vote of thanks to all the dignitaries and other committee members.

**To,
The Principal
VCET.**

Subject: Report on Rider's Safety Training Webinar and Quiz, 17th December 2021

A webinar on Safe Rider Training was organized by NSS Committee of Vidyavardhini's College of Engineering and Technology, Vasai. on 17th December, 2021 from 2pm onwards. The committee carried out the event in collaboration with United Way under the auspices of United for Road Safety and managed by Global Road Safety Partnership. The webinar was conducted through Zoom meeting and the entire program was guided by the guest speakers **Mr. Cyril Gaikwad** and **Mr. Rohit Dalvi** who are road safety experts.

Nowadays the number of road accidents is on the rise. Oftentimes the young people as well as older people are unaware of driving. So for that, topics like important precautions to be taken, traffic rules, as well as the basics required while driving were covered in this webinar. The meanings of the signboard on the road while driving were discussed. Motorcycle maintenance and inspection, assistance to accident victims and laws of drink and driving were also explained in detail. From booking the bike to the necessary documents required for it, selection of your two-wheeler as well as the free accessories that come with the vehicle were also mentioned.

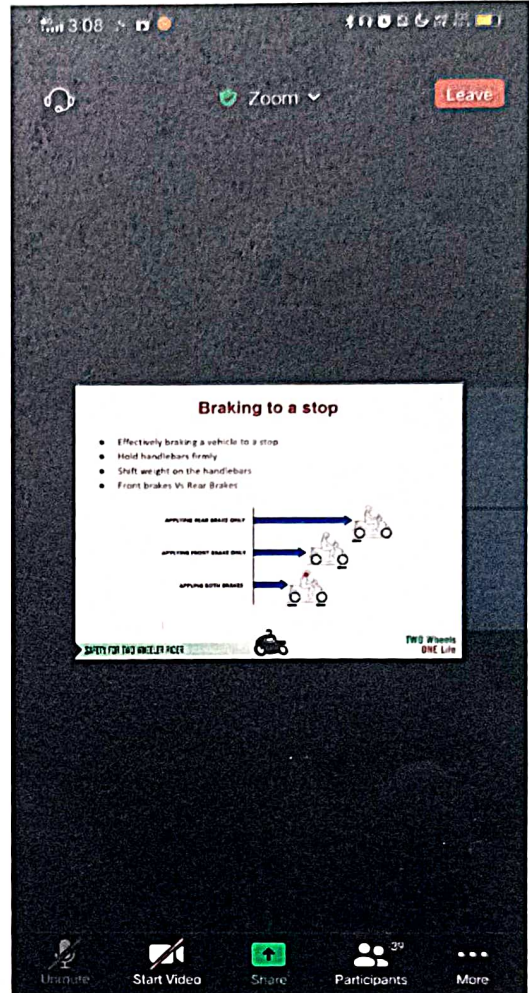

A quiz was conducted to test the knowledge gained by the students present at the end of the webinar. Also, certificates were provided to all the participants. Lastly the volunteers ended the session by thanking the guest speakers.

Thank You,

Dr. Pradip Gulbhile

Subject: Report on National Youth Day, 12 January 2022

A webinar was conducted by NSS Committee of Vidyavardhini's College of Engineering and Technology, Vasai(w) on 12th January, 11am onwards on the occasion of National Youth Day. This event was in collaboration with the World Wide Fund For Nature to spread awareness of the importance of Mangrove Forests in Biodiversity. The guest speakers of this event were **Ms. Ronak Sisodia and Ms. Deeksha Shetty, volunteers of W.W.F.-India**. The event was conducted through google meet and was addressed by the NSS Committee by initially welcoming all the faculty members and audiences.

The program began with a speech based on the life journey of Swami Vivekananda. In this speech many important events in his life were observed and how National Youth Day is related to his birth anniversary was explained. Further the guest speakers carry forward the event by talking about forest conservation. Then how saline forests play a vital role in protecting the coasts was explained. In-depth guidance was given on the biodiversity of thorny forests, their geographical importance and their role in reducing pollution. A short quiz was also conducted based on the webinar and the winners were acknowledged for their outstanding performance. Lastly, the volunteers ended the session by giving a vote of thanks to all the dignitaries and the guest speakers for enlightening everyone with so much information related to mangrove forestry and its conservation.

Thank You,

Dr. Pradip Gulbhile
Programme Officer
NSS

Subject: Report on National Girl Child Day, 24th January 2022

A world without girls is as impossible as a world without water. The world could come to a standstill without the existence of girl child. So for that a campaign was conducted by NSS Committee of Vidyavardhini's College of Engineering and Technology, Vasai(w) on 24th of January on the occasion of National Girl Child Day. The main objective of this initiative was to motivate society to feel proud to be parents of a girl child, which will eventually help in dealing with the problems arising out of gender imbalance.

As to promote the feeling of pride for being a parent of a girl child, participants were asked to share their selfies or short videos with their daughters. The "Selfie With Daughter" campaign is closely linked with the "Beti Bachao, Beti Padhao" programme, which aspires to raise public and political awareness for the rights and needs of girls. Certificates were also provided to the participants.

In this campaign not only students but faculty and other staff members also enthusiastically participated by sharing pictures with their daughters. Students along with faculty members participated in this campaign.

Thank You,

Subject: Report on Shivaji Jayanti, 19 February 2022

To uplift the values and ideas of Chhatrapati Shivaji Maharaj, NSS Committee of Vidyavardhini's College of Engineering and Technology, Vasai decided to celebrate the occasion of Shiv Jayanti with great splendour on 19th February, 2022. Due to the pandemic situation, the cultural program was conducted virtually on google meet and was live streamed simultaneously on YouTube platform from 11am onwards. The Guest speaker of this event was **Mr. Vijay Gawde** who is the Vice Principal of V.S.I.T. College and NSS Area Coordinator of MU.

The event was addressed by the volunteers of the NSS unit by initially welcoming the principal, guest speaker and all the faculty members. The event started with a song in the honour of Chhatrapati Shivaji Maharaj. After that the guest speaker proceeded with the event wherein he explained the values and ideologies of Maharaj. He gave many examples of this great warrior's renowned stories and made the students understand the importance of his values and qualities in today's life. Further the event proceeded with another song about Maharashtra and a short quiz was conducted based on the session.

Lastly, the volunteers ended the event by giving a vote of thanks to all the dignitaries, guest speaker and other committee members.

Subject: Report on International Women's Day ,8th March 2022

International Women's Day (March 8) is a global day celebrating the historical, cultural, and political achievements of women. The day also is a day of action in support of taking action against gender inequality around the world.

The United Nations theme for this year's observance is "Gender equality today for a sustainable tomorrow" in recognition and celebration of the women and girls who are leading the charge on climate change adaptation and response.

A competition was conducted by NSS Committee of Vidyavardhini's College of Engineering and Technology, Vasai(w) from 8th March to 14th March on the occasion of International Women's Day. During this period, an essay writing competition was arranged for the college students. The theme for the competition was "*Gender equality today for a sustainable tomorrow*".

The students were addressed to elaborate their ideas on Gender equality and students were informed to submit their essay in pdf format in the given period. This leads to the successful completion of the event with the great enthusiasm from participants.

'Sample Essay' of the Participant-
John

In this modernized era where the world is facing major issues like rape, economy failure, religiousism etc gender equality or pseudo equality does exist. Men and women have equal rights and equal responsibilities towards this world, which will help our nation to become a better and prosperous one. We say that men and women are equally competent then why do we lack to serve justice to the one who actually suffers gender inequality. They are equally responsible for their actions in this emerging world. Why do men who are actually innocent suffer because of the ones who are guilty? Why do women play girl card to save themselves? Why is a woman objectified in this era? Why do we depend on men for our livelihood? Why do we expect men to serve us when we are equally responsible for it. Women playing girl card should be punished because it not only highlights a girl being saved after causing major issues but also makes it worse for the boy to face this judgemental world. Boys who are innocent should be saved from such danger which will definitely lead us to become a gender equal society/world. On the other hand women after marriages are not recruited by companies because of the fear of starting a family. Women who faces such issues not only leads them to snatching of their golden opportunity of being independent but also makes them feel responsible for something which they are not. They should be supported because they create the world and help the world to become a better one. Why is a boy asked about his salary structure when he is about to marry a girl? Why not realising that they both can uplift their families in a well defined manner. Both can not only fulfil the basic requirements but also fulfill their wishes. Why celebrating only women's day why not celebrating men's day? They equally contribute and strive hard to feed their family and provide them the basic necessities. We should not forget the bravery acts of Chatrapati Shivaji Maharaj but also embrace the braveness of Rani Laxmi Bai. We should equally respect transgenders, lesbians and gays. Our law accept people as they are. We don't need to pretend to make others happy. This provides today's youth a opportunity to think of themselves in a broader aspects. We should not look upon those people. Transgenders are born with that. They have no role in manipulating their body parts. Gays and lesbians develop their habit during their growing course of time. We should help them and create a place for them in the society which is polite and accepting towards them rather being rude and harsh. We should work for their upliftment so that no parent feels ashamed to accept their kids with such defaults. Today we experience Amazing transformation of male into female and vice versa. This shows that men and women equally understand each other's worth and want to experience something amazing in their lifetime. Both should realise that they do lack in something or the other and accepting that will help them to become the building block of each other in their hard times. We have come across witnessing several generations on the basis of their equality, now it's time for us to become the one which will not only help men but also women to walk shoulder to shoulder in this world full of competition and full of struggle. We always hear people saying every successful man has a women behind him let's make our world a place where men will equally support women to achieve great things in their life and will not feel ashamed if their accomplishments go less in front of their partners. Lets remember and embrace the words said by legendary 'Micheal Jackson': "heal the world make it a better place for you and for me and the entire human race".

Date:- 25th March, 2022

To,
The Principal
VCET.

Subject: Report on Sadak Suraksha Motorcycle Rally, 20th March 2022

Road safety campaigns are an important way to spread awareness among people about road safety measures and rules. The Nss committee of Vidyavardhini College of Engineering and Technology took the initiative of organising Sadak Suraksha Motorcycle Rally which was conducted on 20th March, 2022. The main objective of this event was to propagate the importance of keeping safety primary while travelling through any means of transportation, be it two or four-wheelers.

In order to sensitize the students about road safety and traffic rules, a street play was enacted. Informative topics such as Importance of wearing helmets while driving a 2-wheeler, never driving while drinking and many more were discussed. Lastly, the volunteers ended the event by giving a vote of thanks to all the dignitaries and other committee members.

Thank You, 
Dr. Pradip Gulbhile
Programme Officer

INTRODUCTION

Vidyavardhini's College of Engineering and Technology organized a Three-week induction program for the fresh candidates to First Year Students in line with the AICTE requirements.

OBJECTIVE

The objective of the program is to make the students feel comfortable in their new environment, open them up, set a healthy daily routine, create bonding in the batch as well as between faculty and students, develop awareness, sensitivity and understanding of the self, people around them, society at large, and nature.

The time during the Induction Program is also used to rectify some critical lacunas and sensitize them towards exploring their academic interest and activities, reducing competition and making them work for excellence, build relations between teachers and students and overall personality development. The induction program contained of interesting activities like motivational speech, team building activities, expert lectures, and campus orientation sessions etc. The rationale for induction was to ensure a smooth transition for the students into the university system.

The following major activities under the induction program in which the students would be fully engaged throughout the day for the entire duration of program, this includes:

1. Physical activity: This would involve a daily routine of physical activity with games and sports which will help them to develop team spirit.
2. Proficiency Modules: Lectures on Basic English, Basic Mathematics, and Basic Computer Operation were conducted, and tests were taken to refresh the knowledge of the students. This lectures and tests were useful to recall and recollect the knowledge of the students.
3. Universal human values: It gets the student to explore on self and allows one to experience the joy of learning stand up to peer pressure, take decisions with courage etc.
4. Literary: Literary activities involved reading, writing, debating and enacting a play.
5. Lectures by Eminent People: This period can be utilized for lectures by eminent people to give the exposure to the students in various fields.

A total of 400 students participated in this program which was conducted from 21st January –1st July 2021 & then it was continue throughout the semester. Faculty and student mentors from across programs worked extensively to ensure that the induction was well organized. The following report includes the schedule and brief notes on the various events conducted as part of the induction program.

FIRST YEAR ENGINEERING

DAY 1 - FE Orientation Program 2021

Vidyavardhini's College of Engineering & Technology's FE Orientation Program was held on 21st January 2021. Due to Covid 19, the program was held virtually.

Ms. Swati Varma welcome the Principal, Dean, all speakers of Orientation Program, teaching and non-teaching staff, parents and students and introduced the Principal Dr. Harish Vankudre. Due to certain unavoidable reasons the Principal was not able to present for the program. However, Dr. Vikas Gupta presented his message. He first congratulated the students for their success and expected the students to be clear about the course and apart from gaining professional knowledge the students should develop various skills.

Ms. Swati Varma then introduced Dean Academics Dr. Vikas Gupta, who gave brief history of VCET and introduced the management, the programs and various branches. He further talked about the vision & mission of the Institute, teaching and non-teaching faculties, curricular planning, infrastructure facilities, various activities, academic and administrative bodies and technical events.

Dr. Amrita Ruperi, Dean Student's affairs, further introduced Extra-Curricular Activities along with various associated committees like NSS, Students Council, Sports Committee, Woman Empowerment Cell, Literati Committee & Scholarship.

Dr. Ashish Chaudhari, Dean of Research & Development, gave brief about various Research & Development activities carried out in the Institute. Dr. Swapna Borde, Dean of Alumni, talked about various activities take place under Alumni Association.

Further Dr. Sunayna Jadhav, FE Co-Ordinator addressed the students regarding the FE structure, rules and regulations, FE class in-charges, proctor system, curricular aspects, examinations, credit systems etc. Ms. Poonam Surange, In-charge of Counselling Cell, gave brief about counselling services available in the Institute for the betterment of the students. Mr. Prafulla Patil, gave brief information about Industry Institute Interaction Cell (IIC) and various activities of Training and Placement Cell.

Further FE toppers Manisha Khushawaha and Mohit Singh shared their experiences in VCET. Prof. Dipak Chaudhari then gave brief introduction of FE Induction Program. Lastly Ms. Swati Varma gave vote of thanks.

Day-2 Guest Lecture -Interaction with Industry Expert

Induction session of day-2 was conducted on 22 Jan 2021 starting from 10:00 AM till 11:30, the session commenced with a brief introduction of Mr. Gajanan Palsule by Ms. Swati Varma, Industry expert Mr. Gajanan Palsule have experience in design & development solutions and currently working as The Senior consultant with TCS.

Mr. Palsule gave his thoughtful insights on the following topics.

- How engineers are running the world
- How the world is changing
- Realizing the strengths and weakness and being oneself
- Deciding the GOAL
 - Breaking the goal into multiple 'milestones' and Improvising whenever needed "Goals are written with Pen and plans are with Pencil"
 - Example of Chris Hadfield (2 Space missions & First spacewalk) coming from a humble background and achieving big.
- Working Smart
 - 80:20 Rule {20% work/things/tasks will give you 80% benefits}.
 - Urgent & Important, ability to distinguish between them.
 - Thinking out of the box.
- Technology is Must.
- Importance of Soft Skills.
- Increasing role of Parent's support in current scenario.

Welcome to Vidya Vardhini's College of Engineering & Technology

Vidyavardhini's College of Engineering & Technology
FIRST YEAR ENGINEERING

Question and answer session (started at 10:42):

Q: What is the Syllabus for data science?

Ans: It's still a evolving field, following things are what industry needs right now: Data collation, Data modeling, writing algorithm, Students should also focus on what new can be done.

Q: What is expected from a AI students in the industry?

Ans: Ability to work on real life problems in addition to basic skills.

Q: which is better, Computer engineering or data scientist?

Ans: Both are equal to me.

Q: How to get good placement?

Ans: Why to only look for placement, students should think about Entrepreneurship as in future this will be major income generation source.

Q: Can you speak more on soft skill?

Ans: Soft skills evolve over time, cannot be achieved with a shortcut way.

Q: Does a year drop matter for Industry?

Ans: Focus on learning skill, but do clear all the exams every year.

Q: What is the Future of IT industry after 4 years?

Ans: Industry is going through dramatic changes and cannot be predicted easily.

Q: Do IT Industry require Engineers from other branches?

Ans: Certainly.

Q: Suggest some Interdisciplinary projects for students.

Vidyavardhini's College of Engineering & Technology

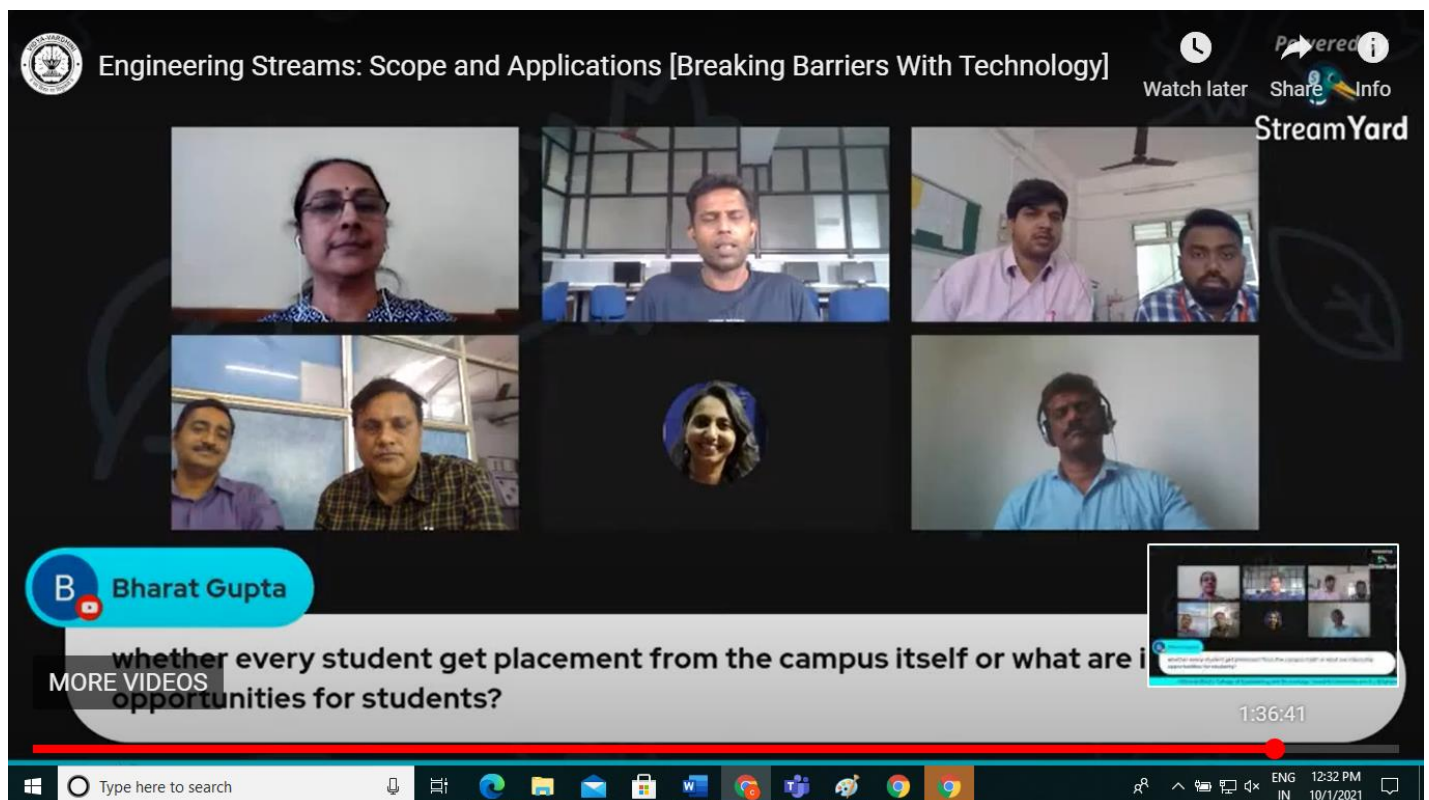

FIRST YEAR ENGINEERING

Day 3- Engineering Streams: Scope and Applications (Breaking Barriers with Technology)

An enlightening session to educated students about various Engineering streams was conducted on 23rd January 2021, the event was hosted by Apurva Pendhaje from Mechanical Branch.

The First Branch Civil Engineering was presented by Mr. Prakash Panda, where he explained where the History of civil engineering, and then various career options were explored, from Government sector to private sectors and the Interdisciplinary Relation was also explained thoroughly.

The talk was then followed by Mechanical Department where various applications of Mechanical department was covered, and every aspects of Mechanical field in relation to various Industries were explored such as Design Industry, Manufacturing Industry, Processing industry, Energy sector etc, Mr. Deepak Chaudhary elaborated on how only one Branch cannot enrich the entire engineering field and explain the interdisciplinary nature of the branch giving examples of Dairy processing Industry and explaining different branches are involved such in packaging, Boilers, chemical engineering, sensors, civil, data science etc.

Vidyavardhini's College of Engineering & Technology

FIRST YEAR ENGINEERING

Next the Instrumentation Department was presented by Mrs. Kanchan Sarmalkar, where she explained what Instrumentation is, what is the Role of Instrumentation in Industry, various verticals after Instrumentation, explained Major Subject Areas Robotics, IOT, Process control, Home Automation, Industrial IT etc., Mrs. Kanchan Sarmalkar also shed light on different Job Opportunities for Instrumentation Engineers in Public Sector as well as in Private Sector, She further elaborated the Interdisciplinary aspect of Instrumentation Engineering.

A detailed explanation about Electronics and Telecommunication Engineering (EXTC) Branch was given by Dr. Sunayana Jadhav, she covered a broad spectrum of application from Digital Home network to Satellite communication, a video showcasing example of digital communication was also shown to the students. The Interdisciplinary nature of EXTC Branch was also explained.

Both Computer Engineering & Information and Telecommunication were both represented by Ms. Swati Varma and Mr. Chandan Kolvankar, since all the computer and IT related branch such as Data Science, Artificial Intelligence etc. Share the same 85% of the Syllabus and only about 15% is elective. The interdisciplinary nature was also very well explained.

The presentation was then followed by an Interactive session where students were able to discuss about their queries in detail where the representatives from all the branches were available.

Literary activity, Diagnostic test and short course module

Beneath the guidance of Dr. Pradip Gulbhile, Literary activity was conducted on Tuesday 26th May 2021 in the form of Basic English test.

Beneath the guidance of Mr. Kamlesh Bachkar is a member of VCET T & P Cell, Diagnostic test of Basic English, Basic Mathematics and Basic Computer Operation was conducted on Tuesday 13th May 2021 by Aspiring Minds AMCAT assessment using remote proctoring.

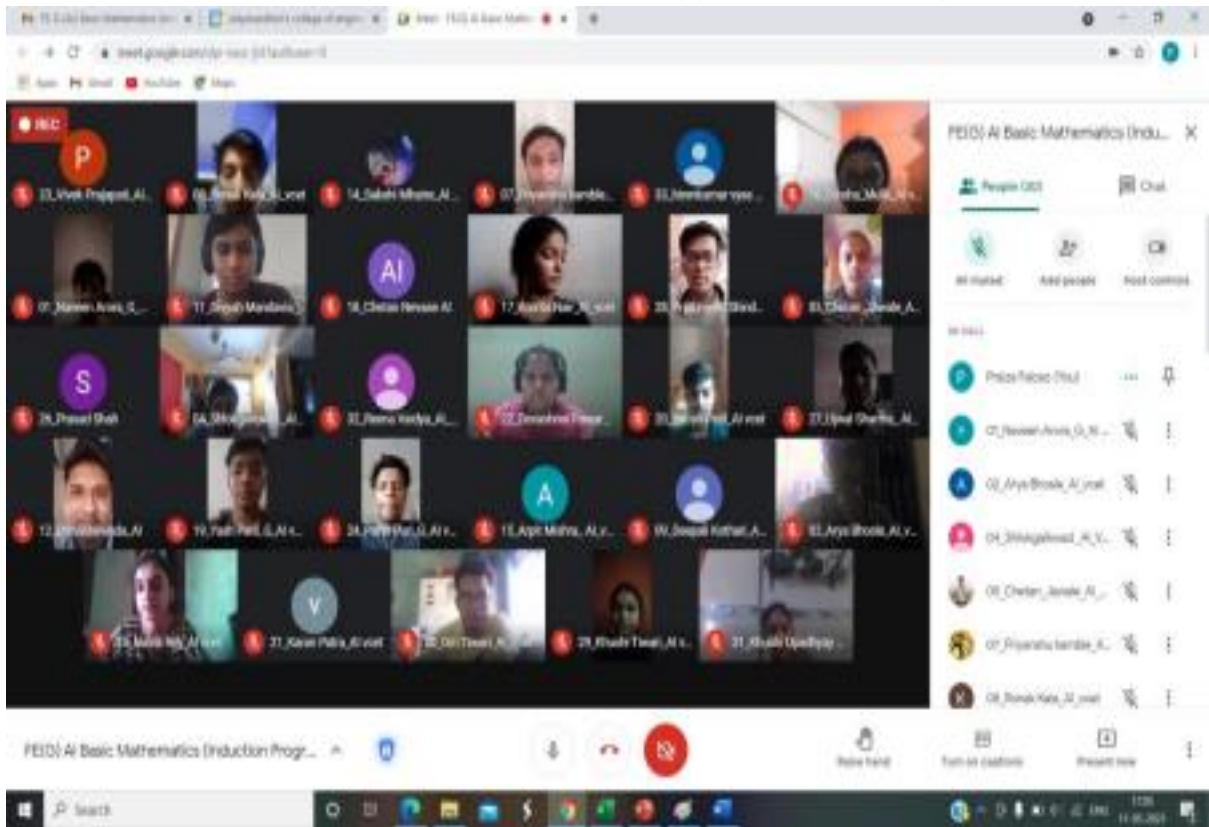

Short course module of Basic English, Basic Mathematics and Basic Computer Operation was conducted on 10th May to 18th May 2021 by respective subject in charges.

BASIC MATHEMATICS (FE INDUCTION PROGRAM) (10/05/21, 11/05/21) 4:00-5:00 PM

Day 4- IoT for music Therapy

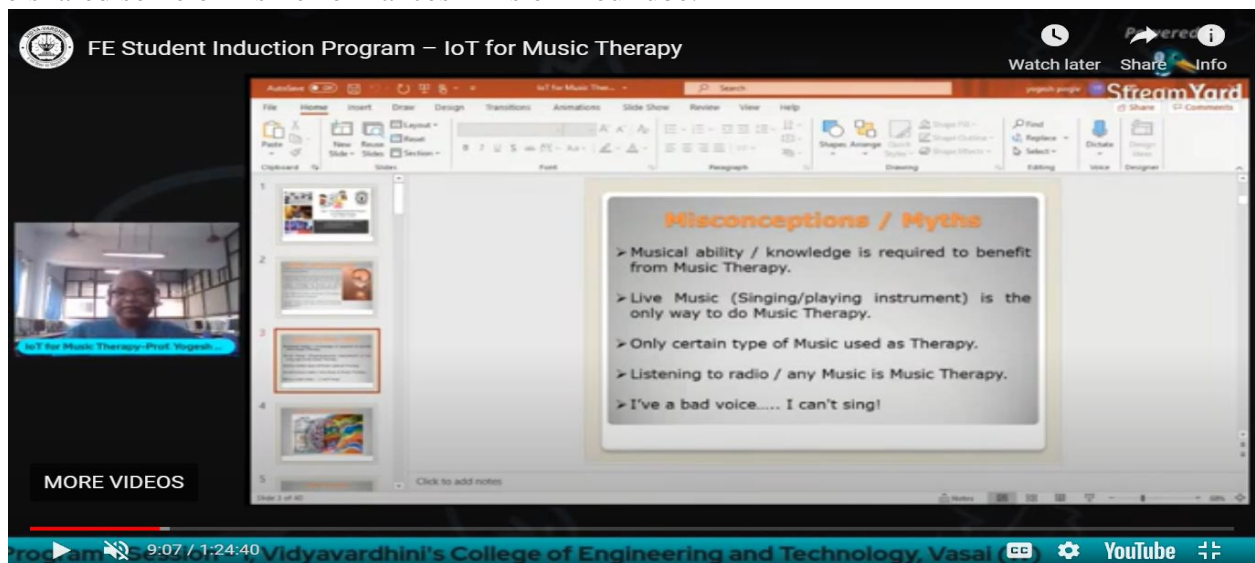

The lecture was conducted between 9:30 AM and 11:00 AM on 24th of January 2021 by Prof. Yogesh Pingle sir, who is working as an Assistant professor at the Vidyavardhini's College of Engineering and Technology, and he also has Visharad in Harmonium playing.

Prof. Pingle started with relating how Music and Engineering both is an Art form and how we can be benefitted by both of them

He explained the following topics to the students:

- Stress and its effect on human body
- Misconceptions and Myths related to music therapy
 - Musical ability / knowledge is required to benefit from music therapy
 - Live music is the only way to do music therapy
 - Only certain type of music is music therapy
 - I have a bad voice, I can't sing.
- Are we utilizing 100% of our brain? Music therapy, Medical basis of music therapy ,Tips & Tricks, Types of music, Techniques: Swara Chakra, Raag Samay (Raag timing), How classical Music therapy helps, Physical disorder in which music therapy supports. Approach – Steps: Purpose > Contributing factors > Musical / Non- Musical >Musical factors to be considered > Musical Solution, Swara Calculation - 22 Shruties etc.
- **Digital World**
- Internet Of Things:
 - Things + Sense & Communicate, Components used in IoT
- Hardware Components :
 - Raspberry Pi 4, Pulse rate Sensor, EEG sensor, Mobile App for Music Therapy using React Native, Ubidots – IoT Platform

He also shared some of his Performances links on YouTube.

Day 6 - Introduction to Sports Facilities

Day 6 of Orientation session was conducted on 28 January 2021 between 9:30AM and 10:30 AM by Richa Raut, Muazzam and Kaustubh for educating students about the sports activities conducted in the college and to encourage them to participate in such activities for their overall development.

Following topics were discussed in the session:

- Introducing VCET sports committee and their members to the students
- Events under sports committee
 - Orientation
 - Induction program
 - AVAHAN (15 days sports festival)
- Structure of Committee (Hierarchy)
- Induction Program
 - Help students to maintain perfect balance between academy and extracurricular activities for first year
 - Indoor activities such as yoga, aerobics, fun activities etc.
- Explaining about AVAHAN
 - 15 days grand sports event comprising all types of sports indoor and outdoor

Q&A Session:

Students were encouraged to ask question and be comfortable with their seniors, following discussions were shared among the students:

Q: Is there a Handball Team?

Vidyavardhini's College of Engineering & Technology

FIRST YEAR ENGINEERING

Ans: Not yet, but will be formed soon.

Q: Isn't there indoor games court like badminton?

Ans: Yes, we do Have.

Q: What about Esports?

Ans: No plans in near future.

Q: How can we join Volleyball team?

Ans: Selection will begin once the college starts offline, students will receive message regarding the same

Q: If students are interested then can we start a new sport like Kho Kho?

Ans: Yes, why not! We will be very happy to explore more sports like this.

Q: Whome to contact for kho kho?

Ans: Contacts shared by Riya Raut?

Q: Since everything is shifted due to covid, will AVAHAN still be conducted for first year students?

Ans: In the end of Sem I, we will try to do AVAHAN for at least 1 week.

Q: Is there any academic benefits for being in sports committee like extra marks?

Ans: No benefits in terms of marks, but you definitely get to learn a lot and grow your personality.

Q: Are we allowed to play in everyday free time?

Ans: Yes, definitely.

Q: would you all teach us if we don't know much of the sport?

Ans: Yes, everyone will help you grow here.

Q: Is there anything called creative team in the college?

Ans: Yes.

In the end, a video of AVAHAN was played to show the students how it is conducted also the link was shared with the students

FIRST YEAR ENGINEERING

Day 7- Introduction to VCET Students Council by Students of Council Committee

On fifth day of Orientation program, students were introduced to the VCET's student's council, it was conducted on *Google meet* on 29th January 2021 between 9:30 AM to 10:30 AM. Objective of this session was to make students familiar with the senior members of the council and also with the senior members of the council.

The senior members of the council discussed the events that the council conducts, the events include ZEAL, Fresher's party, Garba Nights, BE Farewell, treasure hunt, LAN Gaming, etc.

To show the glimpse of the events, Photographs and Videos of previous years were shown the student, also the links for the video were shared.

In the end, Q&A session was held in which students asked questions which included queries about how to join the council, how balance between academics and extracurricular events are maintained, what are the departments, etc. All the curiosities of the students were satisfied by the council members in a friendly manner.

Session on Universal Human Values

An enlightening session to educated students about importance of Universal Human Values was conducted on 21st May 2021 starting from 4:00 pm till 6:30, the session commenced with a brief introduction of Ms. Poonam Surange madam is Consulting Psychologist and currently working as Counselor VCET by Mr. Jaydeep Chougule sir.

Ms. Poonam Surange madam gave her thoughtful insights on the following topics.

- Defining Universal Human Values - A Value is a universal value if it has the same value or worth for all, or almost all people, spheres of human values encompass morality, aesthetic preference, human traits, human endeavor and social order.
- Nine Universal Values – Trust, Respect, Affection, Care, Guidance, Gratitude, Reverence, Glory, Love

Firm believe in the integrity, ability, or character of a person. - Reliability Quotient, Dependency, Confidentiality and Consistency, Admiration, Politeness, Good Conduct, Humility, Communication, Expression, Expanding the boundaries, Good Listening, Help, Empathy, Acceptance, Unconditional, Kindness, Motherliness, Selflessness, Non-Judgmental, Acknowledgement, Remembrance, Reciprocation, Humbleness, Intense Respect, Deep Belief, Honor, Sacred, Worshipful praise, Extraordinary Act, Responsible Courage, Legacy, Complete Acceptance, Sacrifice, Revolutionary, Happiness, Loyalty was also elaborated thoroughly with various examples.

"Eklavya" becoming aware of self

Journey from self awareness to self realization

Social influence concepts

Characteristics of agent	Types of intervention	Concepts
Stranger	Physical presence	Social facilitation
A person	Modeling of behavior	Imitation
Group	Consensus about preferred response	Compliance of others
Norms	Situations that increase the salience of norms	Conformity to norms
Authority figure	Commands	obedience

Poonam K.S.

The presentation was then followed by an Interactive session where students were able to discuss about their queries in detail.

Seminar on "Recent Trends in Industry"

Speaker: Mr. Jeetendra Shenoy, Architect, L & T Infotech

Induction session for First year students was conducted on the topic "Emerging Trends in Industry" By Industry expert Mr. Jeetendra Shenoy, who is an Architect working With L & T Infotech. The Session was Conducted on 15/05/2021 between 1:00 to 3:20 PM.

The Following topics were covered in the session:

Digital Age, Explained Discovery / Invention / Innovation, End- user Devices and Computing

Real time processing of Data, Near Time process of Data, Parallel Processing, Scale up Vs Scale Out
Energy Requirements, Computing Speed - Crystal Frequency , Processing Bit

Network - Ubiquitous networking, Throughput / Speed, Bandwidth, In Order / Out of order

Security - Multiple layer, Human factor, The chain is as strong as the weakest link, Man and the dog Embedded chip (POS Terminal), Access to Data will be key , Massive Scale, Unpara

Digital Transformation

Energy - Smart Grid, Renewable, Micro Grids, Communication - Social Virtual , Transportation - Integrated Fleets, Finance - Digital Currency, Crypto Currency, Medical - Virtual Medical Assistance, Manufacturing - Smart Manufacturing , Agriculture - Integrated Farming ,Education - Move will be towards Virtual

Key Building Blocks - IoT and connected devices, Digital Assistants, Cloud Computing, Big data Analytics

Vidyavardhini's College of Engineering & Technology

FIRST YEAR ENGINEERING

Block Chain, Artificial Intelligence, Digital Twin, Autonomous Vehicles, Additive Manufacturing / 3D Printing, Robotics and Automation, AR/VR

Mechanical Engineering

3D/4D Printing, Interconnected Machines, Industry 4.0, Nano Technology / Alternative Energy, Energy Solutions, Robots and Mechatronics

Long Term Impact: Digital Privacy will be myth, Life will no longer be Private, it will always leave digital footprints, Person existence will be dictated by digital existence , Warfare will happen on digital front and biological front, Most of crimes committed will be digital, Human will have active presence in the digital world then in the physical world, With robots acting like humanoid, who know laws might passed where people will choose humanoid life partners .It is not all gloomy as better sense will prevail
The Presentation Ended at 2:30 PM, which was followed by Q&A.

Some of the questions were as follow:

Q: Why are all these things not covered in the syllabus

Ans: Syllabus can only suggest what can be done in the whole jungle, you have to explore it on your own.

Q: Can you lay some ground on what things we can do beyond the syllabus

Ans: Whole Presentation was regarding the same,

Q: What qualities are required to get good job in good Multinational companies

Ans: Problem solving ability, Teamwork, Efficiency in data structure and algorithm. Also choose a job which let you

Q: How to look for startup company who needs us

Ans: monster.com, LinkedIn, and you should have domain knowledge, don't wait for someone to come to you. In the first two years focus on yourself, don't bother about the package initially, you may go for Internships, and build knowledge in your domain.

Q: A Reputed previous company must have found something in me and had hired me, so on that basis why will the next company not hire me on that basis.

Ans: Not everyone is equally talented coming from the same school.

Q: High risk of being unemployed for data science students

Ans: 9/11 Airlines got hit, have knowledge in multiple domain, and If you know you are taking risk, have some backup plan

Q: When can we do Internships in the busy schedule of lectures

Ans: Never compromise with college schedule for doing Internships, Internship can be done during vacations, weekends of couple

Q: How to build a portfolio for an automotive designer.

Ans: look at other designers for learning, make someone a mentor.

The event concluded at 3:20 PM and Vote of thanks was extended by Ms. Rita Datta

Vidyavardhini's College of Engineering & Technology

FIRST YEAR ENGINEERING

Seminar on 'Physical Fitness Session' conducted by Speaker Mr. Akshay Vernekar from Physical Fitness Trainer.

On 22 May 2021, at 4:00 pm to 5:30 pm Yogesh Pingle Sir and Mayur Gohil Sir conducted the physical fitness programme under the expert guidance of Mr. Akshay Vernekar who is fitness expert and Karate Champion.

The Importance of Physical fitness was highlighted by Akshay Sir with different exercises like Jumping Jacks, Spot Running, Squats, Stretch and Front bend, side bend and rise and many tips for self-defence and appropriate diet was also suggested. Below are the few glimpses of the event.

The session ended with a vote of thanks to the Mr. Akshay Vernekar Sir and positive feedback from students and faculty members.

Seminar on 'An Introduction to Storage Technology' conducted by Speaker Mr. Saurabh Khanvilkar, Sr. Manager Dev at Veritas Technologies LLC.

The lecture was conducted between 04:00 PM and 05:00 PM on 28th of MAY 2021 by Mr.Saurabh Khanvilkar sir, who is working as Sr. Manager at Veritas Technologies LLC, Pune.

He explained the following topics to the students:

- Storage Evaluation
- History of storage: Storage density over the past 65 years.
- Making a hard disk
- Storage capacity units of Measurement:
 - There are two ways to call capacity one is binary way and decimal way
 - Storage industry standard is display capacity in decimal.
 - PETABYTE can hold 250 years of video running 24 hours a day!
- Data Explosion: Prediction for 2025
 - Storage industry provides and will continue to provide exciting career opportunities for both work as well as research!
- Software Defined Storage
 - Provisional and Management of data storage
 - Hardware independent
 - Skill set: Unix/Linux system, cloud storage, virtualization etc.
- Types of IT Companies:
 - Product companies: Apple, Google, Seagate, Veritas
 - Service Companies: TCS, Infosys, Wipro, HCL

Vidyavardhini's College of Engineering & Technology

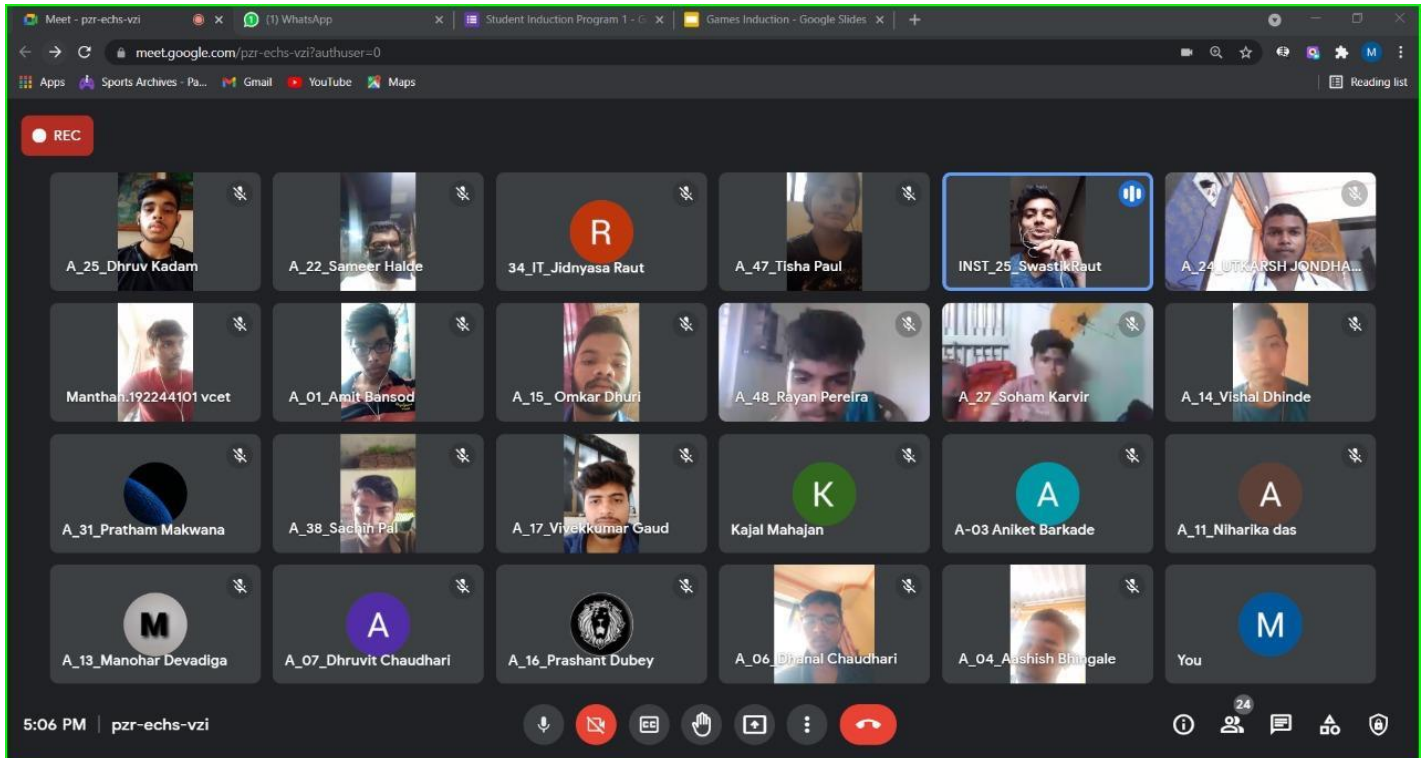

FIRST YEAR ENGINEERING

Sports Activity

Extra-Curricular activities are crucial for the overall educational process. In order for this overall development FE Induction Programs are conducted every year for the first-year students by the Sports Committee of Vidyavardhini's College of Engineering and Technology. Until the last year due to the global pandemic we were bound to stay indoors with no physical activities and not being able to attend college. To add some diversion in the online educational platform the Sports Committee of VCET conducted a two-week virtual induction program for the First-Year students. In this induction program students actively participated in various virtual games organized by the committee.

The event was scheduled with 3-4 slots every day. Each slot comprised 30 students. All the students of the respective divisions got an opportunity to participate. Google meet was used for supervising the Induction Program. The program initiated on 21/06/2021 and was successfully concluded on 01/07/2021. It was arranged on weekdays between 4 pm-5:30 pm.

In the first week, the games played were Guess the tagline, Murder Mysteries, and Online Quiz based on sports and followed by Guess the gibberish, Drawasaurus and Tongue twister in the second-week. Each slot was Volunteered by the members of the sports committee. It was a colossal success as the motive of creating a refreshing environment for the first-year students was achieved in a dandy manner.

ACKNOWLEDGEMENT

I wish to express our deep sense of gratitude to ...

- Hon. Mr. Vikas Vartak (President of VCET)
- Hon. Mr. Arun Vartak, (Chairman of VCET)
- Hon. Secretary and Joint Secretary of VCET
- Dr. Harish Vankudre (Principal, VCET)
- Registrar Mr. Vishal Save
- Dr Vikas Gupta, Dean of VCET
- All the Head of different Departments of VCET
- All the committee members of Induction Program
- All the Teaching and Non-Teaching Staff
- FE Coordinator Dr Sunayana Jadhav
- Team of Students

STUDENTS' COUNCIL

Student Council Report 2020-21

Student activities are student-focused extracurricular programs offered at the college. Student activities are generally designed to allow students to become more involved on campus. Often, such activities provide the students with opportunities to develop leadership, social responsibility, citizenship, volunteerism, and employment experience.

Cultural awareness and participation play an integral role in a student's education. The college provides a provision for that, wherein a committee called as the Students' Council has been formed. Students' Council looks out for all the student-oriented activities which aims at the cultural aspect.

There are multiple student activities conducted starting right from orientation held for fresher students imparting with few tips and tricks to tackle both academics as well as extra-curricular. The freshers are then welcomed in the college with a grand Fresher's Party held for them with various games and talent showcase platform. Along with such activities, equal importance is given to celebrating days like Teacher's Day or Independence Day involving students. Students' Council also hosts the main cultural fest of the college known as ZEAL, it involves every single student to take part in events ranging from performing arts, quizzes and what not. During ZEAL, the entire college indulges into creativity, exciting activities, practicing for their performances and much more. Students find themselves occupied with all these things as it makes them excited and simultaneously inculcates multiple qualities and hidden talents are provoked.

With student activities, students can explore what they care about, be active in the college and have fun while practicing skills for life and moreover, it creates unity amongst students and their interests.

STUDENTS' COUNCIL

TEACHERS' DAY

Date: 05/09/2021

Description of Event:

5th September marks the Birth Anniversary of our former President and renowned teacher Dr. Sarwapalli Radhakrishnan. On this occasion Students' Council hosts Teacher's Day celebration-keeping up with tradition of VCET every year we celebrate the teachers with games and various activities. This year we couldn't yet wanted to express our gratitude to our beloved teachers. We created a short video which consisted of various alumni's thanking the teaching and non-teaching staff. These students thanked the teachers for their guidance and support throughout their academic years and beyond. Each teaching and non-teaching staff was sent a personalized email with a card attached.

Due to the lockdown and colleges being shut, this year we could not celebrate Teachers' Day as we do. Yet, we had to show our appreciation to those who work so tirelessly for us. We compiled a video of alumni's talking about their gratitude towards the teaching and non-teaching staff. This had various humorous as well as emotional memories as well. Personalized e-cards were also sent to all the faculties and non-teaching staff, as a token of our appreciation.

Personalized e-cards

FRESHERS ORIENTATION

Date: 29/01/2021

Description of Event:

An orientation was conducted for the first-year students. Conducted via google meet, the freshers were informed about the various academic as well as cultural activities that the college hosts. The committees and teams they can join to enhance their skills and interests as well as explaining the rules and regulations of the college that they must abide by. The freshers were informed about the various events that the Students' Council hosts and the biggest annual cultural fest, Zeal. The events and competitions of Zeal as well as its grandeur was conveyed. A questionnaire session was held at the end by the final year students and helped clear their numerous doubt

FRESHERS' MEET

Date: 30/03/2021

Description of Event:

A freshers' party is hosted every year to welcome and celebrate the first years. This year we wanted to create a fun and exciting atmosphere for them as well. Hosting the event on google meet, we kicked off the event with a performance by Sudin Nair, an independent indie artist. He serenaded the freshers and uplifted their spirits. Welcoming the freshers with online games and social media hunt was a way to get to know each other and create a fun environment. The winners were then given a shoutout on Instagram. The winners of a talent hunt were announced as well.

ZEAL 2021

Date: 06/05/2021 – 08/05/2021

Description of Event:

The annual cultural fest ZEAL is a fiesta encompassing every form of art be it dance, dramatics, music, literary or fine arts. Zeal 2021 was different from any other. Hosted purely online, we made sure the electric atmosphere was well maintained.

This year's theme was Mumbai Lok-al. Zeal was held on 6th, 7th, and 8th of May 2021. On 6th May a virtual inauguration was held, wherein the Chief Guest Dr. Ashwini Kodial.

With all of the events shifting to a online platform, they were live streamed to youtube, where the audience thoroughly enjoyed every bit of it. This was indeed a new and exhilarating experience for everyone, yet was a grand success.

Chief Guest: Dr. Ashwini Kodial.

Sports Committee Report 2020-21

AVAHAN

It gives me great honour and pride to share my first journey as the In-charge of the Sports Committee. Sports are a crucial part of everyone's life for the growth, development of mental health and physical fitness of the body. Its key objective is to emphasize the unified approach of overall development of students. Sports are not always about winning. It is about fair play and believing in equality and justice. Through participation in sports we gain various skills, experience and confidence which is helpful in developing our personality. Constructive use of time and discipline is a characteristic gained by participation in such events. The committee manages and looks after the required sports equipment and upgrades the facility with new equipment annually.

In the odd semester, FE Orientation program is organized where a brief idea is given to them regarding the sports committee and their work along with an informal conversation to make students get familiar with their seniors and to get a proper idea about the college events and the working of the college. The grand annual sports festival AVAHAN is organised by VCET Sports Committee on intra as well as inter college level where many students participate with great enthusiasm.

So, coming to the annual sports festival AVAHAN, which is an inter college youth event, engulfed in sportsmanship, enthusiasm, and determination. AVAHAN is conducted every year, where we aim at culminating our sports celebration, into grandeur of enthusiasm and thrill, and participants showing their skills performing various strategies.

In the wake of Covid-19 outbreak causing lack of endurance, the VCET Sports Committee, introduced **AVAHAN 2021** on national level with two new virtual events: **Virtual Marathon** and **Virtual Cyclothon**. The theme for the virtual event was "**Tribute to Covid Warriors**" for acknowledging the sacrifice and determination of the Heroes for working tirelessly and selflessly for the nation.

The grand inauguration was enthralled by the presence of the Chief guest of honour, Mr. Hardik Patil, Champion in Triathlon (IRONMAN of India). The first ever Virtual AVAHAN of our college was conducted from **31st March to 4th April, 2021**. Despite several challenges that a virtual event comes with, AVAHAN 2021 witnessed an overwhelming response from **17 states**

summing up to **177 participants**. Also, Virtual Marathon was classified as 3 km and 5km in fun run along with 11km and 21 km as elite run. Similarly, Virtual Cyclothon was classified in 5km and 11km as fun cycling along with 21km and 35km as elite cycling.

The event wouldn't have been apprehended without the support of our respectful **Management** and honourable principal, **Dr. Harish Vankudre**. I also extend my heartfelt gratitude to all teaching and non-teaching staff and admin staff for their support throughout the year. I was gratified to the sponsors for their benignant support for the event. I was pleased that **Fit India** - <https://fitindia.gov.in/> was associated with AVAHAN 2021, as **Fit India** promotes and spreads awareness about physical activities through campaigns and such events and created this platform for all the citizens of India.

The committee has always worked with their hearts and soul and shall continue to do so for the coming years. I congratulate **Samir Pol**, the Sports Secretary for leading the entire team exceedingly well and wish the Sports committee for a more successful event next year.

To encapsulate it all, AVAHAN 2021, was a grand success and as always took the legacy one step ahead.

Marathi Bhasha Diwas Report

Marathi Bhasha Diwas was celebrated on 26th Feb, 2021 for faculty members of VCET by the Literati Committee. Due to pandemic, the event was conducted in online mode. This propitious event was held online using Google meet. It was organized to celebrate the glory of our beautiful Maharashtrian culture. The inter-departmental teams vigorously showed their competitive spirits to win. The event witnessed a footfall of approximately 60 participants, comprising of 6 departments. The event commenced with our principal Dr. Harish Vankudre Sir addressing faculty and students. His speech was insightful and enlightening as it was dedicated wholly to Marathi culture. The event was hosted by Mrs. Komal Shringarpure. Prof. Pingle then graced this event by performing "Ishwarya dwar" which was enthralling. Various quizzes, fun events were organised which were truly enjoyed by one and all. There was a short story telling by Master Samedh Kolvankar in Marathi which was truly mesmerizing. The event finished off by IT department being crowned as champions for the day and EXTC department as runner-up. The profound efforts of The Literati Committee finally bore fruits of success. The day was a huge success with a great turnout and excellent feedback from the participants.

Report 2020-21

The events by the committee for AY 2020-21 are as follows:

1) Extempore

The Literati Club organised a virtual event named “Unscripted- Extempore competition” a platform for students to showcase their creativity and oratory skills. Extempore is an event where the participants are given a topic on the spot and they are expected to deliver a speech on the same. Participants are judged on their oratory and knowledge regarding to the topic. Apart from this, participants were also judged on their preparedness for a topic they heard only a few seconds before. The event was held on 22nd March 2021 being the first event of the Literature Fest. It was held on Google meet and streamed live on YouTube 3.00pm onwards. The hosts for the event were Riya Raut from SE INSTRU and Shivani Kamble from SE EXTC. There were in all 18 participants from every department who participated in this competitive event. The judges for the event were Mr. Dinesh Goswami, Assistant professor, Gokhale College and Mr. Vijay Pawar, Vice principal, LJNI College. The runner up of the event was Omkar Chaudhari from BE EXTC and the Winner of the event was Sweetly Singh from TE IT.

2) Lit Fest

The Literati Club organised Literature Fest – 2021 that took place from 22nd March to 30th March 2021. There was a total participation of 55 students. The event consisted of five sub-events namely: Writing Prompts, Lit Fest Quiz, Dialogue writing, Look into the Book & Choose your anime. Writing prompt was held on 23rd of March 2021. The honourable judge for the event was Gladwin Menezes, Editor in Republic Media. There were about 10 participants from which the winner of the event was Nihal Kumar from BE EXTC and the runner up was Shreya Parchurkar from FE-D. The quiz competition was held on 24th March, hosted by the committee students. The Quiz was conducted online via Google meet and was supported by live streaming on YouTube. The Quiz consisted of four rounds. Brijesh Shukla and his team from BE EXTC were the winners whereas Muazzam Attar and his team from TE MECH were the runners-up. The next event, Dialogue writing, was held on 25th March 2021. There were a total of 6 participants for the event. Mrs. Jeyashri Suresh was the honourable judge for the Dialogue Writing event. The runner up of the event was Heemali Save and the Winner was Vishwajeet Mishra. The fourth event was Look into the book. The event was held on 26th March and was judged by Mrs. Charmi Kenia, English Teacher at Holy Family High School. The winner of this intriguing event was Faiz Shaikh from TE MECH and the runner

up was Tanvi Patil from FE-CSE. The last event, Choose your anime, was held On 29th March. There were a total of 3 participants for this event and the event was judged by Ms. Kirti Sawant, underwriter at Aditya Birla. The winner of this event was Chaitanya Patil from SE COMPS and the runner up was Danish Shaikh from BE EXTC. Students actively took part and warmly welcomed the online approach. Our mailboxes were flooded with the active participation by the students and encouraged us to add more events for our lit fest in the upcoming years.

3) Marathi Bhasha Diwas

Marathi Bhasha Diwas was celebrated on 26th Feb, 2021 for faculty members of VCET by the Literati Committee. Due to pandemic, the event was conducted in online mode. This propitious event was held online using Google meet. It was organized to celebrate the glory of our beautiful Maharashtrian culture. The inter-departmental teams vigorously showed their competitive spirits to win. The event witnessed a footfall of approximately 60 participants, comprising of 6 departments. The event commenced with our principal Dr. Harish Vankudre Sir addressing faculty and students. His speech was insightful and enlightening as it was dedicated wholly to Marathi culture. Subject: Report on Tree Plantation in Society

Dear Sir,

This year due to the widespread pandemic, large gatherings were not possible and also not allowed. So the NSS Committee of Vidyavardhini's college of engineering and technology had participated in tree plantation with great zeal and enthusiasm. This event was scheduled on 1st March 2021. Since mass gathering was not possible and not allowed, 35 NSS volunteers planted saplings in their respective locality and gardens to raise awareness and consciousness about the environment among the people. This is an important step of afforestation to maintain ecological balance of nature. Planting trees is especially important to protect our environment against air pollution and global warming. The volunteers first took initiative to give water and dig to plant the trees. The volunteers planted desi trees. These trees include Neem, Pimple, Tulsi and Indica. This event was a huge success, empowering students with substantial knowledge of the environment and plants.

Thank You.

Dr. Pradip Gulbhile
Program Officer,
NSS.

Subject: REPORT ON RASHTRIYA EKTA DIWAS:PLEDGE AND QUIZ

Dear Sir,

Rashtriya Ekta Diwas (National Unity Day) was celebrated on 31th October, 2020. A pledge and quiz was conducted by the NSS unit of Vidyavardhini's College of Engineering and Technology, Vasai on 31th October 2020, 4 pm onwards. The day was celebrated to commemorate the birth anniversary of Sardar Vallabhbhai Patel. The theme of this year was "To bring the nation together, united in times of strife and raising extremism."

The program was conducted virtually through google meet. Principal, Teaching and Administrative staff and students of all classes attended this program, 52 members were present there. Thereafter students also engaged themselves in reading, writing and discussing the life history and contribution of Sardar Vallabh Bhai patel towards the making of India. The Principal addressed the gathering on the importance of unity and about Sardar Vallabhbhai Patel - Iron Man of India. The quiz was conducted on google meet where one to one questions were asked. Finally, a pledge was taken by the gathering for the unity of nation guided by the Principal.

Thank you.

Subject: Report on FIT India Movement

Dear Sir,

The Hon'ble Prime Minister has launched the "Fit India Movement" on 29th August 2019 with a view to make physical fitness a way of life. Fit India Movement aims at behavioral changes- from sedentary lifestyle to physically active way of day-to-day living. Fit India would be a success only when it becomes a people's movement. We have to play the role of a catalyst.

It is a movement to take the nation on a path of fitness and wellness. It provides a unique and exciting opportunity to work towards a healthier India. As part of the movement, individuals and organizations can undertake various efforts for their own health and well-being as well as for the health and well-being of fellow Indians.

We took this moment to celebrate the Fit India movement in our college for the students and teachers on a virtual platform. We had regular sessions of Yoga and Physical exercise for 30 minutes daily for a week (2nd December to 8th December 2020). On an average 93 members participated in this session throughout the week.

We were guided by Mr. Sanjaykumar Choudhary who is a certified Guru from Ayush Ministry of India. He guided us with lots of Physical exercise benefits and lots of knowledge on fitness and the necessity of physical education.

The event was successful with many students and teachers accompanying us in the whole movement and later on they also appreciated our work of handling and organizing Fit India Movement online and completing it without any hassle.

Thank you.

Subject: Report on Vigilance Awareness week quiz.

Dear Sir,

The Vigilance Awareness Week was observed by the NSS Committee of Vidyavardhini's College Of Engineering and Technology from 28th October 2020. The objective of this prestigious week is to take an Integrity Pledge as an employee committing oneself to working following the ethical code of conduct in work and personal life, Spread the word on prevention of corruption within and outside the University and the Regional Centers, Conduct workshops and campaigns for employees and other stakeholders on the policies/procedures of the University and preventive vigilance measures. These pledges were administered by the Principal, Teachers and students.

The college used social media platforms viz., Twitter, Whatsapp and Facebook which helped them to spread awareness of the Vigilance Awareness Week. It was a great week and taught much more than expected. The professors of respective departments along with the principal took part in this quiz organized by the college. The quiz was conducted on google meet where one to one questions were asked. Lastly, The Principal acknowledged the college authority and the college NSS Unit for such a great initiative and said to have more such programs.

Thank you,

Dr. Pradip Gulbhile

Subject: Report on celebration of "Constitution Day (Samvidhan Divas)"

Dear Sir,

To celebrate constitution day a webinar was conducted by the NSS committee on 26th November 2020. The session was started with warm welcoming of our chief guest **Mr. Vaibhav V Pandey, City Coordinator, Virar, of Shivsena and Mr. Harshad Janwalkar City Coordinator, Tirupati nagar, Virar of Shivsena.**

The session was organised between 12 noon and 12.45 pm to cherish the glory and reaffirm our commitment to uphold the ideology of the great Indian constitution. He emphasised the importance of Constitution Day, the significance of its celebration and commemorated the people who contributed to the development of the Indian constitution. He highlighted the basic differences of Indian constitution than that of other countries with examples indicating the prerequisites of the constitution such as societal, familial and individual needs. The preamble of Indian Constitution i.e India to be a sovereign, socialist, secular and democratic republic which is aiming to secure justice, liberty, equality to all citizens and promote fraternity to maintain unity and integrity of the nation were stressed in his speech as these rights are necessity and are not a privilege. The session was conducted as a webinar on a virtual platform due pandemic and total 51 participants were there. The session was ended with a vote of thanks to our chief guest by NSS volunteers.

Thank you.

presents

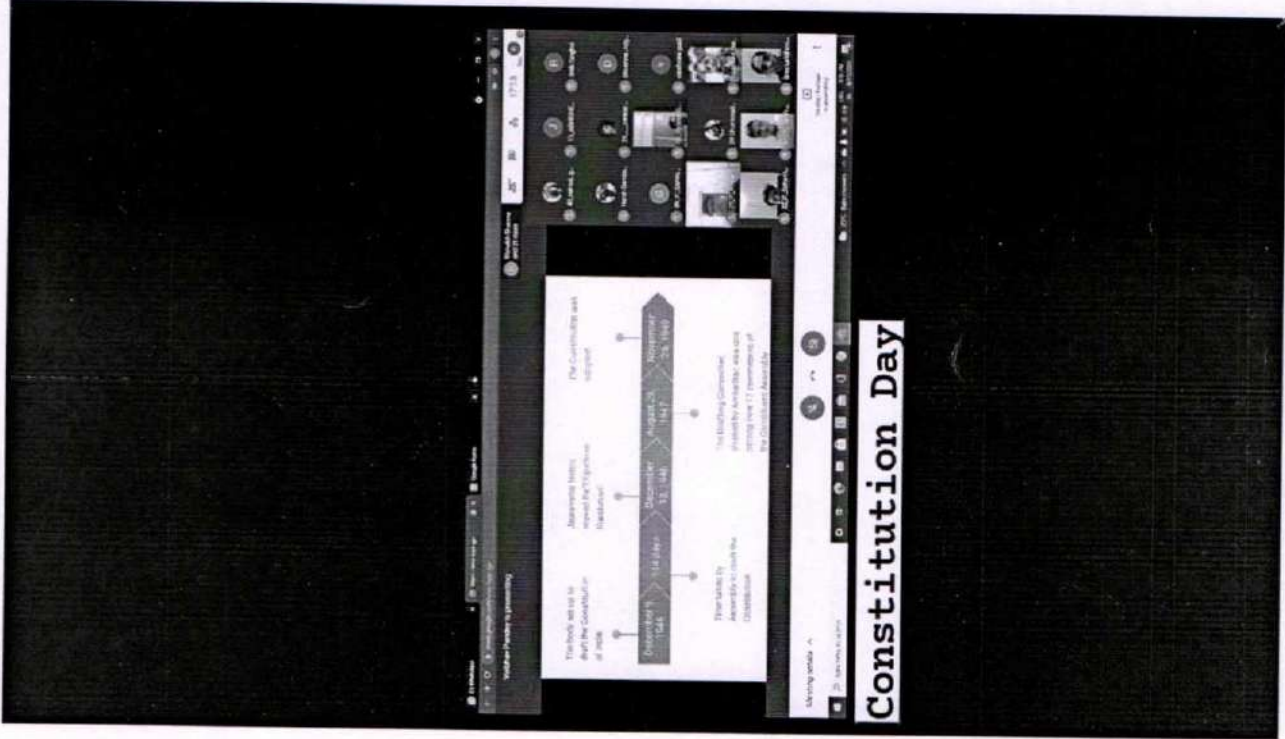

CONSTITUTION DAY

(26 November, 2020)

What happened on 26/11/1949, celebrated as India's Constitution Day?

- On this day 70 years ago
- November 26, 1949 – the Constituent Assembly of India adopted our Constitution.
- Since 2015, this day has been observed as the Constitution Day of India, also known as Samvidhan Divas.
- The Constitution came into effect two months later, on January 26, 1950 – celebrated as Republic Day.

Subject: Report on "Constitution Day Quiz Competition"

Dear Sir,

Due to the current Covid-19 situation everyone's life has been totally changed as everyone is unfamiliar with this change. The NSS Committee of the College realized the need of awareness among the students regarding the knowledge of Constitution day. Due to the pandemic situation, the event was conducted on 26th November 2020 virtually through Google meet.

On the basis of the webinar we arranged a quiz on constitution day. The link for the quiz was provided in the meet itself. The students enthusiastically participated and showed their brilliance by answering the questions. There were 51 participants who attended the quiz.

Students found this competition very informative and knowledge enriching. The winners were acknowledged for their outstanding performances.

Thank you

Dr Pradip Gulbhile
Program Officer

Subject: Report on Raise Your Voice

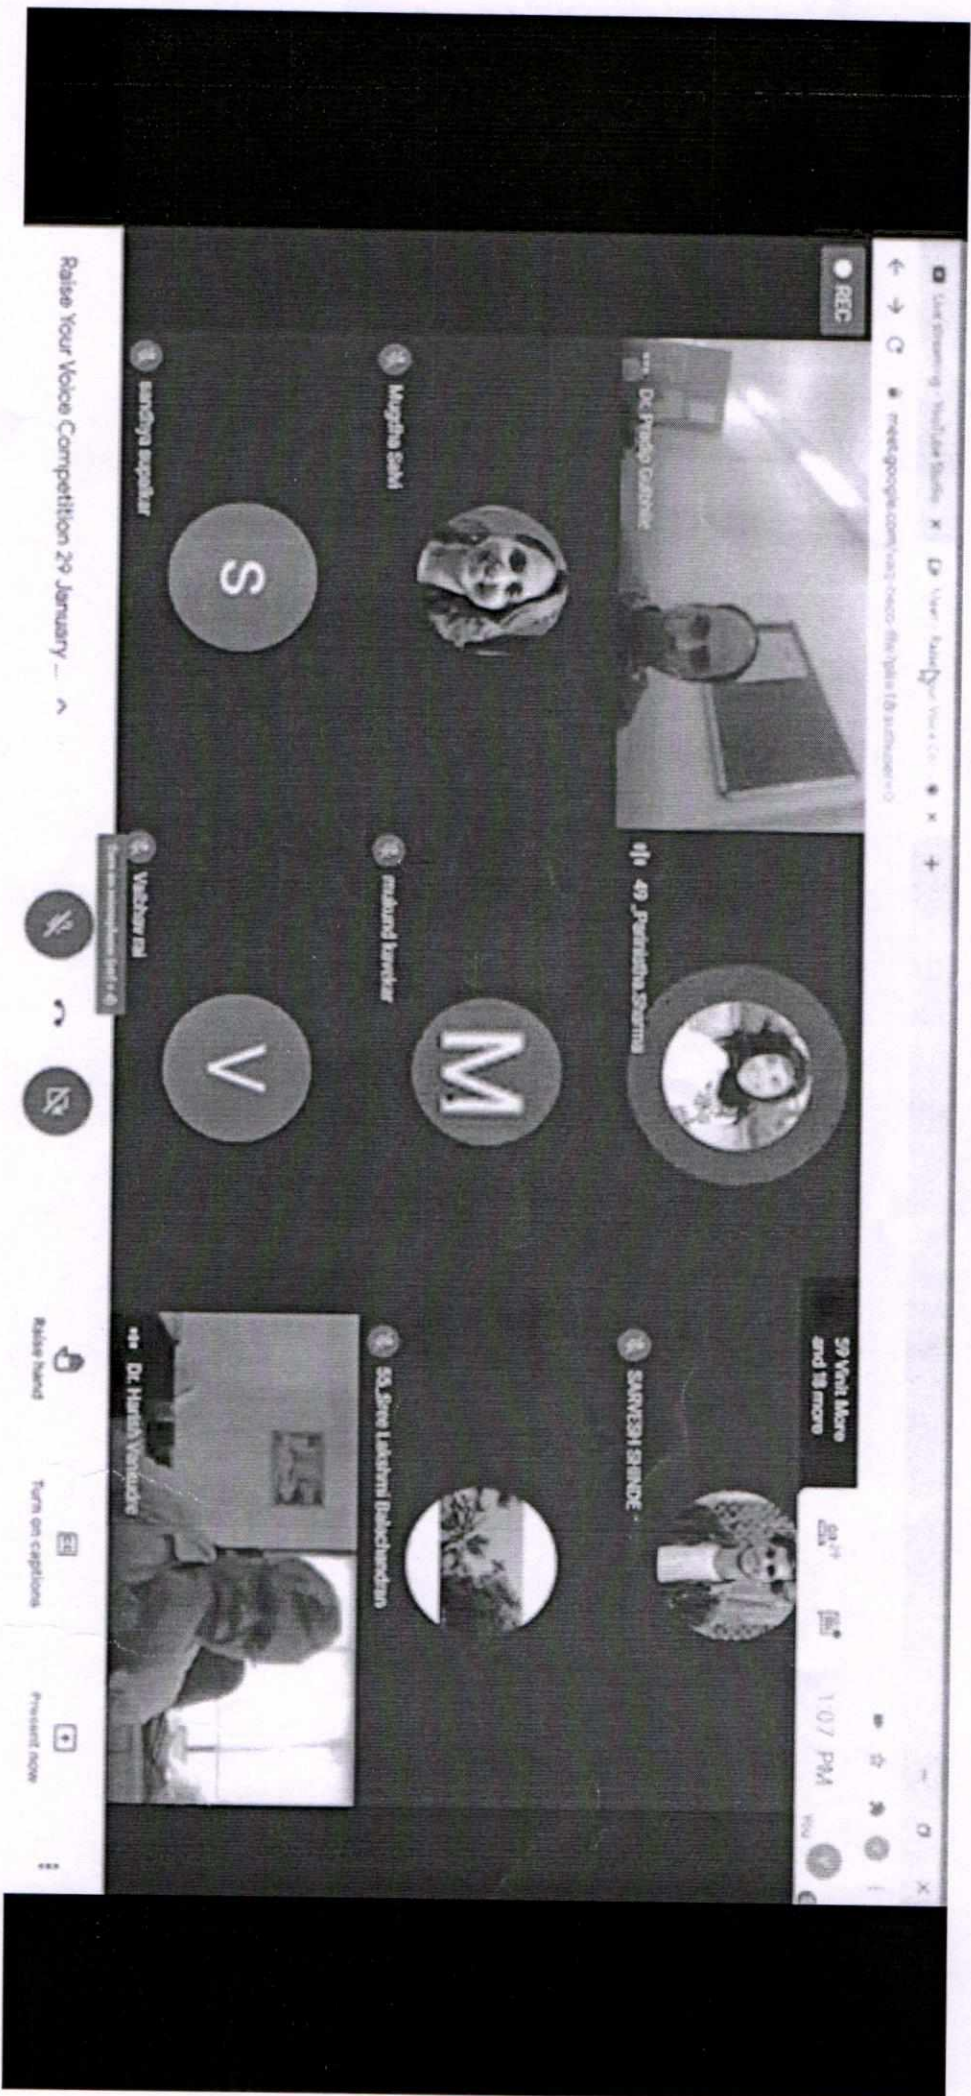

Dear Sir,

Vidyavardhini's College of Engineering and Technology had organized an elocution competition called 'RAISE YOUR VOICE' on 29th January 2021 at 1pm via google meet. It was organized by the NSS committee of VCET. Due to the current pandemic situation, the entire event was conducted online through Google meet and also live streamed simultaneously on YouTube for the audience to watch. The principal of VCET Dr. Harish Vankudre sir started the event with his encouraging words. It was astounding to see how beautifully students presented their thoughts and insights within the 7 minutes time frame. The topics for the competition were, Constitutional morality Vs Public morality and Civic sense: Vehicle parking. The judges of the event were the faculty members of each department. All the participants displayed their oratory skills with zeal and enthusiasm. The competition culminated with a few words of encouragement from the judges.

Despite the event being held in an unusual online format it was a huge success and an overall great event.

Thank You.

Subject: Report on Blood Donation Survey, 17 April 2021

Dear Sir,

Blood donation is conducted throughout the world as in case a person facing trauma may need an adequate amount of blood to save on which also seven million lives.

Due to the pandemic it's not possible for each and every organisation to conduct such a campaign due to strict rules and regulations that needed to be followed in order to fight it. So our NSS team of Vidyavardhini's College of Engineering Technology took an initiative to conduct a BLOOD DONATION SURVEY keeping in view the current situation. We made it through Google Forms collecting the data of every possible individual providing Name Area of Locality, Blood Group, etc.

In case of emergency, we will have the contact of which blood we exactly want and in which area we are having need so accordingly we can contact the person we are having data of.

There was great response from every side and volunteers carried out the things efficiently and smoothly. We started this on 17th April of 2021 and till date the form is on and circulated on social media platforms with large numbers.

Thank You

Dr. Pradip Gulbhile

Subject: Webinar on Global Handwashing

'It's not as elementary as it appears – hand washing is a careful process that must be done right'

To commemorate Global Handwashing Day and in order to sensitize the students on the techniques of proper hand washing, the NSS team of **"Vidyavardhini college of engineering and technology"** conducted a Webinar on 'Good Hand washing Techniques' on Monday, 15 October 2021 via google meet 4 pm onwards. The session started with welcoming our chief guest **Mr. Nabendu Maity in 2nd year Mbbs from Armed Force Medical College, Pune .**

Then the webinar started with a short briefing about the need to maintain proper hygiene followed by our respected principal which clearly indicated that proper hand hygiene can significantly reduce the spread of harmful bacteria and other germs that can lead to diarrhea, vomiting and other harmful infections. Students were asked questions about how they maintain hygiene in their daily life. Students were also advised to stay safe and to maintain their hygiene.

Total 59 students participated in the webinar very enthusiastically. Also the questionnaire session was amazing and more informative, student's requested for more such informative and enlightening webinars which helps in promoting a healthy life. Thereafter the session ended with a vote of thanks to our chief guest.

Thank you.

HAND WASHING DAY

(15th October 2020)

ABOUT GLOBAL HANDWASHING DAY

Global Handwashing Day is an annual global advocacy day dedicated to advocacting for handwashing with soap as an easy, effective, and affordable way to prevent diseases and save lives.

Global Handwashing Day was founded by the Global Handwashing Partnership, and is an opportunity to design, test, and replicate creative ways to encourage people to wash their hands with soap at critical times. Global Handwashing Day is celebrated every year on October 15th.

The first Global Handwashing Day was held in 2008, when over 120 million children around the world washed their hands with soap in more than 70 countries. Since 2008, community and national leaders have used Global Handwashing Day to spread the word about handwashing, build sinks and tippy taps, and demonstrate the simplicity and value of clean hands. Since then, Global Handwashing Day has continued to grow. Global Handwashing Day is endorsed by governments, schools, international institutions, civil society organizations, NGOs, private companies, individuals, and more.

Subject: Report on Webinar on Impact of Tobacco

Dear Sir,

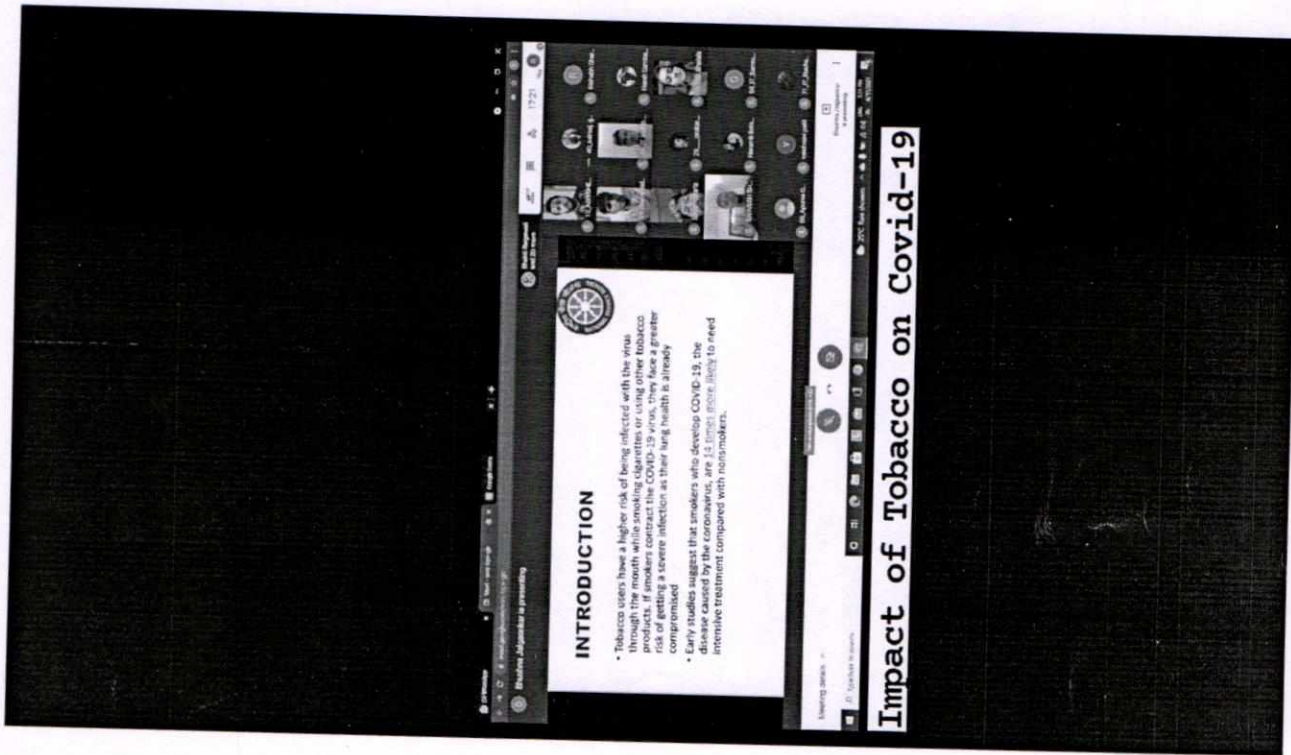

The "Impact of tobacco" webinar was conducted virtually to spread awareness as well as importance which was held on 7th November 2020, via google meet 4 pm onwards. The session started with felicitating our chief guest Ms. Bhushna Jalgaonkar, Final year BDS from Yashwantrao chavan dental college, Ahmednagar, by our NSS volunteer.

Thereafter the session started with the concept of Impact of tobacco on COVID-19. How COVID-19 is an infectious disease that primarily attacks the lungs Smoking impairs lung function making it harder for the body to fight off coronaviruses and other diseases. Tobacco is also a major risk factor for noncommunicable diseases like cardiovascular disease, cancer, respiratory disease and diabetes which put people with these conditions at higher risk for developing severe illness when affected by COVID-19. Available research suggests that smokers are at higher risk of developing severe disease and death was explained. The important point was highlighted that COVID-19 is a bacterial infection that mostly affects the lungs. Lung function is harmed by smoking. Sharing mouthpieces and hoses is common when smoking water pipes, commonly known as shisha or hookah.

Lastly, helpline number 1800-11-2356, was shared for more information and help Around 45 participants attended this session and the session ended with a vote of thanks to the chief guest.

Thank You,

Dr. Pradip Gulbhile
Program officer

Subject: Report on Independence Day Elocution Competition

Dear Sir,

As per previous year we NSS committee decided to arrange elocution competition on account of 74th independence day. The competition results were declared on 15th August 2020. We decided to ask participants to send their videos on drive which was provided in a publicity message. This competition was for one student for each department. We asked HOD for their respective departments. The topic was " what should we prefer national duties or religious duties", as per rule there was a time limit of 4 to 5 mins for each participant.

After receiving each participant's video on drive they were judged on the basis of clarity of speech, memory, pronunciation, expression and body language and the content of their speech. Everyone was dressed well in formals. All of them participated willing and enthusiastically. On the basis of results, winners were awarded with e - certificate. The best video among them was featured on our official Instagram account which is @nss_vcet.

Thank you

Dr. Pradip Gulbhile

Subject: Report on Mothers Day, 9th May 2021

Dear Sir,

The day that recognises the essence of a mother was celebrated with high spirits and merriment by the NSS committee of Vidyavardhini's College of Engineering and Technology, Vasai on 9th May 2021 by reminding about the importance of mothers in each and everyone's life. Due to the pandemic situation, the event was conducted virtually through google meet. This event was addressed by the volunteers of the NSS unit by initially welcoming all the faculty members and students.

The event started with a sweet message video which was created by NSS volunteers. Further the event proceeded with a lot of participants who gave sweet and emotional speeches and made this occasion more special. One of them conveyed the struggle of working mothers who are trying to balance their personal and professional life simultaneously because of lockdown and gave an example of female faculty members. A quote was mentioned by another participant by saying, "All that I am, or ever hope to be, I owe to my mother" The event was successful as 53 members participated willingly with all the emotions and energy.

Volunteers ended the event by thanking all the participants and wishing all the female faculty members a very happy mother's day.

Thank You.

Subject: Online awareness drive on prevailing issues.

An online awareness drive was conducted by the NSS unit of Vidyavardhini's College of Engineering and Technology, Vasai. The program was addressed by NSS volunteers by welcoming the guests, faculties and audience. A momentary silence was held to honour the people who lost their lives in the novel Coronavirus pandemic and for the wellbeing of their families.

DR. Shiv Shankar from Raj Rajeshwari medical college, BANGLORE was invited as the guest speaker to address Prevailing issues in our country and also an article dated 31st August 2020 which mentioned current issues in India. It was conducted via google meet, 4 pm onwards. Sir gracefully thanked the NSS unit for conducting this session, being an important organization in Government of India's Policy Schemes. It was an open session where the speaker addressed any queries of the audience immediately. They addressed the ongoing pandemic crisis and naming it one of the most destructive wave which impacted India along with other timely major issues like poverty, child labour, illiteracy, basic sanitation, corruption and lack of proper healthcare system. They asked the audience for insight on dealing with these issues together for the progress of our country.

The online program was attended by 53 number of participants following the Government Guidelines. The drive ended on a successful note where a lot of issues were addressed and tackled. The event was dismissed after a note of thanks and pledge of following Government guidelines to curb this pandemic.

Thank you,

Subject: Report on World AIDS Day Webinar.

Dear Sir,

A webinar was conducted by the NSS unit of Vidyavardhini's College of Engineering and Technology, Vasai on 1st December 2020 on the eve of World Aids day to create social awareness, 4 pm onwards via google meet. The session was addressed by the volunteers of NSS committee by initially welcoming all the guests, faculties and audience. Mr. Arjun Odedra from 3rd year BPTH of Sancheti college of physiotherapy

Pune was invited as the guest speaker for the event to guide and educate the audience regarding AIDS. Sir listed out some serious and important facts of how the condition is caused by the human immunodeficiency virus (HIV). He shared the symptoms and causes of this condition. Other necessary treatment practices were mentioned during the session which were very helpful. They specially mentioned how bullying patients for this condition was a heinous act and that the society should be aware of such things as it can also lead to mental illness.

A total number of participants attended the webinar safely from the comfort of their house and the obedience of government guidelines. The session went on with questions from the audience which were cleared at times by the speaker.

The session ended with every participant taking a pledge of not discriminating amongst each other and ensuring to follow all important government guidelines and taking care of their loved ones and always celebrating the frontline workers for their selfless services.

Thank you.

Preventive measures of AIDS:-

What are the Precautions to be taken to avoid AIDS?

There's no vaccine to prevent HIV infection and no cure for AIDS. But you can protect yourself and others from infection. To help prevent the spread of HIV:

- ❑ Use treatment as prevention (TasP). If you're living with HIV, taking HIV medication can keep your partner from becoming infected with the virus. If you make sure your viral load stays undetectable — a blood test doesn't show any virus — you won't transmit the virus to anyone else. Using TasP means taking your medication exactly as prescribed and getting regular checkups.
- ❑ Use post-exposure prophylaxis (PEP) if you've been exposed to HIV. If you think you've been exposed through sex, needles or in the workplace, contact your doctor or go to the emergency department. Taking PEP as soon as possible within the first 72 hours can greatly reduce your risk of becoming infected with HIV. You will need to take medication for 28 days.
- ❑ Use a clean needle. If you use a needle to inject drugs, make sure it's sterile and don't share it. Take advantage of needle-exchange programs in your community. Consider seeking help for your drug use.
- ❑ If you're pregnant, get medical care right away. If you're HIV-positive, you may pass the infection to your baby. But if you receive treatment during pregnancy, you can significantly cut your baby's risk.

Webinar on world AIDS day

Arjun Odedra is presenting

Causes and Effects of AIDS:-

How is AIDS getting Transmitted and what are its ill effects?

- ❖ HIV is caused by a virus. It can spread through sexual contact or blood, or from mother to child during pregnancy, childbirth or breast-feeding.
- ❖ HIV destroys CD4 T cells — white blood cells that play a large role in helping your body fight disease. The fewer CD4 T cells you have, the weaker your immune system becomes.
- ❖ You can have an HIV infection, with few or no symptoms, for years before it turns into AIDS. AIDS is diagnosed when the CD4 T cell count falls below 200 or you have an AIDS-defining complication, such as a serious infection or cancer

Subject: Report on online awareness on Government Policy

Dear Sir,

The NSS unit of Vidyavardhini's College of Engineering and Technology, Vasai conducted an online awareness program on Government Policies of India on 29th August 2020 via google meet 4 pm onwards. The session was addressed by NSS volunteers by welcoming the guests, faculties and audience.

Mr. ABHISHEK GABANI from RMC, BANGLORE _was invited as the Guest speaker for the awareness session. He/she started the session by praising the NSS unit of our college by mentioning it as a crucial part of Government of India's numerous programs. He told us the importance of Government schemes and plans which the Government comes up with from time to time to serve the people of its country better. They told us the Ministry roles in forming these policies. Sir/Ma'am listed out various Schemes in sectors of Social service, Health, Education, Mother care, Child care, Rural and development, Agriculture and various more. They specially mentioned some important policies that were taken into practice and were helping in the tough times of Covid 19 Pandemic. They also explained how these policies prove beneficial for the common people and for the future development of our country.

A total of 47 participants attended the session virtually. Question and Answer session was held after the program where Sir influenced the college students to make progress in the Science and Technology field and listed out some great Policy use for fellowships and scholarships. The program ended on an inspiring note and a reminder to follow the Government guidelines for emerging out of this pandemic successfully.

Thank you.

Subject: Report on Road Safety Week Quiz, 26th January 2021.

Dear Sir,

In view of Covid-19 pandemic situation in the country, the NSS Committee of the college realized the need for awareness among the students for Road Safety. With this motto, student participated in the National level Online Quiz competition which was conducted on a virtual platform 26th January 2021 organized by brahma Kumaris and Transport and Travel.

Before that we registered ourselves through Google form then the day after we received mail from them. The link for the quiz was provided in the mail. In this event 39 students participated enthusiastically.

The students were tested on their knowledge of the traffic rules and various safety measures in appropriate multiple choice questionnaires. The quiz proved to be not only a tool for testing the students knowledge of traffic rules but also became a medium of sensitizing young minds about traffic rules and the importance of following them. They realized their contribution in traffic management, and how they can be instrumental in making people aware of traffic rules. The participants were awarded an e-certificate.

Thank You.

Subject: Report on Poster Making Theme: Army Day, 26th January 2021.

Dear Sir,

Due to Covid pandemic large gatherings were not possible and not allowed as well. So the NSS Committee of VCET had organized a Poster Making Competition for the students. Due to the pandemic situation, the event was conducted on 26th January virtually through Google meet. The objective of the competition was to ignite the fire of imagination and creativity in the students. The main objective to organize this event is to pay respect and salute to the courageous and brave soldiers of the Indian army who have been and are still sacrificing their lives for the sake of the country.

The theme of the competition was posters for 'Army Day'. Students were asked to express their ideas through Painting and sketches. Students displayed their artistic skills through an array of posters. They Participated in the competition with immense zeal and enthusiasm and made beautiful posters which gave the message of how the Indian army faces all the challenges and difficulties that come across their way to save the nation and people. It was a great opportunity to watch these students creating and displaying their ideas. The students throughout enjoyed the activity. The winners were acknowledged for their outstanding performance.

Thank You,

Dr. Pradip Gulbhile

Subject: Report on Palliative Care Poster Making Competition

Dear Sir,

The theme of "Palliative Care", a poster making competition was held on 9th October 2020 by the NSS committee of Vidyavardhini's College of Engineering and Technology, Vasai. By reminding palliative care is a gentle and distinct approach to caring for people with illnesses that can't be cured like advanced heart, lung, kidney, and neurological diseases & advanced cancer.

The event was inaugurated by Dr. Harish Vankudre Principal, VCET. In the inaugural speech, Principal Sir highlighted how much the medical posters are important and beneficial to a student as well as to the public and said, it stands to be very useful for understanding the different elaborative topics. Principal Sir and other dignitaries of the day inspected/reviewed each poster and taught the extra knowledge with pleasure and enthusiasm.

The students participated, showed positive involvement and smoothly defended their posters. The overall event was successful and admired in the college. It stood to be beneficial to memorize & update the Pathology of different disorders. The whole event was organized under the supervision of the NSS committee.

Thank you.

A REPORT ON INDUCTION PROGRAMME FOR FIRST YEAR STUDENTS FOR THE ACADEMIC YEAR 2019-20

CONTENT

- **INTRODUCTION**
- **TIMETABLE**
- **EVENT DETAILS**
- **ACKNOWLEDGMENT**
- **PHOTOGRAPHS**

INTRODUCTION

Vidyavardhini's College of Engineering and Technology organized a Three-week induction program for the fresh candidates to First Year Students in line with the AICTE requirements.

OBJECTIVE

The objectives of the program is to make the students feel comfortable in their new environment, open them up, set a healthy daily routine, create bonding in the batch as well as between faculty and students, develop awareness, sensitivity and understanding of the self, people around them, society at large, and nature.

The time during the Induction Program is also used to rectify some critical lacunas and sensitize them towards exploring their academic interest and activities, reducing competition and making them work for excellence, build relations between teachers and students and overall personality development. The induction program contained of interesting activities like motivational speech, team building activities, expert lectures, and campus orientation sessions etc. The rationale for induction was to ensure a smooth transition for the students into the university system.

The following major activities under the induction program in which the students would be fully engaged throughout the day for the entire duration of program, this includes:

1. Physical activity: This would involve a daily routine of physical activity with games and sports which will help them to develop team spirit.
2. Proficiency Modules: Lectures on Basic English, Basic Mathematics, and Basic Computer Operation were conducted, and tests were taken to refresh the knowledge of the students. This lectures and tests were useful to recall and recollect the knowledge of the students.
3. Universal human values: It gets the student to explore on self and allows one to experience the joy of learning stand up to peer pressure, take decisions with courage etc.
4. Literary: Literary activities involved reading, writing, debating and enacting a play.
5. Lectures by Eminent People: This period can be utilized for lectures by eminent people to give the exposure to the students in various fields.

A total of 300 students participated in this program which was conducted from 7th – 16th August 2019 & then it was continue throughout the semester. Faculty and student mentors from across programs worked extensively to ensure that the induction was well organized. The following report includes the schedule and brief notes on the various events conducted as part of the induction program.

TIMETABLE

DAY	DATE	Session	TIME	EVENT
1	7 /8/2019	Session 1	9.00am-1.00pm	Orientation program
		Session 2	2.00pm-5.00pm	Mentoring (Group formation and Introduction)
2	8/8/2019	Session 3	9.00am-1.00pm	Physical & cultural activity (Yoga & Music)
		Session 4	2.00pm-5.00pm	Familiarization of FE Labs & Institute (Visits)
3	13 /8/2019	Session 5	9.30am-11.30am	Diagnostic test - Basic Mathematics
		Session 6	2.00pm-5.00pm	Universal human values and activities
4	14 /8/2019	Session 7	9.00am-1.00pm	Academic Lectures
		Session 8	2.00pm-4.00pm	Lectures on Basic Mathematics
5	16 /8/2019	Session 7	9.00am-1.00pm	Academic Lectures
		Session 8	2.00pm-4.00pm	Lectures on Basic Mathematics
6	22 & 30/8/2019-	Session 9	4.00pm-5.00pm	Literary Activity
7	26 to 30/8/2019	Session 10	4.00pm-5.00pm	Physical activity Sports
8	27/09/19	Session 11	2.00pm-4.00pm	Seminar on 'Bring your power back' conducted by Speaker Mr. Sathikumar Patil (Director of Reliable Engineering, Vasai and also counsellor & Motivational speaker)
9	19/09/19	Session 12	10.30am -12.30pm	Seminar on 'Opportunities and role of engineers in industry' conducted by Speaker- Mr. Sunil Apte
10	28/09/19	Session 13	10.30am -12.30pm	Seminar on 'Recent Trends in IT' conducted by Speaker Mr. Chinmay Gavankar (Executive Manager, Google Cloud Platform)
11	27/1/20	Session 14	4.00pm-5.00pm	Diagnostic test - Basic computer operation
12	28/1/20	Session 15	4.00pm-5.00pm	Lectures on Basic computer operation
13	31/1/20	Session 16	4.00pm-5.00pm	Lectures on Basic computer operation
14	5/2/20	Session 19	4.00pm-5.00pm	Seminar on 'Fitness Session' conducted by Speaker Prof. Hanumant Bhosle from Vidyavardhinis Bhausaheb Vartak Polytechnic college.
15	25/2/20	Session 20	4.00pm-5.00pm	Online co-cube Diagnostic test - Basic English
16	9/3/20	Session 17	4.00pm-5.00pm	Lectures on Basic English
17	11/3/20	Session 18	4.00pm-5.00pm	Lectures on Basic English

EVENT DETAILS

➤ Orientation Program

The Orientation program was inaugurated by lamp lighting in presence of Principal, Dean and Head of Departments of the college. The inaugural speech was delivered by Hon. Principle Dr. Harish Vankudre. Sir addressed about the importance of Orientation program and explored the idea about rules and regulation of institute and gave valuable guidance about carrier in engineering. Sir discussed about all facilities provided by VCET such as library, computer center, sports and gymkhana, ladies common room facilities in college campus. Sir appealed students to use these facilities effectively and efficiently for their academic growth and all-round development. Sir also shared vision, mission, and plans in VCET. Finally, sir expressed thanks to President of college Hon. Mr. Vikas Vartak sir and Chairman of college Hon. Mr. Arun vartak sir and trustee for their continual support.

Students were guided by Academic Dean of college Hon. Dr. Vikas Gupta sir about rules and regulation of college, teaching scheme of syllabus and rules of university. Prof. Sanket Patil sir shared his views to students and gave valuable guidance related to campus placement. Prof. Deepak Choudhari sir explained the flowchart and activities of induction program. Students were guided and instructed by Mrs. Poonam Surunge (Counselor) about the stress management while doing engineering and professional studies. FE Toppers Sanket Suhagiya & Mihir Thankur shared their experiences in front of students about the studies, hard work, regularities, environment and culture of college. The anchoring of the program was done by Prof. Mugdha Salvi and vote of thanks was given by Prof. Chandrakshori Sonarkar.

➤ **Department wise Mentoring group formation & Introduction**

1. Department wise Mentoring groups (students) and proctors (Teachers) have been formed.
2. Detail information of students have been collected in prescribed format by proctors.
3. Interaction session among proctors, mentors & First Year Students have been conducted.
4. Respective Head of Departments conducted the guidance lecture for the First-Year students. These lectures were useful for the students to know about their departmental activities and introduction of lab.

➤ Yoga and Music

The day was started by physical activity Yoga and cultural activity Music session. Yoga demonstrated by Yoga Trainer members of Ambika Kutir, Vasai and Music session conducted by Dr. Latika Potdar, PhD in Music and Sangeet Visharad , Mr. Yogesh Pingle, Harmonium Visharad and Dr. Sunil Kirloskar. Sir mentioned the importance of music. How to concentrate on study? And which raga is used to listen to increase concentration. And how to improve lifestyle? How to reduce the stress?

➤ **Familiarization of FE Labs & Institute (Visits)**

Trail (for students) were conducted by the mentors to visit the different laboratories, Sports & Gymkhana, Library, Office, HOD cabin, Staffroom, Canteen, Ladies common room, Exam-section, Central library etc. The students of various programs were addressed by their respective Head of the Department and senior faculty.

➤ **Formal session**

The formal session of the day was started by the interaction and group discussion between seniors and newcomers, in the view of increasing harmony between them. Many students who had performed music activities to make the atmosphere lighter and cheerful, some students played with instruments, also many students enjoyed Antakshari, some students enjoyed dance with full swing.

➤ **Session on Universal Human Values**

A motivational speech was delivered by Counselor & Psychologist Mrs. Poonam Surunge. She mentioned the importance of human values. Also, the importance of spirituality, meditation in our lives. After the speech student enjoyed with lot of activities.

➤ SEMINAR ON ‘BRING YOUR POWER BACK’

Department of Mechanical Engineering had organized Guest lecture under Induction program for the student of FE Mech (A & G) Division on 27/09/19 from 2.00 to 04.00 pm. The speaker for the lecture was Mr. Satishkumar Patil who is Director of Reliable Engineering, Vasai and also counsellor & Motivational speaker. Title for seminar was ‘Bring your power back’

Dr. Uday Asolekar, HOD Mechanical, felicitated Mr. Satishkumar Patil and introduced the topic of the seminar to the students.

In his lecture Mr. Satishkumar Patil emphasized on learning human values and incorporating in personal life. He through different practical examples explained students to bring relevance and practicality into learning by having positive and fearless attitude. Further he stated importance of discipline into life and how its fruitful to professional and personal growth.

Mr. Patil guided students to cope with studies while maintaining mental and physical health. He elaborated his sayings by giving practical examples at different stages and proved its relevance. He urged students to participate in cocurricular and extra-curricular activities in college.

Lastly, Mr. Patil invited students to come on stage and asked them to introduce themselves to bring confidence and shed away fears.

➤ **SEMINAR ON ‘OPPORTUNITIES AND ROLE OF ENGINEERS IN INDUSTRY’**

On September 19,2019, a seminar was conducted by the Department of Civil Engineering, VCET for FE students under Induction program.

The intent of this seminar was to make the FE students comfortable with the department and to get their doubts cleared regarding opportunities in the industry. This seminar was delivered by guest speaker Mr. Sunil Apte in presence of H.O.D. Dr. Sunil Kirloskar and the entire Civil engineering faculty.

The seminar mentioned to the newcomers various ways they could pursue their career and the future and the various fronts where civil engineers are required. It also explained them the various branches of Civil Engineering, Structural Engineering, Estimation costing etc., and importance of it. The students were also provided with a brief introduction to the Mumbai-Ahmedabad Bullet Train project.

➤ SEMINAR ON ‘RECENT TRENDS IN IT’

Department of Information Technology and Computer Engineering had organized Guest lecture for the student of on 28/09/19 from 10.30 to 12.30 pm. The speaker for the lecture was Mr. Chinmay Gavankar, Executive Manager, Google Cloud Platform. Title for seminar was ‘Recent Trends in IT’

The intent of this seminar was to make the FE students comfortable with the department and to get their doubts cleared regarding opportunities in the industry.

The seminar mentioned to the newcomer’s various ways they could pursue their career and the future and the various fronts where Computer and IT engineers are required. Sir also explained various job opening and career opportunities have been discussed. Almost every industry is making use of the Internet of Things to monitor activities and advance their existing systems.

SEMINAR ON 'FITNESS'

Prof. Hanumant Bhosle from Vidyavardhini's Bhausaheb Vartak Polytechnic conducted a session on 'Fitness'. Sir explained the benefits of fitness and demonstrated also. Being young, students have a lot of potential to develop a hobby that keeps their fitness regulated for the lifetime. Being physically fit does not necessarily require a rigorous schedule of workout. Sir also explained how to Prevents Chronic diseases, Controls Weight, ensures strong bone, muscle, and joint development, reduces stress, and Increases energy levels and confidence. Being physically fit overhauls your personality. It lets you perform physical activities without being tired or restless. Being physically fit also ensures you being mentally fit and stress free. So, it is time for you to play some sports, get involved in physical activities to experience happiness, peace and to enjoy energetic and enthusiastic lifestyle.

ACKNOWLEDGEMENT

I wish to express our deep sense of gratitude to ...

- Hon. Mr. Vikas Vartak (President of VCET)
- Hon. Mr. Arun Vartak, (Chairman of VCET)
- Hon. Secretary and Joint Secretary of VCET
- Dr. Harish Vankudre (Principal, VCET)

STUDENTS' COUNCIL

Student Council Report 2019-20

Student activities are student-focused extracurricular programs offered at the college. Student activities are generally designed to allow students to become more involved on campus. Often, such activities provide the students with opportunities to develop leadership, social responsibility, citizenship, volunteerism, and employment experience.

Cultural awareness and participation play an integral role in a student's education. The college provides a provision for that, wherein a committee called as the Students' Council has been made. Students' Council looks out for all the student-oriented activities which aims at the cultural aspect.

There are multiple student activities conducted starting right from orientation held for fresher students imparting with few tips and tricks to tackle both academics as well as extra-curricular. The freshers are then welcomed in the college with a grand Fresher's Party held for them with various games and talent showcase platform. Along with such activities, equal importance is given to celebrating days like Teacher's Day or Independence Day involving students. With all this, living in India, how can festivals be not an important part of our lives, all the students and staff gather together to play Garba festival and the positivity and energy exuberating out of the colourful costumes combined with the enthusiasm of dancing to the dandiya folk songs makes it more-worthy. Students' Council also hosts the main cultural fest of the college known as ZEAL, it involves every single student to take part in events ranging from performing arts, quizzes and what not. During ZEAL, the entire college indulges into creativity, exciting activities, practicing for their performances and much more. Students find themselves occupied with all these things as it makes them excited and simultaneously inculcates multiple qualities and hidden talents are provoked.

With student activities, students can explore what they care about, be active in the college and have fun while practicing skills for life and moreover, it creates unity amongst students and their interests.

STUDENTS' COUNCIL

FE ORIENTATION

Date: 08\08\2019

Description of Event:

As the first year students arrived at the college, the teachers organized a formal orientation. During this event, they explained what the engineering courses would be like and also told students about all the different fun activities they could get involved in while at college. This helped the new students get an idea of what to expect during their time at college.

Additionally, there was another informal orientation organized by the Student Council specifically for the first-year students. In this informal orientation, older students (seniors) shared their wisdom and gave tips on how to do well in classes and how to enjoy the extracurricular activities. They also showed the newcomers around the nearby places and explained the basic rules and regulations of the college. This helped create a friendly and helpful atmosphere.

During the informal orientation, students had a chance to ask questions and get answers to anything they were curious about. This communication made the relationship between the older and newer students very friendly and supportive. The seniors also talked about the various clubs and committees in the college, and the exciting events they organize and take part in. This got the new students interested in joining these clubs and trying out the activities.

In a nutshell, these orientations were like a warm welcome to college life. The formal one provided information about studies and activities, while the informal one, led by older students, offered practical advice and made sure the new students felt comfortable and excited about their college journey.

FE Orientation

AND TECHNOLOGY

STUDENTS' COUNCIL

FRESHERS PARTY

Date: 30\08\2019

Description of Event:

The "Freshers Party" is a big deal for new college students. The Students' Council organizes this event in a fancy and exciting way. It's a day filled with lots of energy, excitement, and eagerness. This party marks the start of their college adventure. In 2019, on August 30th, they had an incredible "Angels and Demons" theme for the party, which made the night full of mystery and fun.

The party had many fun things to do. There were games and contests where students could win the titles of Mr. and Ms. Fresher's, which was a big deal. These activities not only brought out their competitive spirit but also gave them a chance to show their talents and personality. It was a way for new students to shine and make new friends while starting their college journey

The "Freshers Party" is more than just a fun event. It's a special moment where new students feel like they belong and are part of the college community. It's a reminder that their college life will be a mix of challenges and good times, and they're not alone on this journey. The memories from this night stay with them throughout their time in college, reminding them of the friendships and exciting times that college brings.

STUDENTS' COUNCIL

TEACHERS DAY

Date: 13\09\2019

Description of Event:

The 5th of September holds special significance at our institution as it marks the Birth Anniversary of the esteemed former President and renowned teacher, Dr. Sarwapalli Radhakrishnan. To honor this day, our Students' Council keeps the tradition of celebrating Teacher's Day at VCET. It's a day filled with warmth and appreciation as students welcome their teachers with roses and personalized cards. This is a way to show deep respect and admiration for their educators.

In 2019, our Teacher's Day celebration happened on the 13th of September. Everyone, including both teachers and non-teaching staff, looks forward to this event. It's a time for everyone to come together and enjoy this special tradition. Along with cards and good wishes, something new and thoughtful has been added in recent years – the giving of saplings. This symbolizes growth and appreciation for the teachers.

The celebration is not just about cards and saplings; it's also about having fun. There are fun games that teachers and staff play together, creating a playful and joyful atmosphere. The day ends with teachers thanking the Students' Council for organizing this memorable event. It's a way to show how much they appreciate all the effort that goes into making this day special.

STUDENTS' COUNCIL

GARBA NIGHT

Date: 04\10\2019

Description of Event:

On the evening of October 4, 2019, the vibrant and joyous atmosphere of Navratri descended upon the campus of VCET. This auspicious festival was celebrated with an incredible fervor and enthusiasm that brought together both staff and students in a memorable Garba Night. The highlight of the event was a diya decorating competition for the faculties, where they showcased their artistic talents by adorning traditional diyas in the most creative and innovative ways possible. This competition not only brought out the artistic side of the staff but also added a beautiful touch of tradition and spirituality to the festivities.

The Garba Night commenced with the ceremonial worship of Goddess Durga by the college Principal, setting the stage for a night of cultural richness and unity. The participants dressed in stunning traditional attire, their vibrant colors and intricate designs adding to the visual splendor of the evening. The lively dance floor witnessed students displaying their energetic Garba moves, and colorful costumes earned their fair share of admiration. Prizes were awarded to those who exhibited exceptional dance skills and wore the most captivating costumes.

It was a night filled with laughter, camaraderie, and an overwhelming sense of celebration, cherished by all who attended as it embodied the true essence of Navratri – the triumph of good over evil and the celebration of unity, culture, and tradition. This Garba Night at VCET undoubtedly left an indelible mark in the hearts and memories of everyone present, reinforcing the bonds of the college community and the spirit of togetherness during this festive season.

ZEAL 2020

Date: 14/02/2020 – 16/02/2020

Description of Event:

The annual cultural extravaganza, ZEAL, is a spectacular celebration that encompasses every form of art, from dance and dramatics to music, literature, and fine arts. ZEAL 2020 took the grandeur to new heights with an unprecedented influx of participants hailing from all corners of Mumbai, renowned judges, and an electric atmosphere that buzzed with anticipation and creativity. The theme for this edition was "Echoes of Silence - Unveiling mysteries and magic," promising an event that would explore the enigmatic and mystical aspects of art and culture.

The festival spanned three vibrant days, from the 14th to the 16th of February in 2020. Prior to the main event, there were three days of Pre-Zeal celebrations, each with its unique flair. These included traditional day, formals day, and street funk, offering diverse avenues for students to express themselves creatively.

Glimpses of ZEAL 2020

STUDENTS' COUNCIL

On the 13th of February, the grand inauguration ceremony took place, graced by the presence of esteemed dignitaries. Mr. Ajinkya Deo served as the Chief Guest, while Mr. Pravin Shetty, the Mayor, graced the occasion as the Guest of Honor. The inauguration began with a vibrant lazim performance, setting the stage for the festivities that were about to unfold.

A notable highlight of ZEAL 2020 was the inclusion of Sunburn campus on the final day of the event, showcasing the Students' Council's commitment to providing a wide range of experiences for participants. This electronic music extravaganza added an exciting dimension to the festival, ensuring that ZEAL 2020 was a memorable and comprehensive celebration of art, culture, and music. With Mr. Ajinkya Deo and Mr. Pravin Shetty as esteemed guests, and an array of talent on display, ZEAL 2020 left an indelible mark on the cultural landscape of the institution and the city of Mumbai.

AVAHAN Report 2019-20

It gives me great honor and pride to pen down my first journey as In charge of the Sports Committee. its prime objective is to accentuate an integrated approach of the overall development of students. The committee manages and looks after the required sports equipment and upgrades the facility with new equipment annually.

In the odd semester, FE Induction was held, in which the sports training program was organized by the Sports Committee under the name of Induction program to train them for all-round growth development. The motive of this program was to make first year students realize the importance of participation in sports activities to learn special qualities such as communication skills, leadership skills, team building, etc. They are encouraged to play various games and activities that help them know their peers better. We also celebrated National Sports Day during the same period. The Sports Committee organized the team selection for various sports such as Overarm Cricket, Football, Kabaddi, Basketball, Volleyball, Badminton and other Indoor sports in the first two months of the academic year. The selected students trained hard in their respective schedule allotted by the committee to participate in various inter college sports festival representing our college. The VCET teams hold a great history of glory by winning numerous trophies and making our college proud. The college cricket, football and kabaddi team participated for the 12th time in MIT-WPU, Pune and have done exceptionally well. The committee encourages all the teams to participate in the tournaments so that they can get a good exposure for their overall development. The even semester was welcomed with the remarkable success of "AVAHAN", a 11 day inter and intra college sports saga. The grand inauguration was enthralled by the presence of the Chief guest of honors which were Mr. Vikrant Keni (captain of Indian team for T20 Physical Disability Cricket World Series) and Mr. Archis Patil. Also we had organized a special inaugural match between the visually impaired children. Sports committee introduced new events for the students as well as for the staffs along with the conventional sports in Avahan 2020. Huge affluence of participants from all over Mumbai, their sportsmanship, enthusiasm and team spirit packed into one grand sports event, "Avahan- A call to the champions".

The event wouldn't have seized without the support of our respectful management and honourable principal, Dr. Harish Vankudre sir. I also extend my heartfelt gratitude to all Teaching and non-teaching staff and admin staff for their support throughout the year.

The committee has always worked with their hearts and soul and shall continue to do so for the coming years. I congratulate Yash Meghani, the Sports Secretary for leading the entire team exceedingly well and wish the Sports committee for a more successful event next year.

Literati - The Literary Club

Report 2019-20

The events by the committee for AY 2019-20 are as follows

1) Unscripted - The Extempore Competition

Extempore is an event where the participants are given a topic on the spot and they are expected to deliver a speech on the same. Participants are judged on their oratory and knowledge of the topic. Apart from this, participants were also judged on their preparedness for a topic they heard only a few seconds before. All participants displayed excellent oratory skills. The event was enlightened by the presence of an experienced personality, Mr. Kenny Rodrigues. He has a staggering 22 years of teaching experience and is currently associated with Swami Vivekanand International School, Kandivali West, as an English teacher. He has also worked as an assistant director with many reputed TV serials. The event was held on 9th March 2020 and was the first event of our Lit Fest 2020. There were a total of 8 participants, one from each department.

2) Faceoff 8.0

Faceoff is an inter-department debate competition. It was held on 12th and 13th March 2020. This year saw a clash between 27 participants of nine teams namely the Mechanical Renegades, the Mechanical Rangers, the Comps Gladiators, the Instrumentation warriors, the Telecom Terminators, the IT tornadoes, the Ash Avengers, the Civil Knights, and the ASH Rockers. The judges for the event were Mrs. Jayshree Senesh & Mili Panikar. The two days of fierce debating concluded in Instrumentation being crowned the debating champions and IT tornadoes being the runner ups.

3) Lit-Fest

The fest was conducted from 15th March to 23rd March 2020 and it was conducted in online mode. The fest as the name suggests had literary events like; Story completion, look into a book and fan fiction writing. The event was judged by Mrs. Jayshree Suresh. The LIT Fest had a total of 16 participants and total 6 winners in total. A winner and a runner-up in each event. The winner for story completion was Mansi Malap from SE IT and the runner-up was Nihal Kumar from TE EXTC. Look into the book had Maria Matthew in the first place followed by Zahabiya Dalal. Lastly, Fan

Literati - The Literary Club

fiction writing had Tanvi Dalvi from TE INSTRU as a winner and Rohit Sawant as the runner-up.

4) VCET Podcast

The VCET Podcast came to fruition on 6th May 2020 hosted by Omkar Chaudhari and Zahabiya Dalal. The podcast had 15 guest speakers.

The guest list of the podcast is as follows

- 1) Dishant Huria, author known for books *'The curious case of black dog'* and *'When karma goes upside down'*.
- 2) Natasha Oswal a creative entrepreneur, poet and podcast host; she also runs Boundless media a creative house that makes shows and films.
- 3) Colonel Mani Mohan Nehru. Director at NFA, ex-NdA, ex-IMA Infantry officer commander of 23rd Punjabi regiment
- 4) Harshit Bansal, the human behind Humans of cinema, co-founder of Lapdoodle and founding partner of Franklywearing.com
- 5) Arth Patel the co-founder of Brainheaters community
- 6) Harsh Patel founder and CEO of Brainheaters.
- 7) Parth Upadhyaya, Mountaineer
- 8) Hinal Patel, alumni VCET
- 9) Natasha Tungare, Neurotherapist and a writer
- 10) Revathi Pillai, actress
- 11) Ankur Dhamale, Theater artist, Youtuber, alumni
- 12) Anjali Barot, actress
- 13) Kimiya Vartak, alumni VCET
- 14) Sumersingh Rajpurohit Founder and CEO of the YouTube channel Last Minute Tutions.
- 15) Siddharth Dey, Bigg Boss season 13 contestant, writer for shows including *'Jhalak Dikhhla Ja'*, *'Indian Idol'* and *'Dance India Dance'*.

To,
The Principal
VCET

Subject: NSS volunteers contributing to culture and society through Ganpati Visarjan.

Respected Sir/Ma'am,

NSS volunteers played a multifaceted role in the Ganpati Visarjan event, focusing on eco-friendly practices, crowd management, safety, and community engagement.

They actively encouraged the use of clay idols and natural materials, distributed reusable bags for responsible waste collection and disposal, and raised awareness about the detrimental impact of plaster-of-Paris idols on water bodies. Their crowd management expertise ensured order and safety by guiding the procession, assisting elderly and differently-abled participants, and coordinating with local authorities to maintain smooth traffic flow. Additionally, NSS volunteers stationed at key points with first-aid kits were prepared to provide immediate assistance in case of emergencies, further enhancing the safety of the event.

Their community engagement efforts fostered a sense of unity and social responsibility among the residents and devotees, making their participation invaluable. As a result, the event concluded with a profound connection to this cultural tradition.

Thank you.

Subject: Report on Tree Plantation on 26th August 2019

Respected Sir,

Recently we've acknowledged the incidence happened in amazon rain forest which is devastating! Also keeping in mind the ratio of tree and human being, the NSS Wings Committee of Vidyavardhini's College of Engineering and Technology came with an event on 26th August 2019 called "Tree Plantation". The event was carried out under the guidance of Prof. Sainath Patil, Prof. Sandhya Supalkar and myself and Mr. Rajesh Naik from Jivdani Trust Virar. Entire team of NSS wing came forward to lead students to plant trees at "The Jeevdani Trust, Virar". Altogether, students planted 270+ saplings. The event was well organized and surely a small act of kindness being a responsible citizen was carried out by NSS team as they stand by the term #GoGreen & #SupportGreen

Thank you.

Dr. Pradip Gulbhile,

मुख्याध्यापक

VCET

विषय: 26 ऑगस्ट 2019 रोजी करण्यात आलेल्या वृक्षारोपणाचे अहवाल.

आदरणीय प्राचार्य,

अलीकडेच अमेझॉन रेनफॉरेस्टच्या घटनेची कबुली देण्यात आली आणि ती अतिशय विध्वंसक होती. विद्यावर्धिनीच्या अभियांत्रिकी व तंत्रज्ञान महाविद्यालयाच्या 'एनएसएम विंग्स'ने 26 ऑगस्ट 2019 रोजी "वृक्षारोपण" हा कार्यक्रम आयोजित केला होता. प्रत्येक मनुष्यास 1 झाड ही कल्पना गृहीत धरून वृक्षारोपण करण्यात आले. महाविद्यालयाचे मुख्याध्यापक आणि प्रा. साईनाथ पाटील, प्रा. संध्या सुपलकर व एनएसएस विंगचे प्रमुख या नात्याने मी स्वतः, आम्हा सर्वांच्या मार्गदर्शनाखाली या कार्यक्रमाचे आयोजन केले होते. "जीवदानी ट्रस्ट, विरार" येथे श्री राजेश नाईक हे विद्यार्थ्यांचे नेतृत्व करण्यासाठी पुढे आले. विद्यार्थ्यांनी 270 + रोपे लावली.

हा कार्यक्रम यशस्वीरित्या पार पडला या कार्यक्रमाद्वारे निसर्गाबद्दलची कृतज्ञता दिसून आली. एक जबाबदार नागरिक असल्याची जाणीव 'एनएसएस विंग्स'च्या माध्यमातून केली गेली. कारण ते #GoGreen आणि #Support Green या संज्ञेवर टिकून आहेत.

धन्यवाद.

डॉ. प्रदिप गुळभिले

Subject: Report on Beach Cleaning on 29th August 2019.

Respected Sir,

This is the era where purity of Oceans is degrading due to enormous pollutants which are being dumped in it by citizens. On 29th August 2019, the NSS Wing of Vidyavardhini's College of Engineering and Technology, Vasai associated with Green Life Foundation and carried out an event named "BEACH CLEANING" under the guidance of Prof. Chandan Kolvankar,, Prof. Vishal Pande and myself.

The event was held at Rajodi Beach, Nalasopara. It was successfully carried out by the students. Total area cleaned was 400mtrs. The before and after picture is awestruck!

The feeling of cleaning the beach made everyone to pledge not to litter around and not let others do either! Leading an initiative to a clean and beautiful city around.

Subject: Report on Notebook Donation Event (15th October)

Respected Sir,

The NSS unit of Vidyavardhini's College of Engineering and Technology, Vasai conducted an notebook donation event at Trinity orphanage merces. This endeavor was aimed at contributing to the educational well-being of the children under your care by providing them with essential stationery items. The notebook donation event unfolded seamlessly at Trinity Orphanage as scheduled. Our team, accompanied by dedicated volunteers, arrived at the premises to facilitate the donation process. The primary objective was to support the educational aspirations of the children and ensure they have access to fundamental learning resources. A total of 300 high-quality notebooks were graciously donated during the event. These notebooks were carefully selected to meet the academic requirements of different age groups, emphasizing durability and usability for an extended period.

We extend our heartfelt gratitude to Trinity Orphanage for warmly welcoming us and providing the opportunity to contribute to the educational welfare of the children. The dedication and commitment of the orphanage staff were evident throughout the event, and we commend their efforts in creating a nurturing environment for the children.

Thank you.

Dr. Pradip Gulbhile,
Programme Officer,
NSS.

Subject: Report on SBI- Customer Vigilance Day, 17 October 2019

Respected Sir,

Bank frauds, online frauds, ATM misuses, Online banking etc is a common word and possible threat today. To address this issue NSS Committee invited Ms. Namrata Kulkarni, Branch Manager, State Bank of India, Ambadi Road Branch, Vasai, She along with her officers Ms. Yogita and Mr. Dilip Mhatre visited the campus and conducted a session with VCET staff members. The said event took place on 17 October 2019 at 4 pm in seminar hall ground floor. Around 80 faculty members along with yourself, Dean sir attended the seminar. Everybody liked the presentation of Namrata madam and become conscious about the bank transactions.

It is an indeed a great effort from organisations like SBI to spread awareness about digital transactions and frauds.

Thank you.

Subject: Report on Cultural Festival during ZEAL.

Respected Sir,

We are pleased to present a report on the Cultural Festival organized by the NSS Committee as part of the larger student council-organized event, Zeal. The festival, within the framework of Zeal, aimed to provide a snapshot of the rich and diverse Maharashtrian culture, showcasing traditional arts, performances, and customs. The Cultural Festival, an integral part of Zeal, unfolded as a collaboration between the NSS Committee and the student council. Our specific focus was to depict and celebrate the cultural heritage of Maharashtra, creating an immersive experience for participants.

We extend our sincere appreciation to the student council for their collaboration and support in integrating the NSS Cultural Festival within Zeal. The success of the event was a testament to the collective effort and commitment to celebrating diversity and heritage.

Thank you.

Dr. Pradip Gulbhile,
Programme Officer,
NSS.

Subject: Report on Beach Cleaning on 29th August 2019.

Respected Sir,

This is the era where purity of Oceans is degrading due to enormous pollutants which are being dumped in it by citizens. On 29th August 2019, the NSS Wing of Vidyavardhini's College of Engineering and Technology, Vasai associated with Green Life Foundation and carried out an event named "BEACH CLEANING" under the guidance of Prof. Chandan Kolvankar,, Prof. Vishal Pande and myself.

The event was held at Rajodi Beach, Nalasopara. It was successfully carried out by the students. Total area cleaned was 400mtrs. The before and after picture is awestruck!

The feeling of cleaning the beach made everyone to pledge not to litter around and not let others do either! Leading an initiative to a clean and beautiful city around.

Dr. Pradip Gulbhile,
Programme Officer,
NSS.

Subject: Rally for save girl child Village, Kelthan

Respected Sir,

NSS VCET organized an NSS Residential Camp from February 26th, 2024, to March 1st, 2024. A rally for Save Girl Child was conducted on the first day of the NSS Residential Camp. The rally was conducted by the NSS volunteers across Kelthan village on the topic "Save girl Child". Various slogans like "Beti Bachao Beti Padhao", "Mulgi Shikli Pragati Zhali",

"Beti ko Adhikar do, Bete jaisa pyaar do" were called out along the way. Attractive banners and posters were used to grab the attention of Villagers.

People of the village showed active participation for the rally.

Thank you.

Subject: Report on Talent Hunt for students Village, Kelthan

Respected Sir,

NSS VCET organized an NSS Residential Camp from February 26th, 2024, to March 1st, 2024. A Talent Hunt for students was conducted on the third day of the NSS Residential Camp. This event took place at Kelthan Gram Panchayat, showcasing the diverse talents of school students. The Talent Hunt was a highlight of our 7-day NSS Residential Camp, designed to not only engage participants in a creative and enjoyable activity but also to discover and celebrate the unique talents within the school student community. The event aimed to foster a sense of camaraderie and cultural exchange among the participants. Participants were given the opportunity to showcase their talents in various categories, including but not limited to singing, dancing, poetry recitation, skits, and instrumental performances.

The event concluded with the announcement of winners in each talent category. Prizes and certificates were awarded to the outstanding performers, acknowledging their dedication and skill. The recognition served to motivate and inspire other participants to continue honing their talents.

Thank You.

Subject: Report on Carrer guidance to secondary school Village, Kelthan

Respected Sir,

NSS VCET organized an NSS Residential Camp from February 26th, 2024, to March 1st, 2024. A seminar on Carrer guidance to secondary school was conducted on the fourth day of the NSS Residential Camp.

Volunteers gave them an overview of all the career options available after the SSC, also imparting to them the importance of a well established career and its advantages and how it will turn out to be helpful for them. They were also given extra knowledge about civil service exams when they told the volunteers about their keen interest in entering the army, navy, airforce and also of becoming future officers and serving the nation. They were thoroughly encouraged about achieving the career option in whatever field they aspire.

Vocational courses and extracurricular options were also explained with the same excitement.

Thank you.

N.S.S. Committee (2019-20)

Date - 29th Feb, 2020

To,

The Principal

VCET

Subject: Report on Water Quality Survey Village, Kelthan

Respected Sir,

NSS VCET organized an NSS Residential Camp from February 26th, 2024, to March 1st, 2024.

A water quality survey was conducted on the fourth day of the NSS Residential Camp in Kelthan village.

NSS volunteers were divided into 3 groups. 200 water samples were collected from various places throughout the village to check the quality of water utilized by people.

The objective of this event is to check the drinking water quality of the village. All the participants worked hard to collect samples across the village.

Thank you.

Dr. Pradip Gulbhile,

Programme Officer,

NSS

gdy

Joly

Report on Water Quality Testing of Kelthan Village, Wajreshwari

A Residential Camp of 07 days from 25/02/2020 to 02/03/2020 was arranged by NSS group of Vidyavardhini's College of Engineering and Technology, Vasai at Saibaba Temple, Shree Eshwardham Trust, village- Kelthan near Wajreshwari. Along with the Programme Officer, Dr. Pradip Gulbhile, 36 students and few faculty members were part of this Camp.

In view of Development of the village, water samples from village were collected on 01/03/2020 for testing their quality. The different sources from which water samples were collected were Tap water, Bore well, Well and Hand Pump and these samples were tested in Environmental Engineering Laboratory of the College. The samples were tested by the students of T.E. Civil namely Rishabh Sharma, Dhammadip Kamble, Prem Khanderao and Aniket Agavane under the guidance of Staff and Lab Incharge Asst.Prof. Puja Kadam.

The Observations and Conclusions made on testing of Water Samples are as follows:

1. Determination of pH of water sample:

a. Tap water

Sr. No.	Temperature	P
1	28°C	8.7
2	28°C	8.6
3	28°C	8.5

The average Ph of Tap water Sample is 8.60

b. Well

Sr. No.	Temperature	pH
1	28°C	8.46
2	28°C	8.31
3	28°C	8.27
4	28°C	8.46
5	28°C	8.46

The average Ph of Well water Sample is 8.39

c. Bore Well

Sr. No.	Temperature	pH
1	28°C	8.55
2	28°C	8.72
3	28°C	8.62
4	28°C	8.50
5	28°C	8.56

The average Ph of Bore Well water Sample is 8.59

d. Hand Pump

Sr. No.	Temperature	Ph
1	28°C	8.79
2	28°C	8.54
3	28°C	8.33
4	28°C	8.98
5	28°C	8.56

The average Ph of Hand Pump water Sample is 8.64

2. Determination of Dissolved Oxygen (D.O.) of Water Sample:

a. Tap water

Sr. No.	Temperature	D.O. (mg/l)
1	28°C	6
2	28°C	5.4
3	28°C	5.6

The average D.O. of Tap water Sample is 5.67mg/l

b. Well

Sr. No.	Temperature	D.O. (mg/l)
1	28°C	8.4
2	28°C	7.7

3	28°C	6.6
4	28°C	6.4
5	28°C	8.4

The average D.O. of Well water Sample is 7.5 mg/l

c. Bore Well

Sr. No.	Temperature	D.O. (mg/l)
1	28°C	3.0
2	28°C	3.8
3	28°C	4.2
4	28°C	3.3
5	28°C	3.6

The average D.O. of Bore Well water Sample is 3.58 mg/l

d. Hand Pump

Sr. No.	Temperature	D.O. (mg/l)
1	28°C	5.8
2	28°C	4.4
3	28°C	5.1
4	28°C	6.1
5	28°C	4.2

The average D.O. of Hand Pump water Sample is 5.12 mg/l

3. Determination of Turbidity of Water Sample:

Turbidity is a measure of the degree to which the water loses its transparency due to the presence of suspended particulate matter.

a. Tap Water

Sr. No.	Turbidity (NTU)
1	8
2	11
3	10

The average Turbidity of Tap Water water Sample is 9.6 NTU

b. Well

Sr. No.	Turbidity (NTU)
1	16
2	10
3	14
4	15
5	15

The average Turbidity of Well Water water Sample is 14 NTU

c. Bore Well

Sr. No.	Turbidity (NTU)
---------	------------------

1		12
2		11
3		11
4		11
5		11

The average Turbidity of Bore Well Water Sample is 11.2 NTU

d. Hand Pump

Sr. No.	Turbidity (NTU)
1	10
2	12
3	13
4	15
5	11

The average Turbidity of Tap Water Sample is 12.2 NTU

4. **Determination of Hardness of Water Sample:**

a. Tap Water

Sr. No.	Volume of Sample (ml)	Burette Reading (ml)		Volume of EDTA (ml)
		Initial	Final	
1	20	1	4.5	3.5
2	20	4.5	8.5	4
3	20	8.5	11.5	3
4	20	11.5	15.4	3.9
Average Volume of EDTA used				3.6

Calculation:

Normality of EDTA = $N = 0.02\text{ N}$

Equivalent weight of $\text{CaCO}_3 = 50$

Volume of Sample Taken = 20 ml

Volume of EDTA used = 3.6 ml

Total Hardness in mg/l of CaCO_3 = $\left[\frac{\text{Volume of EDTA used} \times N \times 50}{\text{Volume of Sample taken}} \right] \times 1000$

$$= \left[\frac{3.6 \times 0.02 \times 50}{20} \right] \times 1000$$

$$= 180\text{ mg/l}$$

b. Well

Sr. No.	Volume of Sample (ml)	Burette Reading (ml)		Volume of EDTA (ml)
		Initial	Final	
1	20	15.4	18.5	3.1
2	20	21.5	26.8	5.3
3	20	26.8	31.5	4.7
4	20	31.5	35.4	3.9
5	20	35.4	39.2	3.8
Average Volume of EDTA used				4.16

Calculation:

Normality of EDTA = N= 0.02 N

Equivalent weight of $\text{CaCO}_3 = 50$

Volume of Sample Taken = 20ml

Volume of EDTA used= 4.16 ml

Total Hardness in mg/l of CaCO_3 = [(Volume of EDTA used X N X 50) / (Volume of Sample taken)] X 1000

$$= [(4.16 \times 0.02 \times 50) / 20] \times 1000$$

$$= 208 \text{ mg/l}$$

c. Bore Well

Sr. No.	Volume of Sample (ml)	Burette Reading (ml)		Volume of EDTA (ml)
		Initial	Final	
1	20	39.2	42.5	3.3
2	20	42.5	46.6	4.1
3	20	1	5.5	4.5
4	20	9.5	12.4	2.9
5	20	12.4	16.2	3.8
Average Volume of EDTA used				3.72

Calculation:

Normality of EDTA = N= 0.02 N

Equivalent weight of $\text{CaCO}_3 = 50$

Volume of Sample Taken = 20ml

Volume of EDTA used= 3.72 ml

Total Hardness in mg/l of CaCO₃ = [(Volume of EDTA used X N X 50) / (Volume of Sample taken)] X 1000

$$= [(3.72 \times 0.02 \times 50) / 20] \times 1000$$

$$= 186 \text{ mg/l}$$

d. Hand Pump

Sr. No.	Volume of Sample (ml)	Burette Reading (ml)		Volume of EDTA (ml)
		Initial	Final	
1	20	16.2	20	3.8
2	20	20	22.5	2.5
3	20	22.5	26.1	3.6
4	20	31.1	35	3.9
5	20	35	38.8	3.8
Average Volume of EDTA used				3.52

Calculation:

Normality of EDTA = N= 0.02 N

Equivalent weight of CaCO₃ = 50

Volume of Sample Taken = 20ml

Volume of EDTA used = 3.52 ml

Total Hardness in mg/l of CaCO₃ = [(Volume of EDTA used X N X 50) / (Volume of Sample taken)] X 1000

$$= [(3.52 \times 0.02 \times 50) / 20] \times 1000$$

$$= 176 \text{ mg/l}$$

5. **Determination of Chlorides in water sample:**

a. Tap Water

Sr. No.	Volume of Sample (ml)	Burette Reading (ml)		Volume of AgNO ₃ (ml)
		Initial	Final	
1	20	0.4	0.8	0.4
2	20	0.8	1.2	0.4
3	20	1.2	1.7	0.5
Blank	20	0	0.4	0.4
Average Volume of AgNO ₃ used				0.43

Calculation:

Normality of AgNO₃ = N = 0.0282 N

Equivalent weight of Chlorine = 35.45

Volume of Sample Taken = 20ml

Volume of AgNO₃ used = 0.43 ml

Chlorides in mg/l = [(Volume of AgNO₃ used X N X 35.45) / (Volume of Sample taken)]
X 1000

$$= [(0.43 \times 0.0282 \times 35.45) / 20] \times 1000$$

$$= 21.49 \text{ mg/l}$$

b. Well

Sr. No.	Volume of Sample (ml)	Burette Reading (ml)		Volume of AgNO ₃ (ml)
		Initial	Final	
1	20	1.7	2.5	0.8
2	20	2.5	3.5	1.0
3	20	3.5	3.7	0.2
4	20	3.7	4.3	0.6
5	20	4.3	5.4	1.1
Average Volume of AgNO ₃ used				0.74

Calculation:

Normality of $\text{AgNO}_3 = N = 0.0282 \text{ N}$

Equivalent weight of Chlorine = 35.45

Volume of Sample Taken = 20ml

Volume of AgNO_3 used = 0.74 ml

Chlorides in mg/l = [(Volume of AgNO_3 used X N X 35.45) / (Volume of Sample taken)]
X 1000

$$= [(0.74 \times 0.0282 \times 35.45) / 20] \times 1000$$

$$= 36.98 \text{ mg/l}$$

c. Bore Well

Sr. No.	Volume of Sample (ml)	Burette Reading (ml)		Volume of AgNO_3 (ml)
		Initial	Final	
1	20	5.4	7.2	1.8
2	20	7.2	8.3	1.1
3	20	8.3	9.1	0.8
4	20	9.1	9.7	0.6
5	20	9.7	12.5	2.8
Average Volume of AgNO_3 used				1.42

Calculation:

Normality of $\text{AgNO}_3 = N = 0.0282 \text{ N}$

Equivalent weight of Chlorine = 35.45

Volume of Sample Taken = 20ml

Volume of AgNO_3 used = 1.42 ml

Chlorides in mg/l = [(Volume of AgNO₃ used X N X 35.45) / (Volume of Sample taken)] X 1000

$$= [(1.42 \times 0.0282 \times 35.45) / 20] \times 1000$$

$$= 70.97 \text{ mg/l}$$

d. Hand Pump

Sr. No.	Volume of Sample (ml)	Burette Reading (ml)		Volume of AgNO ₃ (ml)
		Initial	Final	
1	20	12.5	14.9	2.4
2	20	14.9	17.1	2.2
3	20	17.1	17.9	0.8
4	20	17.9	18.8	0.9
5	20	18.8	19.4	0.6
Average Volume of AgNO ₃ used				1.38

Calculation:

Normality of AgNO₃ = N= 0.0282 N

Equivalent weight of Chlorine = 35.45

Volume of Sample Taken = 20ml

Volume of AgNO₃ used= 1.38 ml

Chlorides in mg/l = [(Volume of AgNO₃ used X N X 35.45) / (Volume of Sample taken)] X 1000

$$= [(1.38 \times 0.0282 \times 35.45) / 20] \times 1000$$

$$= 68.97 \text{ mg/l}$$

Conclusion:

Characteristic	Types of Water Sample	B.I.S Limits for Drinking
----------------	-----------------------	---------------------------

Types of Water	Sources of Water				Water Quality Parameters	
	Tap Water	Well Water	Bore Well	Hand Pump	Requirement (Acceptable Limit)	Permissible limit in absence of Alternate Source
pH	8.60	8.39	8.59	8.64	6.5-8.5	No Relaxation
D.O. (mg/l)	5.67	7.5	3.58	5.12	> 5	-
Turbidity (N.T.U)	9.6	14	11.2	12.2	1	5
Hardness (mg/l)	180	208	186	176	200	600
Chlorides (mg/l)	21.49	36.98	70.9 7	68.97	250	1000

Classification of Water on the basis of Total Hardness

Total Hardness (mg/l)	Nature
0-60	Soft
61-120	Moderate
121-180	Hard
>181	Very Hard

Conclusion : From the above tables, it thus concludes :

- The tapwater and handpump water have pH on higher level on alkaline side and hence not safe for drinking in terms of pH

Vidya Vardhini's College of Engineering & Technology Department
of Civil Engineering

- D.O. Level of Borewell is very low and hence not safe for drinking in terms of D.O
- The turbidity of Well water, Bore Well and Hand pump water is very high and not safe for drinking in terms of turbidity
- The hardness of Tap water, Well water, Bore Well and Hand pump water is high and it indicates very hard water

Subject: Solar Ambassador workshop Village, Kelthan

Respected Sir,

NSS VCET organized an NSS Residential Camp from February 26th, 2024, to March 1st, 2024. A Solar Ambassador workshop was conducted on the fifth day of the NSS Residential Camp.

NSS volunteers helped Mr. Swapnil Mane and Mr. Palve to conduct a Solar Ambassador Program for the villagers the Chief Guest of honour of the event were Mr. Yashwant Kangane, along with Mr. Ajay Raut and the Sarpanch and UpaSarpanch of the village and a few villagers. The purpose of this event was to introduce the concept of Solar Energy and its applications. The architecture and the making of a Solar plant were explained by Prof. Swapnil Mane. The crowd was further given information on how to invent new solar devices. The aim of the event was met by showing them an example on effectively cooking maggi in a solar cooker of capacity 3.5 liters.

Thank you.

Subject: Report on Yoga day, 21st June 2020.

Respected Sir,

The Nss Committee at Vidyavardhini College of Engineering and Technology orchestrated a virtual yoga workshop on June 21, 2020, utilizing Google Meet at 7 am, given the prevailing pandemic circumstances. Attended by both students and faculty, the workshop commenced with the recitation of the Gayatri Mantra, followed by a dedicated yoga session. The activities encompassed warm-ups, stretching exercises, Padmasana, Sukhasan, and Shavasana. Additionally, specific exercises targeting stress relief, reduction of joint pain, and enhancement of back flexibility were incorporated for the overall well-being of the participants.

Active participation from students was observed as they engaged in the session, demonstrating various asanas and leading chants such as Omkar. The instructor underscored the importance of integrating yoga into daily routines, portraying it as a valuable gift from India's ancient tradition. Beyond physical exercise, the instructor emphasized that yoga extends to the discovery of unity within oneself, the world, and nature. The workshop concluded with an interactive segment, addressing student inquiries and providing valuable insights.

The event was not only refreshing and relaxing but also witnessed a substantial turnout. The commitment exhibited by both students and faculty underscored the positive impact of incorporating yoga into daily life, fostering a holistic approach to well-being on the campus. The instructor's focus on the spiritual dimensions of yoga and the interactive nature of the session added depth to the participants' experience. In summary, the workshop played a pivotal role in cultivating a positive and health-conscious campus culture.

Thank You.

STUDENTS' COUNCIL

ZEAL 2019-A COMIC FIESTA

A great honour is bestowed upon me while penning down the efficacious journey of the Student's Council for year 2018-19. The Student's Council has clung to its primal aim of bringing out the competencies of students and nurturing them towards full development by exploring the creative and management sides where they garner extra curricular knowledge. Like every year Student's Council welcome FE with Orientation programme and Fresher's Party. In the Even semester the everlasting the gran of Zeal was persistently celebrated.

Like every year we moving one step ahead. So for the first time we conducted an open inauguration for Zeal 2019 which was graced by the presence of multi industry actor Mr. Sayaji shinde. The comic world has lost a hero Stan Lee but he has given this world many heroes who have taught us heroism, equality and strength. Thus to celebrate heroism Zeal 2019 was decorated by the theme Zeal 2019-A Comic Fiesta. Along with several events hosted every year, this year we cam up with Natyamay which was graced by the Mr. Sunil Tawde as a judge. We also had comic strip and the ever grand BeatBoxing continuing last year's legacy We invited world rank 45 female South African DJ Candice Redding as headliner of the event along with co-headliner Mohit Bhatia.

Lastly I would congratulate our General Secretaries Ashutosh Lopes and Vrishali Patil ,the entire Student's Council and Zeal working committee and hope for a marvellous Zeal new year

Prof. Sunil Katkar
Student's Council Incharge

Glimpses of an Event

AVAHAN 18-19

Sports play an important aspect in every student's life and this year was no different. A plethora of exciting talents participated in various sports and turned out to be very successful in their fields. Presenting you is the annual sports report for 2018-19.

The Sports Committee of VCET organized its annual Sports Fest AVAHAN , a 16 day long Inter and Intra college event. The event witnessed high participation from various colleges all over Mumbai , Thane and Palghar. Kabaddi was organized on mat second times and the response was charming. Boys and Girls both participated in the event with complete enthusiasm and played within the spirit of the game. Providing opportunities to women as our main motto. Kho-kho is also one of the highlighted event since it involved participation from all the colleges.

Events such as Volleyball, Football, Box cricket, Badminton, Chess, Carrom and Table Tennis also had great impact in success of AVAHAN-2019. The highlighted event of this year's sports fest was the introduction of three new events, Basketball, Tug of war and Dead lift. These events attracted participants in large numbers and on of the most successful event of AVAHAN-19. The Chief guest for the event of Dead lift was former Mr. World Nizar Dawoodani, Yunus I. Shaikh and Rutuja Hegshetye. The participation and involvement along with hard work put in by the Sports Committee is highly appreciable.

I would like to deeply thank our Management , Principal Dr. Harish Vankudre and all other staff members for their sincere efforts and support in all sports activities throughout year.

Mr. Vishal Pande

Subject:- Report on Event "Inter-College Faceoff".

REPORT

Magazine Committee of Vidyavardhini's College of Engineering and Technology, Vasai organized the "Inter-College Faceoff" which for the first time in its history achieved an important milestone by raising the event to a new height by organizing on an intercollegiate level at Ground Floor Seminar Hall from 12:30 pm onwards. To give an opportunity to the student to put forth their views, and their ideas on the topic. The Faceoff proves to be an ideal event. Nine teams from across Mumbai compete to get their hands on winning it. All teams displayed excellent argument and oratorical skills. The excitement about the event was evident from the jam-packed seminar hall and timely applause.

The topics for the debate were assigned to every group based on the current scenario. The participants had to contend with tough questions, however they remained composed and delivered their arguments with confidence. The teams that were selected for the next round were given new topics on the spot. After a rigorous selection process, the top two teams advanced to the final round. The team who won the debate in the last round was awarded with certificates and prize money.

Our Esteemed judges were impressed with the team's well-structured arguments in the debate and they gave their valuable feedback at the end. This event not only helped participants to boost their confidence but also provided them with an opportunity to express

their opinions. At last, this event was a success and all the participants were praised for their hard work and dedication. The entire Magazine Committee members gave their valiant efforts to make this event a grand success.

REPORT

Magazine Committee of Vidyavardhini's College of Engineering and Technology, Vasai organized the "Inter-Department Faceoff" which marked its 7th year this time in the form of Faceoff 7.0, to give an opportunity to the student to put forth their views, and their ideas on the topic. This event was interdepartmental which consisted of three rounds. Many students from all departments enthusiastically participated in the event.

Departmentwise, there are around 8 teams formed and competing in the event to get their hands on the prestigious "Padmashri Bhausaheb Vartak Memorial Trophy". The topics for the debate were assigned to every group based on the current scenario. The participants had to contend with tough questions, however they remained composed and delivered their arguments with confidence.

The teams that were selected for the next round were given new topics on the spot. After a rigorous selection process, the top two teams advanced to the final round. The Computer department team who won the debate in the last round was awarded with certificates and prize money.

Our Esteemed judges were impressed with the team's well-structured arguments in the debate and they gave their valuable feedback at the end. This event not only helped participants to boost their confidence but also provided them with an opportunity to express their opinions. Annual Donation Camp – A Chance To Illuminate Others Life With Happiness

To,
The Principal,
VCET.

Subject: Permission to conduct Mega Donation Camp.

Respected sir,

Moving forward with its noble cause of helping the needy, Udaan committee is willing to conduct Mega Donation Camp in our college beginning from 1st April, 2019. We will also be requiring the foyer to collect the donations from the students and the staff members.

Please do grant us the permission at the earliest.

Thanking you.

Yours sincerely,

Dr. H.V. Vankudre

Subject : MEGA DONATION CAMPAIGN-GIVING IS GREATEST ACT OF GRACE

Dear Sir ,

Mega donation campaign-one of the biggest event organised by Udaan Committee of Vidhyavardhini's college of Engineering and Technology.

This event takes place every year in our college with great enthusiasm.The MEGA DONATION CAMPAIGN was held from 1st April 2019 to 15 April 2019. The collected items , clothes, goods were donated to Narayan Chandra Trust in Virar.

With the idea "Small Acts, when multiplied by Milions of people,can transform the word!!",all the college students actively participated and willingly helped by donating their stuff .The foyer area was used for collection of donation.The timings to submit the donation was throughout the day i.e 9am - 5pm full day.

Mainly five types of donations were taken.They are-Clothe(any size),Books,Food(packed good,groceries,daal,rice ,biscuits,etc), Stationary(all kinds) and toys.Boxes of each type were arranged to collect the stuff.Few big donations such as 20kg rice,dal ,biscuits ,books were also made by many classes individually.Any help or donation no matter how small ,was deeply appreciated and much needed. Where there is charity and wisdom,there is neither fear nor ignorance . Udaan members also took great efforts to handle the camp.

The camp ended successfully with huge contribution of Food,Clothes ,Stationary,Books etc. The donations were later disturbed among the poor,and orphanage and old age centers. The camp clearly flourished the idea of humanity and spreading happiness. The moments were captured as memories to be remembered and cherished forever.

Thank You

DR.Pradip Gulbhile

Subject : Career Guidance Seminar at Karmaveer Bhaurao Patil Vidyalaya (Juchandra)

Dear Sir,

The Udaan Committee of Vidyavardhini's College of Engineering and Technology (Vasai) paid a visit to Karmaveer Bhaurao Patil Vidyalaya (Juchandra) on 8th September, 2018 to guide the students of standard 10th for their career development. The entire activity was conducted under the guidance and supervision of faculty incharge Prof. Pradip Gulbhile and the president of Udaan committee Miss. Anagha Pasalkar.

All the members of Udaan Committee reported the school at 9:00 am and the career guidance seminar was conducted from 10:00 am onwards. The students were made aware of all the streams and different career options in each stream. More emphasis was given on the entrance examinations to get into the professional courses thereafter. Also, they were told about personality development and its importance. Different professional courses were explained in detail. The students listened very carefully with enthusiasm. To make the situation lighter, games were played and chocolates were distributed.

The enlightened students gave a warm send-off to the Udaan Committee at the end of the session. The entire group left the school premises with great satisfaction and a wonderful experience.

Thank you

Dr. Pradip Gulbhile

Sub: Thank You for conducting a Blood Donation Camp!

Dear Sir,

We are grateful to Mr.Pradip Gulbhile sir for conducting a Blood Donation Drive at Vartek Engg College,Vasai MUMBAI.on 02^{sd} APRIL.2019. (175) volunteers donated blood to save precious lives.

We take this opportunity to thank all the blood donors for their noble gesture.

The arrangements during the drive were excellent, & your team member received our blood bank staff very courteously. Every member of your team deserves appreciation for the sincerity and commitment towards making the Blood Donation camp successful.

We consider it a privilege to have associated with You and respected you for being a true cooperate citizen. Kindly revert back for any quires or suggestions to improve the arrangements during the Blood donation drive.

Looking forward for next meeting

Thanking you,

Subject : Report on Blood Donation Camp – A Contribution To Save Lives

Dear Sir ,

A Blood Donation Camp was organised by the Udaan Committee of Vidhyavardhini's College Of Engineering and Technology in association with Lions Club of Vasai Unique on 2nd April 2019 in room no 501 of the college.

The camp was inaugurated by Mr.Ajay Bhise , (PRO) Sir J.J.Mhanagar Rakthpedhi, the faculty Incharge- Prof. Pradip Gulbhile and the President of Udaan – Mohammad Pirkhan along with the esteemed personalities of the Lions Club. The camp was started by 10:00 am. The joy and the will, to donate blood magnetically attracted tremendous students as well as the faculty members to give their contribution in expanding the horizons of helping the needy. The list of donors soon crossed the count of 100. The zeal and endeavours of all the volunteers was worth observing and acknowledging. The registration desk helped the donors to take their first step by helping them with the forms and precautions.

The organising team took similar great efforts to handle and assist the team of Doctors. The refreshment team took utmost care of providing the donors with healthy snacks and juices. The donors were awarded by certificate for their noble deed. All the volunteers and donors along with the members of UDAAN and LIONS CLUB transformed the camp into a successful, grand and memorable event.

The camp ended successfully with total **175** bottles of blood donated .The Blood bank Sir J.J.Mahanagar Rakthpedhi , government of Maharashtra , collected the blood units The camp clearly flourished the idea of humanity and spreading happiness. The moments were captured as memories to be remembered and cherished forever.

Thank you

DR.Pradip Gulbhile

To ,

The Principal

VCET

Subject : Yoga Day Celebration 21 June 2018

Dear Sir ,

Yoga Day Celebration on 21 June 2018 is one of the major event organised by Udaan Committee of Vidhyavardhini's college of Engineering and Technology.

This event takes place every year in our college with great enthusiasm. Shri Ambika Yog Kutir ,Vasai Gaon Shakha , office bearers visit to college and conduct Yoga Activities. Most of the faculty members , Non teaching Staff ,Administrative office staff approximately 50 , participated in the event and energise themselves. Udaan student members also took great efforts to handle the entire event and students do participate in it.

Thank You .

Dr.Pradip Gulbhile

Faculty Incharge
